

## SECTION 4 - CIRCUIT DESCRIPTION (CONT.)

<u>Paragraph</u>	<u>Page</u>
4.2. ELECTRICAL DESCRIPTION . . . . .	4-3
4.2.1. General . . . . .	4-3
4.2.2. Radio Frequency Amplification . . . . .	4-3
4.2.3. Mixer Stages . . . . .	4-5
4.2.4. High Frequency Oscillator . . . . .	4-5
4.2.5. Variable Intermediate Frequency . . . . .	4-7
4.2.6. Variable Frequency Oscillator . . . . .	4-7
4.2.7. Crystal Filter . . . . .	4-7
4.2.8. Second Intermediate Frequency . . . . .	4-9
4.2.9. Detector . . . . .	4-9
4.2.10. Noise Limiter . . . . .	4-9
4.2.11. Automatic Volume Control . . . . .	4-11
4.2.12. Audio Amplifier . . . . .	4-11
4.2.13. 50 Ohm I-F Output . . . . .	4-11
4.2.14. 100 KC Calibrator . . . . .	4-11
4.2.15. Power Supply . . . . .	4-12
4.2.16. Beat Frequency Oscillator . . . . .	4-12
4.2.17. Mechanical Filter . . . . .	4-12

## SECTION 5 - MAINTENANCE

5.1. INSPECTION . . . . .	5-1
5.1.1. General . . . . .	5-1
5.1.2. Routine Inspection . . . . .	5-1
5.1.3. Cleaning . . . . .	5-1
5.1.4. Vacuum Tubes . . . . .	5-1
5.1.5. Tube Replacement Precautions . . . . .	5-1
5.1.6. Tube Table . . . . .	5-1
5.2. TROUBLE SHOOTING . . . . .	5-2
5.2.1. General . . . . .	5-2
5.2.2. Fuses . . . . .	5-2
5.3. ALIGNMENT . . . . .	5-2
5.3.1. General . . . . .	5-2
5.3.2. Equipment and Tools Used for Alignment . . . . .	5-2
5.3.3. Crystal Oscillator Trimmer Adjustment . . . . .	5-2
5.3.4. 100 KC Oscillator Alignment . . . . .	5-3
5.3.5. Fixed 500 KC I-F Amplifier Alignment . . . . .	5-3
5.3.6. Alternate BFO Alignment Method . . . . .	5-5
5.3.7. 500 KC I-F Performance Measurements . . . . .	5-5
5.3.8. Alignment of Dials with VFO . . . . .	5-6
5.3.9. Variable I-F Alignment and RF Alignment Band 2 . . . . .	5-9
5.3.10. Variable I-F Alignment and RF Alignment Band 3 . . . . .	5-9
5.3.11. RF Alignment Bands 4-7 . . . . .	5-10
5.3.12. RF Alignment Bands 8-15 . . . . .	5-10
5.3.13. RF Alignment Bands 16-30 . . . . .	5-10
5.3.14. RF Alignment Band 1 . . . . .	5-10
5.3.15. VFO Alignment . . . . .	5-10
5.3.16. Adjustment of L-124 . . . . .	5-12
5.3.17. Intermediate Amplifier Gain Adjustment . . . . .	5-12
