### The Selection and Preparation of The Victim

A. Selection Based on Genetics and Disassociative Abilities

B. Availability

C. Mental and Physical Features

One of the primary reasons that the Monarch mind-control programming was named Monarch programming was because of the Monarch butterfly. The Monarch butterfly learns where it was born (its roots) and it passes this knowledge via genetics on to its offspring (from generation to generation). This was one of the key animals that tipped scientists off, that knowledge can be passed genetically.

The Monarch program is based upon Illuminati and Nazi goals to create a Master race in part through genetics. If knowledge can be passed genetically (which it is), then it is important that parents be found that can pass the correct knowledge onto those victims selected for the Monarch mind-control.

The primary important factor for the trauma-based mind-control is the ability to disassociate. It was discovered that this ability is passed genetically from generation to generation. American Indian tribes (who had traumatic ritual dances and who would wait motionless for hours when hunting), children of Fakirs in India (who would sleep on a bed of nails or walk on hot coals), children of Yogis (those skilled in Yoga, who would have total control over their body in trance), Tibetan buddhists, children of Vodoun, Bizango and other groups have a good ability to disassociate.

The children of multigenerational abuse are also good at dissociation. The Illuminati families and European occultists went to India, and Tibet to study occultism and eastern philosophy. These Europeans learned yoga, tantric yoga, meditations, and trances and other methods to disassociate. These skills are passed on to their children via genetics. A test is run when the children are about 18 months old to determine if they can dissociate enough to be selected for programming or not.

Mind-controlled slaves are created for different purposes, hierarchy or non-hierarchy purposes. The Illuminati create mind-controlled slaves who are to function within the Illuminati hierarchy. These slaves will usually have their genealogies hidden, and will be created to have excellent cover lives to insure that they are not detected. They will be given multifunctional programming, and will usually be used to help program other slaves. The abuse will not be as physically visible as it will be on the bodies of slaves who are not born to be part of the Illuminati elite.

Members of Moriah's (Moriah = the Illuminati) Luciferian elite will have undergone as much trauma as other slaves, however the torture scars and the control are better concealed. These children will often receive lavish experiences as well as talks to convince them that they are part of the elite. (By the way, body scars will show up better under black light, that is the same black light as used in clubs).

The Illuminati and other organizations have also programmed individuals who are simply expendable. These are sex slaves who are used up and killed very early in life, one-time use saboteurs, breeders, soldiers, drug couriers and so forth. The bodies of these people will often show visible torture scars. The expendable are the children of parents who were blackmailed into turning their children over to the CIA. This is all hidden by the power of the National Security Act. These are children, who have been sold by pedophile fathers, or pornographic parents. The programmers/masters program them with the expectation that they will be "thrown from the freedom train" when they get to age 30. (Freedom Train is the code word for the Monarch trauma-based mind-control. To be thrown from the Freedom Train means to be killed).

The CIA and the Illuminati are skilled at blackmailing parents to give up their children. They would watch the mail for porn. Pedophile and murderers who abuse their children are warned that they will go to prison for long lengths of time if they do not cooperate by selling their children into mind-controlled slavery. In return for the parent's cooperation, they provide rich financial rewards to the parent(s). It's clearly a case of "if you don't cooperate you lose in life big time, if you do cooperate you win big time."

Ministers are often set up with Betas (a sexual model) who then blackmail them. The ministers do not want to lose their status and profession via scandals, so they agree to turn their children over when young to the CIA to work with. The Illuminati like to blackmail these ministers when they are finished with their Seminary schooling and committed to the ministry at about 33 years of age. The idea of having nothing to fall back on after they have committed their entire life to one profession is too much for these weak willed men, and they buckle under the threats. If they don't buckle under, the resulting consequences will remove them from ministry.

The type of father who is most preferred by the Programmers to offer up their children for programming is the pedophile. If a father will abuse his own little baby girl, then the Programmers know that the man has no conscience. This father's involvement in criminal activity (and thereby his vulnerability) can be continually increased. They want men who they believe will not develop any qualms later on in life about what they have done. A man, who waits until his daughter is a teenager to molest her, is usually esteemed to have too much conscience for the programmers.

A big distinction must be made between hierarchy Monarch slaves, and non-hierarchy Monarch slaves. The reason there is such a big distinction is that they are not programmed the same way. Since this book is giving the recipe for how to create a Monarch slave, we will have to cover the distinction between slaves within the Illuminati and those slaves who function outside of the Illuminati hierarchy. It is important to stress that the label "Monarch" is used in this book in a generic sense for the modern trauma-based total mind-control that is taking place. Whether an Illuminati mind-controlled slave is technically in the Monarch records or out of the actual Monarch Program data files kept on computer is merely a technicality.

In my (Fritz's) other writings, I explain about how the Illuminati created the CIA. I know that some of its directors were members of the Illuminati and I strongly suspect that the other CIA directors were probably full-fledged members too. The two organizations need each other. If the CIA didn't have the international backing of the movers and shakers of the world, it would have been exposed and done away with. Likewise, the Illuminati, because it is so secret, needs organizations through which it can work. The CIA is a front for the Illuminati, and the CIA in turn sets up fronts.

Some of those fronts, are elaborate well-staffed, well-equipped programming sites, (such as many of the state mental hospitals, McGill Psychiatric Training Network consisting of

8 Montreal hospitals esp. St. Mary's, NASA in Huntsville, AL; the Presideo, CA; and NOTS at China Lake, CA, to name a few. For a more complete list see Appendix B.) The Illuminati couldn't do it alone without its fronts.

Satanists within the Network & the CIA took over Boy's Town, NE in the early 1950s, & used that famous orphanage for a constant supply of boys for programming. Boy's Town is perhaps the most famous, but there are whole long list of others.

When the Monarch Programming started, the top men were Illuminati. Originally, Joseph Mengele was the lead programmer. He had already achieved the rank of Grand Master (later Ipssimus) within the Illuminati. He had become skilled in music, in Kabbalistic Magic, in dancing, in abortions, and in torture (by the way, Mengele had a sadistic mother) and programming children. Many of the concentration camp children that Mengele programmed still survive and still love him to this day as "Daddy".

Mengele disappeared from Auschwitz in Jan. 1945, several months before the final chaos began in the Third Reich. He disappeared so the Illuminati could smuggle him to the U.S., so that his exceptional knowledge of programming--honed and fined tuned on thousands of concentration camp child victims could be put to use on a grande scale in the U.S. He travelled worldwide but especially in western U.S. doing his programming accompanied by his pair of two black servants.

American Monarch survivors remember his spotless German uniform, his shiny boots which he wore during programming, his thick German accent, his handsome features, his cleft chin, the space in his front teeth, the way he would jab with his thumb while programming, as if he were still saying "links, rechts" to lines of jews coming into the concentration camps.

The reason Mengele was so excited to do the selection process of inmates coming into Auschwitz was that he was choosing inmates for his numerous mind-control trauma experiments. He was especially anxious to get identical twins, because his genetic research related to mind control needed persons of identical genetic makeup.

Traditionally, the Illuminati had been having their children inspected by a woman with the rank of Grande Mother. She would determine the fitness of the children and then present them for a formal acceptance ceremony at age 3 to the Grande Druid Council. This procedure didn't change when Mengele came over--the programming just jumped from being an occult science to one that had full access to the Medical, Psychiatric, Judicial, Scientific and Governmental sectors via the power of the National Security Act and the Intelligence agencies.

The Illuminati's programming of multiples prior to Mengele's arrival were simplistic, compared to the sophisticated techniques engineered by the Nazi Germans (whose Mind Control research included some non-German nationals such as some Italians).

Just as a victim who is killed by an 18th century musket is just as much victimized as someone killed by an M-16, so a victim of the pre-1946 programming was just as victimized as those programmed with more sophisticated techniques. For the Illuminati, the child's programming is planned by the Circle (another name for their organization) before it is born.

From the Illuminati's perspective their plans involve generational spirits and positions within the hierarchy. The child is conceived according to their rituals, and the steps that that child will go through follows a well-thought out detailed regimen for programming

it. In contrast, the children from foster homes, or pedophiles do not receive the same regimen.

Hierarchy slaves will in turn be used to program and train other hierarchy children, while CIA slaves and Mafia slaves and KKK slaves etc. will be discarded. This is why a Presidential Model is "thrown from the Freedom Train [the name of the Monarch Program in the Underworld]".

Women and men in the Illuminati will continue to help with the programming their entire lives.

The Illuminati is programming such vast numbers of children, they need everyone of their able members to help. Moriah's total membership worldwide numbers in the millions. The Illuminati regimen for their children is far more controlling than the CIA's programming. Not everyone in the Illuminati gets their mind-split and becomes a programmed multiple. However, everyone does get some type of mind-control.

Those who have been spared multiplicity still must participate in a two-week intense mind-control session that might be compared to the Army's Ranger school. Those who participate in this have learned obedience. Those who haven't learned obedience, are forced into ritual gladiator type duels or other punishments to eliminate them.

Finally, a traitor's death as pictured on one of the Tarot cards is waiting. Sharon Tate was left hanging in the No. 12 Tarot Card's "hangman position" from the house rafters.

The best therapists will quietly admit that traditional therapy is inadequate. Unless God intervenes, people who are born into the Illuminati don't escape it while alive. This book isn't a mere exercise of academic thinking, but is written with the assurance that freedom is possible, there are viable answers.

Some children live in foster homes, or with adopted parents, or in orphanages, or with caretakers and guardians. Because these children are at the mercy of the non-related adults, these types of children frequently are sold to become mind-controlled slaves of the intelligence agencies.

In review, remember that because many of these organizations are controlled by the Illuminati; an Illuminati slave may often work for one of these front groups, while the Illuminati maintain control over the base-program. The intelligence networks were started by and run by the Illuminati. They are Illuminati fronts.

The use of slaves crosses many organizational boundaries within the overall Network. If a slave is to be used as a Delta model (assassination), they may be selected for strength and dexterity. The Delta Force is the army's elite unit made up of Monarch slaves.

If they are to operate as a Beta model (sexual slave), they will be chosen if they can master technique. Occasionally they might in some circumstances be selected for how pretty the programmers expect the child to become. Some parents have produced good looking children and are actually sought-after to bear children to sell into the Mind Controlled Slavery "Freedom Train" System.

However, vastly more important for Beta Sex Slaves are their ability to be programmed to have charm, seductive skills, charisma, and creativity. Beauty is in the eye of the beholder, and the programmers can put almost any kind of body to use as a sex slave.

Almost any sex slave can fit somewhere into the script of the Illuminati/New World Order/crime syndicate "porn" movies. (I place porn in quotation marks--because what they call porn doesn't resemble what the public thinks of porn—we're not talking *Playboy* type porn, we're talking ghastly horrible atrocities that are as sick as anything done in the Nazi concentration camps). For instance, it takes little acting ability or beauty to have one's head chopped off while having sex.

There are different types of sexual slaves, but the Illuminati wants to get Beta alters which are sharp, talented, skilled, and resourceful. They will use these Beta alters, such as the Black Widow alters, for espionage and blackmail.

To make sure that the child's mind develops properly, the baby will be interacted with so that those areas of the brain that are important to develop will develop to the maximum. It is a well-known fact, that areas of the brain grow according to how much stimulation and use that area of the brain receives. For this reason, Grande Dames, who are involved in programming, will spend time drawing and showing faces to the child and seeing if the child can recognize identical faces. Almost any other item will be used, candy canes with stripes (match the candycanes with the same no. of stripes), trees, or pencils. The child must learn to match identical items very early--even before they can speak. This is so they will be able to build mirror images into their mind.

### **Science # 2**

#### **The Traumatization and Torture of The Victim**

The basis for the success of the Monarch mind-control programming is that different personalities or personality parts called alters can be created who do not know each other, but who can take the body at different times. The amnesia walls that are built by traumas, form a protective shield of secrecy that protects the abusers from being found out, and prevents the front personalities who hold the body much of the time to know how their System of alters is being used.

The shield of secrecy allows cult members to live and work around other people and remain totally undetected. The front alters can be wonderful Christians, and the deeper alters can be the worst type of Satanic monster imaginable--a Dr. Jekyll/Mr. Hyde effect. A great deal is at stake in maintaining the secrecy of the intelligence agency or the occult group which is controlling the slave. The success rate of this type of programming is high but when it fails, the failures are discarded through death.

Each trauma and torture serves a purpose. A great deal of experimentation and research went into finding out what can and can't be done. Charts were made showing how much torture a given body weight at a given age can handle without death. Now this is why the Nazis did all those strange concentration camp experiments, where they tested how quickly people would freeze or die from various traumas. It was for mind control!

The abusers are very specific and scientific in their torture. A lab technician with a clipboard walks around monitoring the ECG for the children when they receive their initial traumas. Heart monitors are closely watched. Still many children died from the programming. The programmers learned that when a child rolled up in a fetal position it had given up the will to live. They learned to time how fast this would occur to get an idea how far to push the child. Parents in eastern United States were taken to Harvard University for training to teach them how much trauma they could give their children at home before they would die. After the children got back from their initial programming they were to receive daily traumas to keep them dissociative.

#### **The Initial Splites and Initial Programming Done At China Lake, CA.**

The primary or initial torture for many children in western U.S. was done at China Lake which officially has gone under the designations Naval Ordnance Test Station (pronounced in short as NOTS), Naval Weapons Center, NWC, Ridgecrest (the town nearby), and Inyo-kern (the area). The address of Nimitz Hospital is the code "232 Naval Air Weapons Station". The base was set up to test "new weapons".

Evidently, the Navy decided that mind controlled people were an important weapon to test. Most of the "new weapons" created at China Lake were for the most part human robots turned out in large numbers. The Monarch Mind Control was carried out in large airplane hangers on the base which have been able to house thousands of tiny cages just large enough for human babies. Lots of 1,000 babies was a small batch.

According to people who worked in the hangers helping program, many batches were 2,000 or 3,000 babies. Many survivors remember the thousands of cages housing little

children from ceiling to floor. The cages were hot wired (electrified on the ceiling, bottom and sides) so that the children who are locked inside can receive horrific electric shocks to their bodies to groom their minds to split into multiple personalities. These cages are called Woodpecker Grids.

The victim sees a flash of light when high D.C. voltage is applied. Later, this flash of light is used with hypnotic induction to make the person think they are going into another dimension when they are blasted "with high voltage. In the Peter Pan programming, the Programmers tell the slaves that this is riding the light."

One of the popular traumas after the small child has endured the Woodpecker Grid cages for days is to rape it. The rape is intentionally brutal so that it will be as traumatic as possible. Many of the technical people on the base are civilians. This is in part because part of the research involves mind-control, and Illuminati civilian mind-control experts have come and gone from the base.

The California Institute of Technology at Pasadena is intimately connected to China Lake's research (and by the way to the Illuminati). Also much of the work at the facility is for the intelligence agencies and not the military. Intelligence assets are often civilians. One of the things developed in the California Universities and then implemented at China Lake was color programming, which will be covered later in this book.

Red and green were discovered to be the most visible colors for programming. Various colored flashing lights were used in programming at NOTS. Survivors of the programming all remember flashing lights. The use of flashing lights has been introduced into American culture by the CIA. If a person goes into bars and places where bands play, you will notice multi-colored lights flashing. The flashing lights create disassociation, especially in people who are programmed.

## **How Children Are Transported To A Major Programming Site**

A list of major programming centers is given in an appendix, along with each site's programming specialties. In this chapter, an example of just one of the bases used for early programming is given, the large and very secret China Lake facility in California near Death Valley. The children are brought into the China Lake NWC (aka NOTS) base by trains, planes and cars. A number of the small airfields which fly these children into China Lake have been identified.

One, which is no longer in use for moving children, was a private air strip at Sheridan, OR which was beside a large lumber mill. The lumber mill had an agreement to secretly house the children who had their mouths tapped. Neighbors in the area were bought off, and warned that if they talked they would be in trouble for broaching national security. The area has lots of mills joined by train tracks, which were used to shuttle the children around. Tied into this network was a Catholic Monastery which lies between Sheridan and McMinnville, close to the rail network.

The Union Train Station in Portland, OR has underground tunnels where children were temporarily warehoused in cages before continuing on their journey. The Jesuits were active in this part of the child procurement. Catholic adoption agencies (which are many), nuns who get pregnant, third world parents, and parents who will sell their children were all sources of children for programming.

When one thinks about how many corrupt people there are and how many towns and cities are on the West Coast, and how many children are produced by Satanic breeders,

illegal aliens and other parents who'd rather have the money than children and the reader begins to realize how procuring batches of 1,000 or 2,000 children was no problem for the Illuminati working through intelligence agencies such as the CIA, NIS, DIA, FBI, and FEMA.

The Finders, a joint CIA/FBI group procured children for the Network for years. Some of the children needed for programming are to be used for sacrifices to traumatize those being programmed. (The names of some of the people who work at procuring children for programming/sacrifice have been released in Fritz Springmeier's monthly newsletter).

The secret FEMA airstrip at Santa Rosa has planes landing and leaving all night. Some of these flights go east and then land at the secret 1800-square-mile China Lake Naval Research Base, and are believed to carry children for programming. This airstrip is called the SANTA ROSA AIR CENTER. When I tried to get FAA information on this airstrip they played stupid as if it didn't exist, yet it is in operation.

Near Santa Rosa is the Bohemian Grove, southwest of Santa Rosa, is this air center which is not used by the public. This airport was recently used by private pilots as a F.B.O. It was built during W.W. II as a training base for P-32 pilots, and deactivated in 1952. After the war, it was leased to private companies (such as the CIA).

The paved areas are 4' of concrete and can land the heaviest planes in use. There are no buildings over two stories in the entire area, and no control tower. The FBI have a contingent in the Federal building downtown Santa Rosa, and "FEMA" has a radio station at the airport. The Army reserve also has some buildings in the area. However, there is some highly secret activity going on underground at the airport. 6-7 small planes sneak out of the closed base a day, and for a base of its description that is closed, that is very interesting.

The planes take off in the evening and do not turn their lights on until hundreds of feet into the air. *The Press Democrat* of Santa Rosa ran an article on Thurs., Apr. 22, 1993 about the Federal government selling 70 acres of property just to the east of the airport. However, when one reads closely, the land is going to be offered to a host of Federal agencies. The property was "being used by FEMA" (707-542-4534). If one thinks about it, it is unlikely that the radio station is a FEMA transmitter station.

The close vicinity of this secret activity to the elite's Bohemian Grove makes this an interesting site for study. The airport used for the Bohemian Grove visitors is north of Santa Rosa on hwy 101, the Sonoma County Airport. United Express and American Eagle (which flies to and from San Jose) fly into this airport, which has a control tower. In 1964, the airport was reported to have also carried about 600 military operations (either a takeoff or landing) per year.

It was around this time that the Federal government made an agreement with Sonoma County Airport to help pay for the runway to be extended, the runway to be strengthened and the airport to be upgraded in numerous ways. The elite from around the world fly into here to go to the Bohemian Grove, which is in the Monte Rio area. Monarch slaves are regularly abused at the Grove for the entertainment of Bohemian Grove members in kinky sex theme rooms, such as the dark room and the necrophilia room.

Secret NWO order business is conducted in the small, dark lounge with a wooden sign naming it U.N.DERGROUNd. Slaves are hunted in the woods for sport, and occult rituals, including infant sacrifice, are held outdoors in the Grove. These airfields are described in detail so that the reader can begin to catch on to the network of small planes

and airfields the Monarch system uses to transport children. The children are trickled in from various collection points to China Lake.

Monarch slaves, many of them children themselves are used in this extensive child procurement system. Children are also used to entice and kidnap other children. Teenage slaves are used to escort and transport little children on trains, buses, and planes. The triangular-shaped airfield at China Lake has traditionally begun very early in the morning with lots of activity. The night flights from FEMA's Santa Rosa airfield being an example of incoming flights. The airfield connects to the main base area via Sandquist Road. Children are landed at this field, while others are driven through the gates guarded by marines, and others come through via the east-west rail line.

The fact that children are driving through the gates is not alarming because inside the military perimeter is a high school, a junior high school and 3 other schools. Some of the adults of the children being programmed stay in military barracks (Quonset huts and one story buildings) while they wait.

A male Monarch victim remembers a large hanger building at China Lake with a concrete floor and row after row of cages suspended from the ceiling filling the large building. One of the Programmers was dressed similar to a Catholic Priest. The electric current that ran to the cages made a hum, like an electric fence. There was a marble slab that served as an altar where black-hooded robed people would take a bone handled knife and sacrifice little children in front of the other children in the cages. (Memories from other survivors about the place will be mentioned later).

## **More About The Secret China Lake Base**

Charles Manson, a programmed Monarch slave who received initial programming at China Lake, lived with his cult only 45 miles north-west of China Lake at the remote Myers and Barker ranches. Scotty's Castle in Death Valley, Bakersfield, Edwards AFB, and Papa Ludo's Store & Tavern (with its secret underground programming center) are all in the vicinity of China Lake and have all been programming sites too.

Old route 66 went by China Lake, which now is just off U.S. 395. The area's tavern has been named the Hideaway. The building was low, away from the highway, with a large unlit parking lot. Only people who knew how to enter it by the obscure entrance on the side could get in. The Hideaway Tavern has been a local hangout for the CIA men in China Lake. It has served them excellent steaks. The base headquarters is known as the White House, and it looks somewhat like a yacht clubhouse. Northwest of the airfield, at 39-64 & 4-33 E on the quad maps, the government has built a large magical **seal of Solomon (hexagram)** with each leg 1/4 mile long on the ground.

What was it like for a victim in the early 1950's in a NOTS area programming center? One of the buildings in the area used for programming was described as having a flat roof and a tan exterior. A fence ran around the building. Inside the front door was an old oak reception type desk. A series of 3 doors connected by tunnels were gone through. One entered into a hallway, and then took a left into the programming room. Tunnels connected the different hallways.

The programming room was painted a good dissociative color white. In the middle of the room, cages were suspended with chimps. The examining table was metal, which was cold for the victim, but easy to wash for the attendants. The victim was placed in cages and could observe white dots light up in different dot patterns over the door on a panel of lights.

The low level shocks to the victim were coordinated with the dot patterns. (Some of this relates to domino programming.) An attendant monitored the entire scenario on charts, while the child was repeatedly traumatized with low-voltage shocks. Needles were poked in the child, the room was made dark and then lit. Voices said, "Love me, love me not." This was part of the love me, don't love me part of programming. "Good girls ride the silvery wings." This was to build the ability to condition trancing by the victim upon electro-shock.

German & British scientists/mind control programmers came to NOTS after W.W. II, including Joseph Mengele (known as Dr. Green, or Greenbaum, and other pseudonyms). The Illuminati's Dr. Black worked out of China Lake also. Dr. White (Dr. Ewin Cameron) worked on the east coast, although he did fly in every so often to the west coast to meet with the other top programmers. Dr. Blue was another of the important leading Illuminati programmers. These top programmers supervised other lesser programmers. If something went wrong, they might fly a child from a programming location to a specialist to get it special help for its programming.

The men and women of the Illuminati helped the top programmers out. The Grande Mothers, and the Grande Masters of the Illuminati participated in helping with the programming. As a child of the Illuminati progressed through its programming, three people had oversight over its programming: its Grande Mother, its Grande Dame, and the Programmer. The Illuminati functions off a chain of command similar to the military. (In fact a big secret is that Satan's realm actually served as the model for military and political structures).

As a child begins its programming, it is monitored in a fashion similar to hospitals where charts are filled and then these charts are filed. Tests and evaluations are done regularly. Goals are set which are six month programming goals. These will say in effect, we need to accomplish this by doing a, b, c, d in the next six months.

This is somewhat similar to an I.E.P. (individual education plan) which the special-ed teachers in Oregon set up for each student. At some point, the strong points and the weaknesses of the child will be identified, and then a decision will be made as to what occupation the Illuminati want to program the person to become.

If the young boy is aggressive and has sadistic tendencies, the Illuminati call it "a war monger" and label its chart "This child will be a general." Then they proceed to program it to become a general. Nurses, teachers, and child physicians must be programmed with a gentleness to their System.

Other occupations, such as lawyers can be allowed to be ruthless. Many of the children have religious fronts labelled for their programming, and a very popular occupation for Illuminati men is to become clergymen. Religious leaders make up the majority of fathers of Monarch survivors that have sought help. Most Illuminati victims have parents who are important religious leaders, many of them top clergymen in the established churches. As the reader might expect, some tortures require that the child victim's temperature, respiration, pulse and blood pressure be closely monitored.

## **What Trauma Does**

In recent times, the military and the science of psychology is paying attention to what they call PTSD (post-traumatic stress disorder). PTSD are the psychopathic debilitating effects of trauma and chronic nature of reactions to trauma. Intrusive flashbacks of the trauma will occur if the mind doesn't protect itself from reminders of the trauma. The

mind creates avoidance patterns to protect itself from thinking about the trauma. Panic symptoms occur when the person undergoes physiological arousal to traumatic cues. A trauma will create a certain "shatteredness" within the victim.

The victim will develop life assumptions about being vulnerable, about having little personal worth, and that life is not fair. They may develop phobias to constantly check their environment for safety and constantly monitor others to make sure they are not mistreated.

For centuries warfare has taken place, and military men have experienced PTSD. However, a full description and investigation into the disorder has been done only in recent history. The U.S. military has prevented any serious counseling for their troops suffering from this. Peer "counselors" and rap groups were allowed, and misled by the army to believe that they would be adequate. PTSD will often lead to outbursts of rage, chronic depression, or borderline dysfunctions.

The PTSD in Monarch victims is masked by the MPD/DID and the programming. Then in turn, the programming masks the MPD. When the programming is complete, front alters have been created which can function with smiles and cheerful attitudes, while underneath, the mind is full of shattered hurting alters, who the slave is unaware of.

Self-punishment and social withdrawal are natural symptoms of PTSD, and the programmers have no trouble enhancing and programming these functions into their alter systems. Certain alters end up holding the anger, the fear, the social withdrawal, the guilt, and the desire for self-punishment. These are held in check by the programming, and take the body when the slave steps outside of the programmed path.

The bad memories in the minds of men who suffer from PTSD have been noted to recycle and self-perpetuate themselves as they lie unresolved in the memory cells. Bad memories for the victims of Monarch programming are used to hold the MPD, the programming in place and also to keep the victim in compliance.

In 1954, Maslow published his hierarchy of needs, which when applied to Monarchs and PTSD victims means that they can not progress in therapy until their survival and safety needs are met. However, the Programmers/abusers know that it is important to keep the slave away from safety.

To this end, the Programmers employ people externally to monitor slaves, and internal alters in the victim's mind to be monitoring alters and reporting alters. Reporting alters can always reach the Network of abusers via 1-800 telephone numbers which change every 2 weeks. They can also call their handler.

Reporting alters are very unemotional and serve as tape recorders which mechanically report any developments that might threaten the programming to their handler. Alters programmed to commit suicide are also built into the Systems. For instance, for a system hacker--an outsider-- to work with the alters of an internal Grand Druid Council (aka Executive committee alters, or judge alters) or a System almost insures 99% of the time suicide of the Monarch slave.

In at least 99% of the cases where Monarchs who have come in for therapy, they still lack safety, which is a higher need than trying to go against their programming. This is why so few people have really gotten free. To undo the programming, the victim needs safety. The programmers know this, and have set up almost fail safe methods where the victim is not even safe from their own system of alters, let alone Big Brother.

Therapists call their Monarch victims "survivors" a misnomer, because in reality they are still in the middle of ongoing abuse. Some therapists may mistakenly think that it is helpful to tell the victim, "These fears you are having are from the past." Deliverance ministries may also try to stop the victim's fears, without understanding the reasons behind the ongoing fear. Other chapters will deal with the extensive back up methodologies.

At this point, it is mentioned in the context of this chapter to establish to the reader that the abuse and torture continue non-stop. Some of this would naturally occur anyway, but the Programmers enhance this . naturally occurring phenomena many-fold to insure that the slave will continually abuse themselves. This means as time progresses, some Monarch systems are timed to shatter certain levels & to create new levels.

If the Programmers want, they can shatter a front Christian alter level and create a new level of New Age believing alters to replace the original front. The abuse can be done by the victim themselves to themselves, because programming alters are given the ability to pull up horrific memories via codes. Those traumatic memories, which shattered the mind the first time, are still capable of doing it again when they are abreacted (that is relived by the body & mind).

More and more people are experiencing working with someone with multiple personalities. However, very few multiples ever discover more than the front parts of their systems. Very few people, outside of the programmers, have much idea of what an entire system of alters is like, therefore some of the things that this book will describe will seem foreign to those people who have learned a little about multiplicity.

There are several models to describe what happens inside a multiple's brain as it develops multiple personalities. The brain is very complex. Recent brain research confirms that the brain was far more complex than imagined. In an average brain there are 10,000,000,000 individual neuron (nerve cells). Each of these has 10 with 100 zeros following it worth of interconnections. In other words, an average brain has vastly more interconnections than the total number of atoms in the universe! Often about 1/2 million different chemical reactions take place every minute in the average brain, and the number can be several times that during intense activity.

A Monarch's brain has been worked on to be even more active than a normal person's brain. The left & the right side of the Monarch's brain both work simultaneously, and the various personalities are all busy working simultaneously on different tracks.

To describe the complexity of what is happening with someone's mind which has been messed with so dramatically for years, means that at times only an approximate model is presentable. There are several terms which are used in speaking about multiples, which have developed several meanings. Unless these terms are correctly defined, misconceptions about them can cloud an understanding of what happens during Monarch programming.

First, researchers have discovered that deep within a person, the brain truly understands in a pure awareness all about itself. This is true for everyone. This pure awareness has been named various names, including Hidden Observer. If a man is obnoxious and seems to have a total lack of awareness that he irritates people; just know that deep down an awareness realizes exactly what he is and what he does. The multiple's brain at some deep awareness knows what has happened to it.

The term Hidden Observer is fraught with danger though. A demonic entity called the Hidden Observer works hand in glove with the programmer to program the individual. The Hidden Observer is able to see everything the System does. The people who control a slave frequently call up the Hidden Observer to ask questions. In this case, it is a demonic entity, and yet it is this Hidden Observer, which each System has, that some therapists are trying to access to understand the System. This Hidden Observer only tells the truth to its Master, because it is demonic.

The next term which is misunderstood is the term "the core". The programmers set up various alters to pretend to be the core, and the core's protector. The real core is quite hidden, and not placed within the regular grid of the alter system's chart. It will take some explaining to convey what happens to the mind, and what the real core is.

## **The Types of Trauma**

One thing discovered by research into the genetic transmission of learned knowledge by humans to their children was that people are born with certain fears. Snakes, blood, seeing internal body parts, and spiders are all things that people are born fearing. The phobias toward these things are passed down genetically from one generation to another. In searching for traumas to apply to little children, the Programmers found that these natural phobias which occur in most people from birth will work "wonderful" to split the mind. Along this line, the following are samples of traumas done to program slaves:

- a. being locked in a small confined spot, a pit or cage with spiders and snakes
- b. being forced to kill, and cut up and eat innocent victims
- c. Immersion into feces, urine and containers of blood. Then being made to eat these things.

These are standard traumas. Often a slave will experience not only all of the above but many others before they reach 4 or 5 years of age. It is important to traumatize the child early before it has a chance to develop its ego states. By the way, when the child is placed into a small box with spiders or snakes, they will often be told that if they play dead the snake will not bite them. This carries out two things for the programmers, it lays the basis for suicide programs (i.e. "if-you-are-dead, then you-are-safe" thinking) and it teaches the child to dissociate.

Traumas to split the mind are not just high voltage, or natural phobias, but encompass the full range of the emotional and spiritual being of the victim. The victim is eventually stripped of every spiritual or emotional resource by a variety of traumas, such as "blood orgies" where male and female genitals are cut, torture sessions on all types of medieval torture machines, staged events where actors imitating God, Jesus Christ, police, and therapists curse the victim, reject the victim, and even "kill" the victim in simulated drug deaths.

Children are placed in hospitals in captive abusive conditions. Children are tied to innocent children which are systematically and brutally killed while the children are made to believe that they are guilty for the child's punishment. Near death experiences such as drowning have become an art with these abusers. Trained dogs, monkeys and other animals are used to further traumatize the victims.

An Illuminati slave will most likely have experienced all of the last few paragraphs above, plus much more. (Toby, was one of the trained NOTS chimpanzees. He was trained to be sadistic. The other trained chimpanzees at China Lake included "Gabie" or Gabriel, who tickled the victim while they were tied up; Rastice, who had a toy chest with diamonds, bracelets, & a scepter which electroshocked; Zoro, who could do anything mean; Elmore, who cuddled as a mother but ate raw flesh; plus others. An example of something said during programming with the chimps is, "THREE LITTLE MONKEYS IN A CAGE, DO, RE, ME, FA, SO, LA, TE, DO").

Joseph Mengele, aka Dr. Green, was skilled at using German shepherds to attack people. Mengele got a reputation in the Nazi concentration camps for using German shepherds, before he was brought over to America. He used dogs to help program American children. (The Process Church often uses German Shepherds too.) He was also skilled in abortions, and was involved in weird traumas involved with babies being born, or the simulated births of dead rats (or other gross things) from the vaginas of girls being programmed.

When the Satanic cults tie their victims with wire for rituals, some of these people will lose their toes or fingers from the wire. At times little fingers and the top part of ring fingers are lost in Satanic cult rituals too. Many of the traumas and tortures are carried out by alters or persons who are sadistic.

How does the Network get sadistic men to torture little children? Three different respectable studies (Harrower, 1976/ Milgram, 1974/ & Gibson 1990) show that essentially all human males can be taught to engage in sadistic behavior. There may be a few exceptions, but the point is that sadistic people are not in short supply for programming. Some of the alter systems have extremely brutal sadistic alters. In fact, the Mothers of Darkness alters are an important balancing point to prevent the sadistic male programmers from killing more of the children they are working on. These sadists get a laugh at hurting little children. The more pain, the more charge and excitement they get out of it.

Sadists enjoy gaining total control over a person. In order to do this, they take charge over the little child's basic body functions, such as sleep, eating, and pooping. They enjoy terrorizing the little child, so Monarch slaves end up watching hours of sadistic behavior done to others before they are even 5 years old. The worse the trauma, the more the sadistic programmers enjoy it.

Sensory deprivation, forced labor, poisoning, and rape of every orifice of the child are popular tortures by the programmers. The child soon learns that he is at the mercy of crazy people who can only be satisfied by total submission, and the willingness to allow someone else to think for you. The child will be made to eat feces, blood, other disgusting things, while the programmer eats good meals.

Some of this sadistic behavior is toward a goal. Cutting a person's tongue and putting salt on it reinforces the no-talk programming. Making someone throw up to cause eating disorder programming. Dislocating shoulders to cause dissociation. When the child victim's crying is heard, they immediately apply torture so the child thinks it will suffocate. This is behavior modification, & is covered later in chapter 9. This trains the child not to cry.

Around age 3, a Black Mass, a sick evil communion, is performed which is so ugly, that the child hides in dissociation by creating a "locked-up"/or "obscure" child. This early

flip provides a base for dark side programming. This locked up child can have a powerful healing (with system wide effects) by being part of a positive love-filled communion.

There are many traumas which can be carried out, which leave no physical scars, but do leave the child with the deepest emotional and spiritual scars. This is often necessary when programming young children who the outside world will see soon after their programming session. Holding one's arms out is a simple torture. Tickling and sensory deprivation are two tortures that leave no marks. Burial caskets, some outside and some at inside locations are often used on slaves. That is why many slaves fear being buried alive. The Programmers place all types of creepy insects in the caskets when they bury the person alive.

Another type of sensory deprivation is done by placing the victim in salt water (for buoyancy and weightlessness). Then the victim is fitted with sensitive sensors that shock the person if the victim moves. The shock puts the person back into unconsciousness. The brain is trained to stop all external body movement from the conscious mind. This type of sensory deprivation is used to place in the posthypnotic commands to do something at some future date far into the future.

The program is placed into the mind at the same primal level that the mind uses to tell the heart to beat. One of the "appropriate" tortures is to place a bar between a little girl's legs which spreads the girl's loins for rape. Then the bent spread legs are flapped, while the victim is specifically told she is a "Monarch butterfly". Many victims have created butterflies in their minds while being raped. The programmers may tell some of their victims that out of caterpillar-worms come beautiful butterflies. While raping the child, the Programmers will describe their sperm fluid as "honey comb", and will cry out "hallelujah" when they come. It doesn't take long for the child to realize it has no ability to resist what is being done to it. The will of the child victim is destroyed, and in its place remains a pliable slave.

If the slave doesn't learn correctly they receive more pain. A fish hook in the vagina is a popular one. Older males have their genitals hurt during additional or reprogramming sessions. They may have to eat the skin taken from their genitals.

The mind of the victim is not only divided from itself, but the very process of torture, makes the victim distrustful of humans in general. On top of this distrust, the programmers will layer in programming to isolate the person from healthy relationships, which in turn increases the victim's feeling of helplessness. They are divided from their own parts (their own self) and the world in general. For instance, the water, cave and sand tortures make the survivor fearful of oceans. The victim may be traumatized by being lowered on ropes or a cage on ropes into the water from a cliff, or may end up being buried alive in sand and watching the tide come in, or simply being totally buried alive in sand and abandoned.

For a while, the Illuminati was big on water torture because they had built into their systems a weakness that water would destroy the clone armies that protected programming, and they needed their slave systems to be fearful of water. Slaves are frequently lowered into black holes, or pits containing the most scariest things possible. This is a frequent trauma, because the victim when left in a dark hole for hours or days without any contact with the world or water & food will develop deep emotional scars & dissociation rather than tale-telling signs of physical abuse. This torture is used essentially on all Monarch slaves.

Some of the traumas are done for specific medical reasons. For instance, the person is starved by only allowing for instance 300 calories per day for say a small woman of 125 lbs. Sugar & proteins are severely limited, so that the brain is starved into submission. Water deprivation, which is taught to parents who raise Monarch slaves, is used from time to time on slaves to raise the brain's temperature which happens when the brain swells from lack of water. When the brain gets woozy & overheated it hallucinates and has a hard time remembering events.

If water deprivation is combined with electroshock it makes it harder yet for the victim to remember anything. Heavy exercise along with long periods of little sleep (2-3 hours/day) causes an overproduction of endorphins in the brain and victims begin to robotically respond to commands. This was done to co-author Fritz under the pretense of military "training". The other author, Cisco, experienced it as part of her mind-control. The brain under such stress may flip its functions from right to left & vice-versa. Hypnosis is easier when a brain is tired.

Most victims remember being suspended upside down. This was honed to a fine art by Mengele with concentration camp victims, while records were made of how fast blood drained from a child or adult's stomach when they were dunked upside down into a tank of ice cold water. The cold water tests supplied the data on temperature levels as consciousness faded. This information then was used later on in America to help the survival rate of children given the same trauma. Simply hanging a person upside down for one or two hours will begin to play tricks on the mind.

The mind will begin to dissociate, and will begin to reverse the primordial brain functions such as pain is pleasure. The person's mind rearranges. This is often done with Beta alters or Beta models to get them to think that the pain of sadistic rape is a pleasure. After this reversal in the mind that "PAIN IS LOVE", the S&M kitten alters will beg their handler to slap them, tie them up, hurt them, etc. They will tease their handler, and tell him he is not a real man if he shows any mercy in how the pain is inflicted.

Fire/burning torture is used in the porcelain face programming. The charismatic branch of the satanic Network (such as the Assembly of God churches) uses porcelain face programming. This is done by using wax masks upon the victim, and giving them fire torture. The person actually thinks that their face has melted. At that point, the programmer pretends to be a god & a hero, and tells the person he will give them a new face, a porcelain mask. These new faces by the way, look like the ones sold in so many stores. The memories of abuse are then hypnotically hid behind the masks. To take off the masks is to abreact & burn again. If anyone touches the faces of alters with porcelain face programming, the alters will feel a burning sensation because their masks are not to be tampered with. This means that these alters have via torture & hypnosis lost their own faces! This is part of the dehumanization process which chapter 10 part C talks about.

As long as these alters stay in denial of what has happened to them, they do not have to face the burn torture memories. Some alters are tortured in a fashion that the eye area is traumatized and they squint the left eye. They look like Baron Guy de Rothschild of France's left eye looks.

### *Guy de Rothschild*

Guy de Rothschild is a major handler/programmer, but the reason for his drooping eye is not known. Perhaps it was torture.

## Chapter 3

### Science No. 3

#### The Use of Drugs

The science of Pharmacology (drugs) has given the Programmers a vast array of mind-altering and body-altering drugs. Some of the drugs are not used to directly alter the mind, but to change the body (make the skin burn), or make the person vomit, or some other reaction that can be harnessed to further their nefarious programming goals. If they want a little girl to develop breasts they might give her hormones. Neuroscientists are now familiar with chemicals which cause personality traits. If one wants to create raving paranoia, simply provide the brain with too much dopamine in the emotional centers of the brain and too little dopamine in the seat of reasoning area of the brain. Reduce serotonin in the person and the person will be unable to connect disagreeable consequences with what provoked them. In other words, they can't protect themselves from danger.

Thorazine was used regularly at the CIA's Jonestown, Guyana group control experiment. Survivors of Jonestown have testified as to its effectiveness. After this gruesome experiment in mind control came to its end with a massacre, large amounts of drugs were discovered. Just one footlocker at Jonestown alone contained 11,000 doses. The authorities prevented chemical autopsies of the bodies to insure secrecy of this sophisticated concentration camp which was used for medical and psychiatric experimentation by the CIA. An examination of the drugs that are used in mental hospitals to alter the minds of patients offers a clear indication of what is being used in the Monarch Mind Control programming.

#### Drugs Used for Mind Control

The CIA/Illuminati programming centers have more than 600-700 different drugs at their disposal. The following is a partial list of the drugs available for their mind-control (aka MK-Ultra Programming). They can make a person feel like he is in heaven, or burning in hell. The drugs are at times used with elaborate light, sound and motion shows that produce whatever effect the programmer wants to produce. They can make a person believe he is shrinking, or that he is double (with mirrors), or that he is dying. Before describing how drugs are used for programming & control, let us list a few which we know have been used. ## Chapter 4.

### Science No 4 – Hypnosis

#### Understanding the Basics About Hypnosis

##### A. Dissociation, Trance, and History of Hypnosis for Programming

Dissociation is used as a defense to protect a person from overwhelming pain and trauma. It is a natural ability of the brain. Hypnosis or hypnotic trance is a form of dissociation. There are a number of types of dissociation: amnesia, somnambulistic states, localized paralyses, anaesthesias, and hallucinations. Hypnosis can reproduce all of these dissociative states. The mind naturally hypnotizes itself under various conditions.

Perhaps the reader has been driving along a familiar road and the next thing you knew you were arriving home, having driven in a trance. Now let's suppose you are driving to a movie and you are discussing next week's plans with your wife. The complex thinking required to drive just happens. You are awake talking to your wife, and yet on another level you were in trance driving the car. You as a subject were both in hypnotic trance (driving) and awake (talking about plans).

There are 5 levels to the subconscious that the mind will naturally dissociate to. The other deeper levels require help to access. People naturally can think on two levels. Because people's minds function on multilevels and there is a continua on a spectrum that runs from conscious to unconscious, it is often difficult to pinpoint just exactly what state of mind the brain is in at a certain point, because there is no single answer. A light trance is where a person is daydreaming about his girlfriend. A moderate trance is where he imagines he is in bed. A deep trance is where he physically feels he is in bed with his girlfriend. Sleep is where one dreams of being in bed. Behavior modification is carried out in the light to deep trances. The deep trance is a very creative level.

Hypnosis appears to affect several areas of the brain--the brain stem is modified into the hypnotic state, and the midbrain centers are inhibited so that other areas--the motor, sensory and memory areas can be manipulated. Further not all hypnosis works the same way. Hypnosis can be used on the intellectual part of the mind, the social-spiritual part of the mind, and the primitive reproductive part of the mind.

The skilled hypnotist will decide which area he wants and how to work with that area. Both Christians and Illuminati members who are skilled in understanding demonology, believe that there is a demonic side to hypnosis also. It should come as no shock to people that in the *World Book Encyclopedia* hypnosis is listed under Magic as a related article, but not under Medicine. Some Christians class hypnosis as a form of divination and enchantment. It certainly can be a form of control. In occultist W.B. Crow's book *Witchcraft, Magic & Occultism*, it lists hypnotism as an occult science.

There is open debate whether hypnotism is simply part of the brain's natural abilities or if supernatural elements are part of the process. There is no debate that historically, hypnosis for centuries has been the guarded secret of the occult world.

During shock or stress, the body's limbic-hypothalamic-pituitary-adrenal system, releases substances which encode all the internal and external pieces of information being sensed into a deep level of consciousness. These memories often become dissociated from normal states of consciousness. In other words, when the mind-body returns to this state

(where it was in during shock/stress) the mind can reaccess those memories. However, until the mind returns to this shocked state, it doesn't pick up the information it has embedded.

The Monarch programmers are acutely aware of how the mind functions, and how information and memories can be trapped in the mind. There are different neurophysiological states. Also there are said to be 12 levels to the subconscious mind. Then on top of this the mind has the ability to create amnesia barriers. Hypnosis is a valuable tool to move the mind to different neurophysiological states and to get the mind to different levels of the subconscious mind. Hypnosis can also play a role in working around amnesia, since both are types of dissociation. Hyperventilation helps a person induct into a hypnotic trance. Torture, depersonalization, fear and acute anxiety stimulate the body to hyperventilate. So the fear, torture and depersonalization are aids for the hypnotist to help induct a person into a hypnotic trance.

Hypnotic cues can be given to cause the body to go into various dissociative states. This could be a post-hypnotic suggestion that causes hyperventilation and an accompanying trance state. Hypnotic cues that are tied to every day objects enhance the programming. Everything in life becomes a cue to reinforce the programming. That may seem on the surface to be an exaggeration, but it is only slightly enlarged from the truth.

The programmers do in fact examine a person's life, and then tailor their cues to what the person will be around. For instance, the programmer may force the child to smoke and then tell it that every time they blow out smoke they will think about their master. The programmed alters don't dare not to smoke on fear that they will be punished. The smoking in turn reinforces the power of the hypnotist/master.

Much of the good that therapy can do is in effect to de-trance or dehypnotize clients. Most of the alters of a Monarch system go their entire lives in trance. Common objects in a person's life that can be hypnotically given a programming meaning include music, tones, colors, the sight of a book or Bible, the pyramid on the back of a dollar bill, pictures of God, silk scarfs, jewelry, lights, sounds, TV programs, and countless other things. The limit to this is simply the programmer's creativity.

The power of hypnosis is often underrated because the power of the mind is underrated. The mind can decide to control its breathing, heart beat, blood pressure and other things that were once thought to be involuntary. The brain produces a substance which is a tiny peptide molecule called enkephalin which acts just like morphine and reduces pain. The brain can be hypnotically trained to release enkephalin so that the brain doesn't perceive pain.

A common hypnotic device for washing away pain is running water. The victim is hypnotically told to go to a waterfall and wash their pain away. (According to a programmer the average healing rate is 3 times quicker under hypnosis than without).

The fantastic abilities of the mind to control what happens to it are very remarkable (such as its natural healing abilities), but most of this is being kept a National Secret so that it can be used against humanity to enslave us to demonic-empowered power hungry monsters, rather than to benefit humanity. Several people in intelligence agencies quietly bemoan the fact that secret research could be helping humanity instead of controlling it. The human mind has been found to be like an immense symphony orchestra, each part doing what it does best under the guidance of a director part similar to the conductor of an orchestra.

A non-multiple's brain delegates responsibility to parts of his brain yet retains control over the process. His mind will shift from one ego state to another, & still retain its identity. In contrast, the multiple's brain also delegates responsibility and shifts from one ego state to another, BUT doesn't retain a "cohesive selfhood or self-identity. The mental mechanisms are similar, but the experience is vastly different. Rather than an orchestra playing together, the multiple's brain is full of competing isolated parts (instruments so to speak) that are playing in isolation.

Out of the chaos of all these independent amnesic parts, the programmer through hypnosis/& fear then becomes the conductor to help bring order out of chaos. If the multiple is to regain a chance to orchestrate their own life again, they must re-establish communication between the different parts of what should have been their own orchestra, and get internal people to harmonize their music of life.

Good programmers do not need to formally induct their victim into hypnosis. However, if they need to, the Monarch slaves are well conditioned to respond to numbers being counted and fingers being snapped. Hypnosis was a well developed art by the early 20th century. And testing and refining continued all along. For instance, the U.S. military was conducting extensive tests of subjects under hypnosis during W.W. II. In spite of all this, the CIA was still seeking better rapid induction techniques for their slaves during the 1950s. MK Ultra Subproject 128 dealt with rapid induction techniques, especially Subproject 128-1. Some of their drug testing was done at Lexington, KT Detention Hospital.

The ability to distinguish between magic and hypnotism may not exist for the child in situations where they are witnesses to the power of hypnotism exercised by a programmer. This makes the adult programmer, who is a big person look all powerful.

Another danger inherent in hypnosis are complications (side effects) that hit a percentage of those who are subjected to it. Hilgard (1974) discovered 31% of the 120 university students participating in a study of hypnosis had complications that lasted from 5 min. to 3 hours after trance, which included headaches, dizziness, nausea and stiff necks. Fritz is aware of one woman who, after the one & only hypnotic session she was the subject of, developed the complication of having nightmares of snakes crawling all over her. (For further study the reader may want to read MacHovec, Frank. "*Hypnosis Complications, Risk Factors, and Prevention*" *American Journal of Clinical Hypnosis*. Vol. 31, No.1, July, '88, p. 40+).

Regular gentle electrical stimulation in many parts of the brain including the lower part of the reticular formation can change the state of consciousness from alert to sleepy. An electrical band attached to a box is sometimes placed on the victim to produce a hypnotic state.

There are several ways to alter a person's state of consciousness, but the most popular one by Monarch handlers is to use a combination of drugs and hypnosis. Drugs are used to facilitate hypnosis. Modern drugs do almost all the work for the hypnotist. They place the person in an altered state and make them willing to take any order. Often survivors remember orange or grape drinks, or something else which they were given, which were used to give the child drugs. One Monarch slave (Cathy O'Brien) wrote about having been given hypnotic drugs via a Grasshopper ice cream drink.

Occasionally, hypnosis must be carried out by the programmers on unwilling subjects. They have 3 major ways to get around this. They can induce hypnosis by disguising what the hypnotist is doing, they can wait until the person is asleep and talk to him while

asleep, or they can administer drugs. Also the Network has some high-tech equipment which stimulates the orgasmic state (sexual ecstasy) part of the brain. By moving the body into this state, the mind opens up all the unconscious states. Then sophisticated brain wave machines program thoughts into the person. A computer disk is put into the electric shock machine and it runs a program that sends electric jolts down six nodes. The brain's reticular formation serves as the brain's mechanism involved in regulating alertness and awareness.

Various kinds of stimuli will enter the brain through its various methods of sensing and learning. With total sensory deprivation (done by placing the victim in a salt water tank with electrodes that shock the body until it stops all movement) the reticular formation will place the mind into a primitive state of consciousness where the programmers can place in post-hypnotic commands to do something on a certain date. The end time programming, that has Monarch slaves doing something at a specific date to create anarchy or to help the Anti-Christ come to power has been put in at this level.

As previously mentioned, this level achieved by total sensory deprivation of the Monarch slave is same primitive level as the brain's commands to keep the heart beating. Depending on what type of signals are coming in to it from the various sensing agents of the brain, the reticular formation will then make a decision what state of consciousness to place the mind in. If the reticular formation does not send out "alert" signals, then the brain will get sleepy. Damage to the reticular formation can cause a coma. The two thalamus lie just above the brain stem. The right and left thalamus are the brain's selective attention mechanism. That is to say, they decide what it is important for the brain to focus its attention on. The right thalamus is connected to attention to visual shapes and the left to our attention to things describable in words. Ten to fifteen repetitions at one second intervals are enough to cause the brain to lose interest in something. At this point the neuron's in the reticular formation quit paying attention to whatever it is. For instance, your brain will listen to a clock tick for only 15 intervals before it quits listening to a clock in the room. But the brain's alertness can be reactivated by a strong and sudden stimulus like a loud sound or a flash of light. This is why 3 gunshots or 3 flashes of light are used as standard access triggers for Monarch slaves. Three was also found to be the best number to get the job done.

### **The History of Hypnosis for Programming**

A masonic magazine for higher masonic rites where sex magic is performed entitled *Freemasonry Universal*, Vol. 5, 1929, p. 58 states,

"Certain Forces are sent through the candidate's body during the ceremony, especially at the moment when he is created, received and constituted an Entered Apprentice Freemason. Certain parts of the Lodge have been heavily charged with magnetic force especially in order that the Candidate may absorb as much as possible of this force. The first object of this curious method of preparation is to expose to this influence those various parts of the body which are especially used in the ceremony. In ancient Egypt, there was another reason for these preparations, for a weak current of physical electricity was sent through the candidate by means of a rod or sword with which he was touched at certain points. It is partly on this account that at this first initiation the candidate is deprived of all metals since they may very easily interfere with the flow of currents."

Long story short, the Masonic lodges have been using hypnotism and electric shock in their initiation rituals for a long time. The combination of fear and hypnotism combine to help seal the lips of an initiate from telling what in some lodges are secrets of criminal activity.

The Brahmin caste in India practice yoga, and other meditations where they regularly go into altered states of consciousness. Centuries ago, the Brahmin fakirs learned about drugs, tortures, and magical methodologies to produce hallucinations and altered states of consciousness. The worship of Bacchus in the west and Shiva in the east were similar, as were the bloodthirsty rites of Kali and Moloch. Occultists in India have also gone to cemeteries for centuries, like the Illuminati to draw spiritual power from graves.

When eastern and western occultists linked up they realized they had a great deal in common. The ancient Egyptian writings many centuries B.C. talk about the third eye and temple trances. Hypnosis appears to have been practiced in these ancient temples. All over the world, altered states of consciousness have been used. The feared Scandinavian warriors called Berserkers were in a mildly-programmed altered state of consciousness which made them fearless.

## **B. How To Program With Hypnosis**

George Estabrooks was the first major hypnotist to publicly recognize the potential for hypnosis. He contacted MI-6 and other military and intelligence groups in hopes he could interest them in the military-intelligence potentials of hypnosis. What was George Estabrook's connection to the Illuminati? George Estabrooks was a Rhodes Scholar, which is an entry-level group for the Illuminati.

For those who haven't studied this, it would be appropriate to give a brief explanation of these things. The Illuminati in 1919 created the Royal Institute of International Affairs (RIIA). The Astor Illuminati family were major financial backers of the RIIA. Waldorf Astor was appointed to the RIIA. The American equivalent to the RIIA is the CFR. The RIIA and CFR set up Round Table Groups (based on the King Arthur myths) which were initially named by Cecil Rhodes "Association of Helpers".

High ranking Mason/Illuminatus Cecil Rhodes also created the Rhodes Scholarship to bring select men from several the English speaking world and Germany to learn how to bring in the One World Government that the Illuminati has long had planned. The Cliveden Estate of the Cliveden Astors (of the Illuminati) has played an important role in the preparation of Rhodes Scholars. Bill Clinton and Fred Franz, the late president of the Watchtower Society [MELCHIZEDEK ELDERS], are two examples of men selected for Rhodes Scholarships. Bill Clinton went through the program. However, Franz decided not to go to London in order to help lead C.T. Russell's cult as "oracle" after WT Pres. C.T. Russell was ritually killed on Halloween, 1916 and his remains buried under a pyramid. He later served as President himself from 1977-1994. The Watchtower Society leadership is a front for a part of the Illuminati which practices **Enochian Magic**.

The power of Enochian magic is the Watchtowers. A powerful part of Bethel headquarter workers are Multiple Personalities, and have cult alters who speak in Enochian. Some multiples work in the art department and have been secretly placing hidden occult symbology into *Watchtower & Awake!* magazines.

Now back to Estabrooks, who was also himself part of the Illuminati. In his book *Hypnotism*, which came out in 1946, he wrote in his chapter "Hypnotism in Warfare" (again bear in mind that Estabrooks writes this in 1946 and has been advocating what he writes for perhaps the 15 previous years!) This chapter is not taken from a mystery novel.

The facts and the ideas presented are, so to speak, too true to be good, but no psychologist of standing would deny the validity of the basic ideas involved. He might, of course, be somewhat startled at our proposed use of these basic ideas and techniques, for

he has never given this matter much thought.... The use of hypnotism in warfare represents the cloak and dagger idea at its best--or worst. Even if we did know the answers to some of the weird proposals in this chapter, those answers could never be given for obvious reasons. The reader must use his imagination for specific outcomes in specific cases have not been made public--probably never will be made public.

Any topflight physicist is familiar with the basic laws of atomic fission and he is quite free to discuss those laws. But he may or may not know what is happening on some government research project in this field. If he does know, he is not shouting it from the housetops, probably not even whispering it to his best friend. The same applies to hypnotism in the field of warfare. Our interest here lies in some of the more unfamiliar sides of hypnotism which may make it of use in warfare. Again, no psychologist would deny the existence of such phenomena....

The only possible way of determining whether or not a subject will commit a murder in hypnotism is literally to have him commit one.... But warfare...undoubtedly will, answer many of these questions. A nation fighting with its back to the wall is not worried over the niceties of ethics [like Nazi Germany]. If hypnotism can be used to advantage, we may rest assured that it will be so employed. Any "accidents" which may occur during the experiments will simply be charged to profit and loss, a very trifling portion of that enormous wastage in human life which is part and parcel of war.... One in every five adult humans can be thrown into the hypnotic trance--sommambulism--of which they will have no memory whatsoever when they awaken.

From the military viewpoint there are a few facts which are of great interest. Can this prospective subject, --this "one-in-five" individual--be hypnotized against his will? Obviously, no prisoner of war will be co-operative if he knows that the hypnotist is looking for military information, nor will any ordinary citizen if he suspects that the operator will use him to blow up a munitions plant. The answer to this very vital question is "yes", though we prefer to say "without his consent" instead of "against his will." We do not need the subject's consent when we wish to hypnotize him, for we use a "disguised" technique.

The standard way to produce hypnotism in the laboratory is with the so-called sleep technique. The operator "talks sleep" to the subject, who eventually relaxes and goes into a trance, talking in his sleep and answering questions. Now suppose...we attach a blood pressure gauge to the subject's right arm and the psychogalvanic reflex to the palm of his hand, just to make everything look shipshape. These devices are for measuring his ability to relax. We also point out that, of course, the very highest state of relaxation will be his ability actually to fall into a deep sleep while we are talking to him.

We also stress the great importance of the ability to relax in this modern world of rush and worry, promising to show him how to get results as one end of these experiments. All this is by way of buildup. Probably not one of our readers, if exposed to this procedure, would realize that this was preparation for hypnotism, but would co-operate willingly in this very interesting psychological experiment.

We then proceed to "talk sleep," much the same as in ordinary hypnosis, carefully avoiding any reference to a trance or making any tests with which the subject might be familiar, all the while checking on blood pressure and psychogalvanic reflex to keep up the front.

Finally we make the test of somnambulism, or deep hypnotism. We see if the subject will talk to us in his sleep without awakening. If this does not succeed, the subject wakes up

completely, and in this case we simply repeat the experiment, hoping for better luck next time. But if we do succeed, if the individual belongs to the "one-in-five" club, the subject is just as truly hypnotized as by any other method, and from now on everything is plain sailing.

By use of the posthypnotic suggestion...we simply say, "Listen carefully. After you wake up I will tap three times on the table with my pencil. You will then have an irresistible impulse to go sound asleep." The next trance is just that easy to get, and the subject has no idea that it is the pencil which has sent him off." ...

But we must go even further than this. Once a person has become accustomed to hypnotism, has been repeatedly hypnotized, it becomes very easy for any operator to throw him into the trance. Obviously this will not do if we are to use hypnotism in warfare. So we plug this gap again by suggestion in the somnambulistic state. We assure the subject that in the future no one will be able to hypnotize him except with the special consent of the operator. This takes care of things very nicely....We sit down with the subject...We are talking about the latest boxing match when the operator taps three times on the table with his pencil. Instantly--and we mean instantly--the subject's eyes close and he's sound "asleep."

While in trance he sees a black dog come into the room, feels the dog, goes to the telephone and tells its owner to come get it. The dog is of course purely imaginary. We give him electric shock which would be torture to a normal person, but he does not even notice it. We straighten him out between two chairs and sit on his chest while he recites poetry. Then we wake him up. He immediately starts talking about that boxing match! A visitor to the laboratory interrupts him.

"What do you know of hypnotism?"

The subject looks surprised, "Why, nothing."

"When were you hypnotized last?"

"I have never been hypnotized."

"Do you realize that you were in a trance just ten minutes ago?"

"Don't be silly! No one has hypnotized me and no one ever can."

"Do you mind if I try?"

"Not at all. If you want to waste your time it's all right with me."

So the visitor, a good hypnotist, tries, but at every test the subject simply opens his eyes with a bored grin. Finally he gives up the attempt and everyone is seated as before. Then the original operator taps on the table with his pencil. Immediately the subject is in deep hypnotism.

We now add another concept. We can coach the subject so that in the trance he will behave exactly as in the waking state. Under these circumstances we could defy anyone, even a skilled psychologist, to tell whether the subject was "asleep" or "awake." There are tests which will tell the story but in warfare we cannot run around sticking pins into everyone we meet just to see if he is normal. So rapid can this shift be from normal to

trance state [the programming state], and so "normal" will the subject appear in trance, that the writer has used such a subject as a bridge partner. He plays one hand in trance and one hand "awake" with no one any the wiser. [This happens with Monarch slaves all the time. Few people ever catch on that alters are under trance].

Suppose we deliberately set up that condition of multiple personality to further the ends of military intelligence. Let us start with a very simple illustration. For example, we can hypnotize a man in an hotel in, say, Rochester. We then explain to him in hypnotism that we wish the numbers and state names of all out-of-state cars parked in the block surrounding the hotel. He is to note these very carefully in his unconscious mind but will have no conscious memory of having done so. Then we awaken him and ask him, in the waking state to go out and get us a tube of toothpaste. He leaves the hotel and wanders around the block in search of that tube. Finally, he returns, apologizing for his delay, saying that it was necessary for him to go entirely around the block before he noticed a drugstore in the very building itself. This, he says, was very stupid of him but apparently men are made that way. Did he notice anything of interest as he made his walk? "Nothing! Oh, yes, there was a dog fight down at the corner." And he described the battle in detail.

We now hypnotize him. He knows what we are seeking and at once proceeds to give us numbers and states of strange cars, very pleased with the fact that he can recall thirteen. He evidently enjoys the game immensely and is quite proud of his memory.

Then we awaken him and see what he knows in the conscious state. "How many cars are there around the building?" "I don't know." "What are the numbers of the out-of-state licenses around the building?" "Good heavens, I have no idea. I think there is a California car near the front entrance, but I have no idea as to its number." A friend tries his hand. "Now look here. You were hypnotized half an hour ago and you left this room under posthypnotic suggestion." The subject gets irritated. "Look here yourself. I'm getting tired of that silly joke. This is the third time today you've pulled it. All right. I was hypnotized and saw pink elephants all over the lobby. Have it your way." And the subject sits down to a magazine, obviously angry that this man cannot find something more amusing to say.

Often the hypnotic subject will react in this manner. Push him just a little too far and he becomes irritated, obviously a trick of the unconscious to end the argument and avoid any danger of being found out....

The reader's very natural reaction is, "Why all this rigmarole?"... There are certain safeguards if we use hypnotism. First, there is no danger of the agent's selling out. More important would be the conviction of innocence which the man himself had, and this is a great aid in many situations. He would never "act guilty" and if ever accused of seeking information would be quite honestly indignant. This conviction of innocence on the part of a criminal is perhaps his greatest safeguard under questioning by the authorities. Finally, it would be impossible to "third degree" him and so pick up the links of a chain. This is very important, for the most hardened culprit is always liable to "talk" if the questioners are ruthless enough.

## **The Super Spy**

In the instance we are about to outline, we may or may not be dealing with multiple personality.... The little experiment I have just cited could be successful with any good somnambulist and would require about ten hours preparation. The example I now cite

would work only with a certain number of the very best somnambulists and instead of ten hours preparation, we had better allow ten months....

Perhaps we had better start by defending our position. Is it unethical? Perhaps, but science merely states the facts.... Now let us return to our presentation.

We start with an excellent subject, and he must be just that, one of those rare individuals who accepts and who carries through every suggestion without hesitation. In addition, we need a man or a woman who is highly intelligent and physically tough. Then we start to develop a case of multiple personality through the use of hypnotism.

In his normal waking state, which we will call Personality A, or PA, this individual will become a rapid communist. He will join the party, follow the party line and make himself as objectionable as possible to the authorities. Note that he will be acting in good faith. He is a communist, or rather his PA is a communist and will behave as such.

Then we develop Personality B (PB), the secondary personality, the unconscious personality, if you wish, although this is somewhat of a contradiction in terms. This personality is rabidly American and anti-communist. It has all the information possessed by PA, the normal personality, whereas PA does not have this advantage....

The proper training of a person for this role would be long and tedious, but once he was trained, you would have a super spy compared to which any creation in a mystery story is just plain weak. This is what the Illuminati have done. They create good Christian fronts, with Illuminati dark alters who can see what the Christians are doing.] My super spy plays his role as a communist in his waking state, aggressively, consistently, fearlessly. But his PB is a loyal American, and PB has all the memories of PA. As a loyal American, he will not hesitate to divulge those memories, and needless to say we will make sure he has the opportunity to do so when occasion demands.

Here is how this technique would work .... [skipping this story and several others, we come to:] We choose a good subject and then let him in on the plot. We disclose to him that he is an excellent hypnotic subject and we wish to use him for counterespionage. We suspect that in the near future someone is going to try hypnosis on him. He is to bluff, to co-operate to the very best of his ability, fake every test that is made and stay wide awake all the time. The test we fear most is that of an analgesia--insensitivity to pain. So we coach him carefully with posthypnotic suggestions to the effect that even when wide awake and bluffing he will be able to meet every test which may be made here, be it with ammonia under the nose, a needle, or worst of all, the use of electricity, which can be made extremely painful and is easy to use.

Under these circumstances it will be virtually impossible to tell whether this man is bluffing or really in trance. [The story continues that the master hypnotist thinks he has got a good subject and has hypnotized him deep. Then the subject tells him that he was only bluffing. The whole affair provides a nightmare for any counterintelligence group using hypnotism. They can be totally bluffed, unless they turn to high tech equipment to see what is really happening].

Estabrooks also explains how a man can be hypnotized and told he is only testing the preparedness of security. He is told he has a fake bomb, but is really given a real bomb. The subject is sent to a location, and blows up with the real bomb. The subject blows up with the bomb so the evidence of the hypnotic lie is lost.

Hypnosis changes the threshold of the how the senses perceive. Sensitivity can be increased or decreased, hallucinations can be perceived even though there is the absence of any appropriate stimuli, and things that exist can go unperceived by the mind. For instance, alters who are used for porn are hypnotized not to see the camera. Alters used for any type of sexual service are hypnotized repeatedly to not see faces. The slave will actually see blurs where people's faces are.

The Programmers like to manipulate. Children are set in front of circus mirrors that make them taller or smaller for programming. They are set in front of mirrors which duplicate their image. Here in Oregon, there is a site with a magnetic anomaly which bends light. It is called the Oregon Vortex. The Programmers take small children there for programming. Anything that creates an illusion, seems to be noticed by the Programmers and is put to use somehow.

The CIA has employed magicians like John Mulholland to help them create illusions. Magician John Mulholland wrote a manual for the CIA on how to deceive unwitting subjects. Under drugs and hypnosis, when a small child is set in front of a mirror that elongates its body and or then shortens, the reality of the programming script seems real. The programmer can hypnotically call upon the child's mind to totally hallucinate seeing something, or he can support the illusion by handing the child a doll and telling it that it is a child, or handing the child a pencil and telling the child it is a flower. A great deal of acting and props are used during the programming.

What child can tell fool's gold from real gold? The bottom line is that generally, no matter which way the Programmers do it, whether by an illusion or an outright hypnotic-suggested hallucination, the event for the child is real. The majority of traumas are real events, but the scripts that are given are after the trauma are fictional.

## Chapter 5 Science No. 5

### The Skill of Lying, The Art of Deceit

#### (WIZARD OF OZ PROGRAMMING)

The rule of thumb that the programmers/handlers go by is that they will say anything to get the job done. A CIA handler will tell his agent in the field whatever will work to get the field agent's cooperation on a mission. There is no height nor breadth nor length to these people's deception. They have successfully kept some deceptions active for decades, if not for centuries.

#### The Use of Fiction

The history behind the Wizard of Oz programming is interesting. It suggests that the Wizard of Oz has had an important part in the occult world all along. One of the secrets of the Mystery Religions, especially the Egyptian Isis mystery religion was the ability to use drugs and torture to create multiple personalities.

The word Oz is known to have been used by its author as an abbreviation for Osirus. Monarch victims have the "golden penis of Osirus" placed into them.

The Grimm brothers, who were cabalistic jews, gathered the folk occult stories together. Their stories are full of spells, trances, and drugs. Sleeping Beauty is put to sleep, and the trigger to wake her is a kiss on the lips.

These are serious hints that the occult world didn't stop programming people with dissociative states and triggers when the ancient Egyptian empires fell. Instead of using modern lingo such as "hypnotize", they would say "cast a spell." Later in Freemasonry, the Right Worshipful Master would "charge" (meaning hypnotize) an initiate.

The occultist Baum, a member of the Theosophical Society, was inspired by some spirit who gave him the "magic key" to write the Wizard of Oz book, which came out in 1900. The book's story is full of satanic activity and satanic thinking. The story was chosen in the late 1940s to be the basis for the Illuminati/Intelligence community's trauma-based total mind control programming.

As a way of enhancing the effect of the programming, Monarch slaves are conditioned to place trigger items into their lives. When the movie was made, Judy Garland, who had lived a life touched by the occult world's abuse, was chosen to act as Dorothy. Judy's later husband, Mickey De Vinko was a satanist and the chief assistant to Roy Radin, a rich satanist who worked with the Illuminati, and who controlled the "Process church" covens which had as members mass murderers Berkowitz and Monarch slave Charlie Manson.

There are several members of the Carr family, who are also tied into both De Vinko and Radin's Process Church and the Illuminati. With the numerous long term connections between the Wizard of Oz books, and movie to the highest levels of the occult world, it is not without reason that one can theorize that the original series of 14 Oz books had an ulterior motive behind them.

The 14 books of the Oz series are:

- 1) The Wizard of Oz
- 2) The Land of Oz
- 3) Ozma of Oz
- 4) Dorothy and the Wizard in Oz
- 5) The Road to Oz
- 6) The Emerald City of Oz
- 7) The Patchwork Girl of Oz
- 8) Tik-tok of Oz
- 9) The Scarecrow of Oz
- 10) Rinkitink in Oz
- 11) The Lost Princess of Oz
- 12) The Tinman Woodsman of Oz
- 13) The Magic of Oz
- 14) Glinda of Oz

These books are still being sold, and are being read to children who are being programmed with trauma-based total mind control. The 14 books came out in various editions. The originals came out in 1900 and shortly thereafter. In the 1930s, the 1940's, and the 1950's the words were retype set and given different pages. (When working with a survivor it might help to identify what decade the Page 100 .... edition the slave was programmed with, because the pictures and the page numbers varied from edition to edition.) Of course, having good pictures is an asset in programming, because the child will visualize off of the pictures when building its internal world.

In addition to this, large Wizard of Oz theme parks are being built by the Illuminati to provide places to carry out programming and to reinforce the programming which traps the minds of Monarch slaves. The best example of this, is the audacious MGM Grand complex in Las Vegas, although other theme parks around America also use a Wizard of Oz theme. If you have read Fritz Springmeier's *Be Wise As Serpents* you will know how the Theosophical Society ties in with Freemasonry, Satanism, and Lucis Trust. Several famous members of the Theosophical Society include:

Adolf Hitler (a Satanist who practiced human sacrifice, & who had HPB's book at his side).

Mahatma Gandhi (a Hindu guru considered a god by some of his followers. Gandhi was successful with the British in part because of the Theosophical Society).

H.P. Blavatsky (The founder of the Theosophical Society. She referred to herself as HPB. She was initiated by Illuminatus Mazzini into Carbonarism, a form of Freemasonry, illumined by the Great White Lodge in 1856, was part of the Hermetic Brotherhood of Luxor, and spent lots of time with the Eddy Illuminati family in Vermont, who were well known mediums. She also was a member of the occult fraternities the Order of the Druses, the Adoptive branch of the Ancient & Primitive Rite of Freemasonry, & the hermetic masonic rites of Memphis and Mizraim. She was trained to handle live snakes by Sheik Yusuf ben Makerzi, the chief of the Serpent Handlers, and she was hypnotized by occultist Victor Michal and to some degree from 1866 under his influence).

Alice Bailey (head of Lucis Trust) Henry Steel Olcott (an important occultist) Elvis Presley (a Monarch slave) Manly P. Hall (an Illuminati Theta Programmer, and at least a Grand Master within the Illuminati who sat on the Grand Druid Council).

Frank Baum The man who wrote the book The Wizard of Oz was a member of the Theosophical Society. L. Frank Baum lived in South Dakota and created The Wizard of Oz book as a theosophical fairy tale incorporating the "ancient wisdom" of the Mystery Religions. The books have so much material from inside the secret world of the Illuminati, that the few who understand the Illuminati wonder if Baum wasn't an insider.

The moral of the book is that we must rely upon ourselves, for we alone have the power to save ourselves. This was part of the original lie of Satan in the garden. Satan has simply dressed up the same original lie into different packaging and is distributing it worldwide as the most popular American fairy tale.

L. Frank Baum explained how he came to write the book, "It was pure inspiration....It came to me right out of the blue. I think that sometimes the Great Author has a message to get across and He has to use the instrument at hand. I happened to be that medium, and I believe the magic key was given me to open the doors to sympathy and understanding, joy, peace and happiness." (Hearn, Michael P. ed., The Annotated Wizard of Oz. NY: Clarkson N. Potter, 1973, p. 73).

In Baum's time, the head of the Theosophical Society, H.P. Blavatsky had been putting out her journal called Lucifer. In other words, I highly suspect Baum knew what the Theosophical Society was all about, and that he himself was deeply into the occult. The book The Wizard of Oz came out in 1900. (It wasn't until 1939 that the movie was made). This next section will cover the numerous parallels between the Wizard of Oz material and the occult world and the occult world's programming. This is broken up into 3 Page 101 .... sections:

#### PARALLELS BETWEEN:

##### A. THE WIZARD OF OZ BOOK & OCCULTISM

##### B. THE WIZARD OF OZ MOVIE & ILLUMINATI RITUALS

##### C. THE WIZARD OF OZ SERIES OF BOOKS AND MONARCH PROGRAMMING

For those readers who are unfamiliar with the occult world, some of these parallels at first may seem stretched. When one sees how many parallels there are, then occult nature of the books begins to sink in. The authors could provide the reader with more parallels between Satanism and The Wizard of Oz book, but we believe the following will suffice. (Some parallels may also apply to the movie).

## A. THE WIZARD OF OZ BOOK & OCCULTISM

Auntie Em represents HP Blavastky's "Mulaprakriti" and Uncle Henry represents HPB's "Unmanifested Logos". The carnival huckster (later seen as the Wizard) is advertised as being connected to the royal families of Europe.

The Royal families of Europe are secret Satanists, from powerful occult bloodlines. Dorothy is brought to Oz by a cyclone. The word cyclone originally was the greek word cyclone which means both a circle or the coil of a snake. In other words, the snake takes Dorothy to Oz. Dorothy's three companions represent the mental, emotional, and physical bodies that HPB wrote about. Dorothy acquired these three companions just as Theosophy says we will when we come into incarnation.

To quote HPB "There is no danger that dauntless courage cannot conquer; there is no trial that spotless purity cannot pass through; there is no difficulty that strong intellect cannot surmount." (Algeo, John. "The Wizard of Oz: The Perilous Journey", The Quest, Summer 1993. Wheaton, Il.: Theosophical Society in Amer.,p. 53).

In the book, the Tin Woodsman was an ordinary being of flesh, but a wicked witch casts a spell on him. He kept chopping off parts of his body, which were then replaced by a tinsmith, until he became the first bionic man, with a completely mechanic body. Boy, hasn't the Illuminati been trying to do this one!?

In step with Wizard of Oz mind-control programming, the wicked witch & naughty children cannot stand water but dissolve. Robotic clones are created in the minds of Monarch slaves which can only be mentally dissolved by mentally placing water on them. Dorothy goes questing in Oz. Theosophists (New Agers, Satanists, etc.) go on quests.

Oz is shaped like a Mandala with Emerald City in the center, an impassable barrier, four-sidedness, 4 symbolic colors, the circle and the center. The colors and directions given in Oz may also have other symbolic meanings in the occult. For instance, Emerald City is green and green is the fourth point of the Eastern Star (women's Freemasonry) & Satan's color. A The route that Dorothy follows in Oz has the shape of a T with its 3 points defining an inverted triangle.

The Yellow Brick Road suggests gold, the perfect metal. Gold is considered to be divine & the source of wisdom by the Illuminati. HPB had written "There is a Road, steep and thorny, beset with perils of every kind, but yet a Road, and it leads to the very heart of the universe." This was the yellow brick road that Baum the Theosophist sought to portray in his fairy tale. The book contains a great deal more perils and adventures on the road than the movie.

The article shows that the great teacher is a humbug but Dorothy and her own companions have the abilities to help themselves if they only will realize their own powers through the help of the good witch of the south.

This is in line with the Theosophical Society's, the Church of Satan's, and other occult groups Page 102 .... teachings which teach that the individual has the capabilities within themselves to achieve anything. One of the Theosophical Society's publications states, "Prepare thyself, for thou wilt have to travel on alone. The teacher can but point the way." ("The Voice of Silence" as quoted in "The Wizard of Oz" article, Quest, Summer, 1993 p. 54).

Part of the mind set of Satanism is that reality and fantasy become blurred. This blurring has been part of the brainwashing that is being systematically given to American children. Within Monarch slaves they have an incredibly difficult time trying to differentiate between reality and fantasy because of all the mind programming they have been subjected too. There are several techniques which will determine for Monarch survivors if their memories are real. In the board game called Illuminati!, put out by people connected to the Illuminati, the game states, "Don't believe any of this, it is all true."

These are the type of double-bind self contradictory statements that Satanists love to spew out. Monarch slaves are programmed full of double-binds. With the Satanist's penchant for blurring reality in mind, read the following quote where the President of the Theosophical Society admiringly describes the Wizard of Oz, "Part of Baum's joke is that things are never what they seem. Dorothy seems to be a simple and harmless little girl, but it is she who kills the wicked witches of both East and West.

The Scarecrow seems to lack brains, but he has all the ideas in the company. The Tin Woodman seems to lack a heart, but he is so full of sentiment that he is always weeping. The Cowardly Lion seems to be a coward, but he takes brave action whenever it is called for. The Wizard seems to be great and powerful, but he is actually a humbug. Oz seems to be a glorious and delightful land and Kansas to be dry, gray, and dull--but Oz is a world of illusion and Kansas is really home. Things are not what they seem, in Oz or Kansas."

## **B. RELATIONSHIPS BETWEEN THE MOVIE & ILLUMINATI RITUAL.**

The close relationship between Dorothy and her dog is a very subtle connection between the satanic cults use of animals (familiar). Those who read Vol. 1, may remember the example written about on how Illuminati Kingpin Alfred I. du Pont's dog Mummy served as Alfred's familiar spirit. Animals are very often used in ritual. This connection is very subtle, perhaps too subtle for it to be worthy of mention, except that those in Satanism will see the significance, even though others won't. What is trivial to one person may not be to the next.

A Monarch slave as a child will be allowed to bond with a pet. The child will want to bond with a pet anyway because people are terrifying by this point. Then the pet is killed in porn to traumatize the child. This happens quite frequently.

The Rainbow--with its seven colors have long had an occult significance of being a great spiritual hypnotic device. Constance Cumbey, in her book *The Hidden Dangers of the Rainbow*, which exposes the New Age Occult Movement, correctly writes, "The Rainbow (also called the Antahkarana or Rainbow Bridge). This is used as a hypnotic device (p.261).

The Supreme Council of the 33rd of Freemasonry has used the rainbow on the cover of their magazine. In a book teaching Druidism (as in Illuminati Druidism), *The 21 Lessons of Meryln*, the Rainbow is described as "A true sign of Magic...it exists in both worlds at once!" Elvira Gulch is a woman who owns 1/2 of the county where Dorothy lives in Kansas. She is shown later in the Land of Oz transformed as a witch.

Many of the Illuminati elite are rich and lead double lives. People who meet them at a ritual will see the dark side of these rich people. At the rituals, people are tranced from drugs, chanting, and mind control; they are "over the rainbow."

Professor Marvel uses a crystal ball which he claims was used by the Priests of Isis. Isis and Osiris are both part of the Ancient Egyptian Page 103 .... Mystery religion and modern Satanism.

Kansas is black & white, Oz is in color. Reality is downplayed in witchcraft and Satanism. Make believe is considered more colorful than reality. Also as an escape from this world, Satanists use drugs to enhance their perception of colors. Some of the famous writers took drugs which put them into altered states of consciousness in order to release their creativity. Both good and bad witches in Oz carry staffs. In Satanism & the Illuminati, Priestesses also carry similar staffs. Also the idea that there are good and evil witches--white and black magic is straight from the occult, and follows the Illuminati's gnostic beliefs.

Several scenes involve transference of power via transference of slippers from a witch. In Illuminati ritual, to transfer power, a Matriarch, or Mother of Darkness will kill the person in a position of authority with a strike on the forehead with a special mace like staff, and then put on their slippers. Ruby colored slippers are actually used as a symbol of authority at the Matriarch level in the Illuminati. The shoes are said to be golden at the Mothers of Darkness level in the Illuminati.

The bad witch uses poison, poisoned apples and poisoned brew. Satanic covens in real life do this same thing. The wizard is portrayed as someone who rules and is benevolent. In witchcraft, wizards do rule (even though in some groups wizards are simply called witches.) Winged monkeys in the haunted forest, harken back to the pagan cultures which placed wings on various animal idols. The trees are alive like animals in the film. The Illuminati believe that the trees have spirits. In one of the Oz films, even the stones have personality and talk. This comes straight out of Druidism.

The Tin Man is a person which has been part of Illuminati ceremonies. The first initial ceremony that children of the Illuminati may remember is where a Tin Man with an ax watches over their presentation to the coven. If the parent presents the child, nothing is done, but if the parent refuses to present the children, then the Tin Man in the ritual will use his ax to sever the child's head on a chopping block. (The Tin Man will also appear in Tin Man programming, and a Tin Man's Castle may well be built in the Monarch slave's head, but the point here is that the Tin Man is also part of ritual).

Dorothy kills the wicked witch of the west by a sharp blow to the forehead with the witch's staff. This is what is done in the Illuminati, when an elderly witch is being replaced. In both cases, whether in the movie or in real life in the Illuminati, when a witch is killed the people have a ceremony. In real life in the secret world of the Illuminati, a scroll is used to certify that the witch is dead both physically and spiritually. (The movie had this in it).

Just one example of the thousands of Illuminati Grande Dames killed in ritual like this is the recent billionaire Dorris Duke, who was ritually killed in 1993 on Halloween, also called All Hallows Eve, in the Beverly Hills, CA area. The Illuminati method for killing a Grande Dame and passing her spiritual power on is done with reverence. No blood is to be spilt out of respect for the elderly woman who gives up her life willingly. At death, the last breath is inhaled by the replacement to transfer the power.

There may be as many as 2,197 Grande Dames at such a coronation. The Grande Mothers (whose Systems are mistresses for Satan and hierarchy leaders) and the next rank, the Grande Dames, are often veiled in ritual and would wear robes with different colored lining. The different colors of linings show the different grades. A typical Grande Mother

vestment or robe is a black satin & velvet dress with a draped neckline, and ritual symbols down the center of the robe.

After someone like Dorris Duke willingly gives her (their) life, her head is served on a silver platter at a banquet. For the deeper alters of a high level slave, this is part of their way of life; they are told it is their birthright and heritage. Such alters will not be able to identify with the culture at large. To give up their programming, means giving up their magickal powers and their culture, which they have had to work hard for. To leave they would need to see something that they perceive as better. They are locked into their slavery due to their exposure to only a secret Illuminati culture and value system.

Because of their dissociation with the rest of their own System of alters, they don't perceive a need to change their lifestyle anymore than a Bushman would be able to feel a need to wear shoes. Why should the Bushman want shoes, if he has gotten along without them? Why should a high level slave want change, when they have gotten along without it? Experience shows that during deprogramming most of the lower level alters will want to escape their abuse, but the higher level ritual alters are so separated from the abuse they don't want to give up their status and culture.

Throughout the movie, scrolls are used. As stated, Moriah continues to use scrolls for their official ritual functions.

The wicked witch of the west says that her question was not "to kill or not to kill" Dorothy?, but rather HOW to kill Dorothy for "these things must be done delicately." This is exactly the attitude displayed within the Illuminati.

The film has occult items such as crystal balls in several scenes, haunted castles, magic and a benevolent wizard.

At one point the Lion says, "I do believe in spooks [ghosts], I do, I do, I do, I do." (Today, intelligence agents are also called spooks).

The Lion, Tinman, Dorothy and the Scarecrow must prove themselves worthy to receive the benevolence from Oz. The occult is full of rituals where the participant must prove himself worthy.

The phrase "seeds of learning" is used in Illuminati ceremonies. Staffs like the movie has are used by various occult groups. These staffs often serve as stun guns, so that shocks can be applied during ceremonies. The shocks may be applied so that the victim doesn't remember the ceremony.

### **C. Parallels Between The Wizard of Oz Series of Books and Monarch Programming**

The following are parts of the Wizard of Oz Monarch Programming, which is a base programming put in when the child is very young. Some of the slaves know portions of the Wizard of Oz script word-for-word.

Dorothy is told she doesn't have a brain if she has gotten into trouble. Dorothy is looking for a place where there is no trouble which is a place "over the rainbow." To escape pain, alters go over the rainbow. (This is a.k.a. in Alice In Wonderland Programming as "going through the looking glass".

Dorothy becomes unconscious, the world begins spinning, and then she sees disjointed pictures. This also happens to Monarch slaves. Later in the film, Dorothy states, "My! people come and go so quickly."

This is exactly what happens to the Monarch slave whose multiple personalities come and go. When the multiple personalities switch in and out very fast a spinning process can start which can be dangerous if it doesn't stop. Just like most hiccuping stops on its own, the rapid uncontrolled switching (which can be triggered by stress) usually stops on its own. Systems which subconsciously know they are going to be tortured and used may out of a subconscious fear begin this revolving switching.

It is said that the Monarch victim will become comatose if the rapid spinning goes on too long. Personalities are switched in what are called "tornado spins" or "tornado spinning" and personalities called "spin off" personalities come up according to the number of revolutions the slave is commanded to spin. By spinning the slave, the master can choose what sexual perversion he wants as each "spin off" personality has been trained to carry out a different perversion.

Over the rainbow in Oz is for the Monarch slave to be in a trance, and into a certain area of the programming. To be fluctuating at both ends as an observer and not a participant or to go to the other extreme and become a participant. The theme song of the movie goes, "Somewhere over the Rainbow...there's a land where the dreams that you dare to dream really come true." These lyrics are a method to hypnotically confuse the brain to perceive that the "over the Rainbow experience" (which is usually horrible abuse) is a "dream".

The dissociative mind is only too happy to call the trauma a dream, which is lived as a reality for a moment, but is nevertheless recorded by the mind as a fantasy. The term for this is cryptoamnesia, which means the process where the proper functioning of memory is hypnotically messed up. The slave's internal world becomes "reality" and the external real world becomes the Land of Oz which is perceived as make-believe.

Dwarfs are used in the internal programming. (Hollywood hired a large number of them for the movie's cast. They are called Munchkins in the movie.) Mengele, known as the programmer Dr. Green, was especially interested in experimenting traumas on dwarfs.

For bona-fides & recognition signals, the Monarch slaves wear diamonds to signify they are presidential models, rubies to signify their Oz programming for prostitution, and emeralds to signify their programming to do drug business. Rings are also used to signify what activity the slave is doing, and what rank or level they are in the occult.

Monarch slaves are taught to "follow the yellow brick road." No matter what fearful things lie ahead, the Monarch slave must follow the Yellow Brick Road which is set out before them by their master. For some slaves used as track stars, their Yellow Brick Road was the track they had to run. The Yellow Brick Road is the runway in which alters were trained to fly off from to exit their internal world and take the body.

The Yellow Brick Road also pertains to the assignment that an alter is given. To follow the Yellow Brick Road is to go down the road that has been assigned by command. The Yellow Brick Road programming is placed into the child's mind via the Yellow Brick Road of the Wizard of Oz story. Remember the key words, "Follow the Yellow Brick Road."

To get someone onto the Yellow Brick Road you must know the access code to get them through the poppy field. The color codes are important to get an alter through the field of poppies.

"Fiddler" is important word to get to the yellow brick road (it signifies the programmer in the context of "the programmer is here, go over the rainbow") and then the alters eat what is variously called MUSIC or a SCRIPT or A LETTER which are words meaning "instructions."

In the 1900 edition of the book on page 3 1-32 says (programming cues are in caps), "She closed the door, locked it, and put the KEY carefully in the pocket of her dress. And so, with Toto trotting along soberly behind her, SHE STARTED ON HER JOURNEY. THERE WERE SEVERAL ROADS NEAR BY, BUT IT DID NOT TAKE HER LONG TO FIND THE ONE PAVED WITH YELLOW BRICK. Within a short time she was walking briskly toward the EMERALD CITY, HER SILVER SHOES tinkling merrily on the hard, YELLOW ROADBED. The sun shone BRIGHT AND THE BIRDS SANG SWEET and Dorothy did not feel nearly as bad as you might think a little girl would who had been SUDDENLY WHISKED AWAY FROM HER OWN COUNTRY AND SET DOWN IN THE MIDST OF A STRANGE LAND....The houses of the Munchkins were odd-looking dwellings,...ALL WERE PAINTED BLUE, for in this country of the EAST BLUE WAS THE FAVORITE COLOR... FIVE LITTLE FIDDLERS PLAYED AS LOUDLY AS POSSIBLE AND THE PEOPLE WERE LAUGHING AND SINGING, while a big table nearby was loaded with DELICIOUS FRUITS [the programs] and NUTS, PIES, and cakes, and many OTHER GOOD THINGS TO EAT [scripts to ingest]."

Monarch slaves are threatened with fire, like the Scarecrow. They also see people dismembered like the Scarecrow was dismembered. For them it is not an idle threat. The front alters also have hearts full of pain like Scarecrow.

Certain alters are not given courage and most have their hearts taken from them. The alters who are programmed not to have hearts are hypnotically told the same thing the Tin Man says, "I could be human if I only had a heart." (See Chapter 4, where it discusses hypnosurgery).

Some alters are taught they are stupid and have no brain. Scarecrow is asked the question, "How can you talk without a brain? Scarecrow answers, "Some people without a brain can do a lot of talking."

Emerald City is used in programming. Emerald City in the programming will be well guarded and hard to reach. Several important things will be placed inside the Emerald City, including the deeper Illuminati alters.

Castles are used in the programming. Lots of castles, either in the mind's imagery or purely demoniac are placed into the slave's mind.

Winged monkeys are able to watch in the movies somewhat as spy satellites. Winged monkeys are used in the programming to create a fear of always being watched.

The Flowers used in the movie and books, are also used in the programming. The witch uses poppy flowers to put the lion and Dorothy to sleep. Opium and cocaine are used to tranquilize Monarch slaves. An alter of a slave will get trancy when they enter the poppy field. (Heroin and cocaine come from poppies.) In the film, Dorothy says, "What is happening? I'm so sleepy." She and the lion get sleepy for no apparent reason very

quickly. Monarch slaves do the same thing. Waking up with snow in the movie is nothing less than an allusion to cocaine which is a common substance given to Monarch slaves to help make them dependent.

Dorothy states at one point in the movie that she "doesn't remember". She then follows this up with "I guess it doesn't matter."

Hour glasses appear in the movie in several spots, and they also occur in various contexts in people who have been programmed by the Monarch programming. Some victims of the programming have hour glass configurations each created around a separate axis. The hour glasses have the ability to be rotated which causes certain alters to be brought forward. Monarch slave masters have also used hour glasses to indicate to their slaves that death was imminent and that time was running out. This is the way the wicked witch used the hour glass on Dorothy, who happens to be saved just as the hour glass runs out.

Some Monarch slave masters actually have large hour glasses (sometimes 3' high) like in the movie. (In Cathy O'Brien's autobiography of her life as a Monarch slave Transformation of America she has a photograph of Sec. of Defense Cheney's hour glass on his desk with him seated. This hour glass was used to threaten her as a slave).

When a Monarch slave sees an hour glass they may switch, but basically it is a reminder that the slave masters have the power to run a person's time out. One slave was told, "The sand that sifts through the hourglass is a measure of your worthiness to live or die."

The hour glass shape is basically two triangles which touch at their peaks, or an X configuration with the tops of the X having lines. The child's mind is to visualize this configuration as a compass, as the four points N, S, E, W, they are to see the X configuration also as an x, y axis upon which a city is structured upon.

The hour glass then is tied to several other concepts which integrate themselves well with the basic X shape of the hour glass. Circles with X's are stacked on top of each other to form the different worlds which contain the alters. The two pie shaped pieces of the hour glass will hold one world, while the hour glass configuration made by the other two adjacent pieces hold the looking glass mirror images of each alter. Each hour glass is called 2 quadrants. To remove 4 quadrants would of course take both alters and mirror images with it. In mathematics, it could be stated that regular alters are in quadrant x,y and -x, -y. And that the looking glass people--the mirror images, early splits made from each alter as a copy, are in quadrants -x, y and x, -y. (See the chapter on how to structure a System).

"Click your heel together and be there in a snap" is both in the movie and in the programming cues. Military Monarch slave models are especially taught to click their heels together. (Joseph Mengele, Dr. Black, Michael Aquino and others also liked to click their Nazi boots together while they programmed children).

"SILENCE!" is both in the movie and a command of the Oz Programming. This word SILENCE stands for a code of "no talk" which runs deep in the mind of the slave.

As in the movie, certain slave alters will talk to their masters as Dorothy did, "If you please, Sir..." The keys (and triggers) to control the switching of personalities and to give orders are frequently based on Wizard of Oz material. A Monarch slave owner might use cues based on the Wizard of Oz such as "THERE'S A PAIR OF MAGIC SHOES TO WEAR WITH YOUR DRESS...SOMETHING IN LIGHTENING...TO TRANSPORT YOU FASTER THAN THE OL' RUBY SLIPPERS." (Quote from O'Brien, Cathy).

"Operation Carrier Pigeon", Monograph, pg. 2.) A cryptic death threat given to Cathy as a slave by handler Sec. of Defense Cheney to kill her daughter by taking off her daughter's ears was then backed up by the hypnotic command based on Wizard of Oz programming, "I'LL GET HER, MY PRETTY. . . YOUR LITTLE GIRL."

The programming that is related to the Tin Man produces a monarch slave which is described as "A WELL OILED MACHINE" by the handlers. U.S. Sen. Allen Simpson, one of the perpetrators of the Monarch Program, referred to the Tin Man programming when he told a slave "THESE ARE BUT EMPTY SHELLS OF THE LIFE THEY WERE ONCE POSSESSED. LIKE YOU ARE--EMPTY AND VOID OF LIFE." Phrases like "troubles melt" can be found in both the movie and in the programming. Let's now cover what programming is based on the Oz books, that isn't found in the movie.

A great deal of the Oz programming comes from the books, of which only the first book was used for the movie. The public is familiar with the movie which is based on the first one, but in general doesn't know the other books exist. We will not go through the scripts of all 14 books--there isn't room for that, but by going through a few of the books, the reader will begin to see the massive amount of material which was used for programming scripts in the Oz books.

It is one thing to say, the Wizard of Oz was used as a mind-control programming script, but that doesn't convey the extent of it. Large sections of the 14 books are almost perfect for mind-control. If you take the trouble to read these quotes, you may find yourself startled at what you thought at first glance was a nice child story!

Pg. 38 Book 1 The Wizard of Oz:

"That is true," said the Scarecrow. "You see," he continued, confidently, "I DON'T MIND MY LEGS AND ARMS AND BODY BEING STUFFED, BECAUSE I CANNOT GET HURT. IF ANYONE TREADS ON MY TOES OR STICKS A PIN INTO ME, IT DOESN'T MATTER, FOR I CAN'T FEEL IT."

This is teaching dissociation. The slaves actually do have pins & needles stuck into them, or toothpicks under their fingernails, etc.

If anyone asks the slave a question they can say according to the script, "I don't know anything." The infant slave will be taught words like this "STICKS & STONES MAY BREAK MY BACK, BUT WORDS WILL NEVER HURT ME, BECAUSE I'M NOT HERE."

Pg. 41 Book 1 The Wizard of Oz:

"It never hurt him, however, and Dorothy would pick him up and set him upon his feet again, while he joined her in laughing merrily at his own mishap."

This is teaching the programming "IT'S O.K., IT DOESN'T MATTER, NOTHING WRONG HERE" that the slave is taught to tell the world.

Pg. 40 Book 1 The Wizard of Oz:

"nest of rats in the straw, ...at the scarecrow."

The mice in a Monarch System which control the turning of the quadrant's clock, hide from the scarecrow.

Pg. 42 Book 1 The Wizard of Oz:

"fewer fruit trees..."

If the slave eats the fruit [code for programs] without permission, the dwarf munchkins will beat the alter with their clubs. Also on this page HOME is called KANSAS, and it is described as "how gray everything was there." In other words, reality isn't as great and colorful as the make believe internal world you can build in your mind to escape this hell we're giving you.

Pg. 43 Book 1 The Wizard of Oz:

...The Scarecrow looked at her reproachfully, and answered, "My life has been so short that I really know nothing whatever. I was only made day before yesterday. What happened in the world before that time is all unknown to me. Luckily, when the farmer made my head, one of the first things he did was to paint my ears, so that I heard what was going on."

This is the script read to new alters, to help them have a clean slate before programming them with another new script. This is coupled with the Wizard of Oz theme that the Wizard gives brains (what to think) to the Scarecrow. The alters are hypnotically programmed that if they think on their own--then they are empty headed like the Scarecrow. They can only have something in their head if they let the Wizard give them what to think.

Pg. 45 Book 1 The Wizard of Oz:

"It was a lonely life to lead, for I had nothing to think of, having been made such a little while before."

This is part of the script read a new alter.

Pg. 48 Book 1 The Wizard of Oz:

"So the Scarecrow led her through the trees until they reached the cottage, and Dorothy entered and found a bed of dried leaves in one corner. She lay down at once, and with Toto beside her, soon fell into a sound sleep. the Scarecrow who was never tired, stood up in another corner and waited..."

This was used to program part of a script for an Illuminati ceremony.

Pg. 57 Book 1 The Wizard of Oz:

"So the old woman went to the wicked Witch of the East, and promised her two sheep and a cow if she would prevent the marriage. Therefore, upon the wicked Witch enchanted my axe, and when I was chopping away...the axe slipped all at once and cut off my left leg. "This at first seemed a great misfortune, for I knew a one-legged man could not do very well as a woodchopper. So I went to a tinsmith and had him make me a new leg out of tin. The leg worked very well, once I was used to it; but my action angered the wicked Witch of the East, for she had promised the old woman I should not marry the

pretty Munchkin girl. When I began chopping again my axe slipped and cut off my right leg. Again I went to the tinner, and again he made me a leg out of tin. After this the enchanted axe cut off my arms, one after the other; but, nothing daunted, I had them replaced with tin ones. The wicked Witch then made the axe slip and cut off my head, and at first I thought that was the end of me. But the tinner happened to come along, and he made me a new head out of tin."

This is an Illuminati ceremony script done by Dr. Mengele with children at a very young age. It was a blood oath to "Green" that if they let anyone touch the programming they would cut themselves.

Pg. 58 Book 1 The Wizard of Oz:

"...splitting me into two halves. Once more the tinner came to my help and made me a body of tin, fastening my tin arms...But alas! I had now no heart, so that I lost all my love for the Munchkin girl... I had known was the loss of my heart. While I was in love I was the happiest man on earth; but no one can love who has not a heart, and so I am resolved to ask Oz to give me one."

Pg. 66 Book 1 The Wizard of Oz:

The Scarecrow, the Tin Woodsman and Dorothy expect that the Wizard of Oz can give a brain, a heart, and send Dorothy back to Kansas. Under programming the Master as the Wizard can give alters what he wants including sending them back to Kansas (their internal reality).

Pg. 77 Book 1 The Wizard of Oz:

"...they could see the road of yellow brick running through a beautiful country, with green meadows dotted with bright flowers and all the road bordered with trees hanging full of delicious fruits."

This is used for the imagery of the yellow brick road.

Pg. 87 Book 1 The Wizard of Oz:

"Scarlet poppies...their odor is so powerful that anyone who breathes it falls asleep, and if the sleeper is not carried away from the scent of the flowers he sleeps on and on forever. But Dorothy did not know this, nor could she get away from the bright red flowers that were everywhere about; so presently her eyes grew heavy and she felt she must sit down to rest and to sleep."

This is an important part of the programming. This is the story line for tracing deep.

Pg. 112 Book 1 The Wizard of Oz:

"Then the Guardian of the Gates put on his own glasses and told them he was ready to show them to the palace. Taking a big golden key from a peg on the wall he opened another gate, and they all followed him through the portal into the streets of the Emerald City."

This is helpful imagery in setting up the internal Emerald City and its guards.

### **Book 3. Ozma of Oz**

Pg. 20 Book 3 Ozma of Oz:

"But the wind, as if satisfied at last with its mischievous pranks, stopped blowing this ocean and hurried away to another part of the world to blow something else; so that the waves, not being joggled any more, began to quiet down and behave themselves."

Used to create protective programming, notice how the wind is personified.

Pg. 23 Book 3 Ozma of Oz:

"So she sat down in a corner of the coop, leaned her back against the slats, nodded at the friendly stars before she closed her eyes, and was asleep in half a minute." Alters may be trained to trance when placed in a corner.

Pg. 27 Book 3 Ozma of Oz:

"No, indeed; I never care to hatch eggs unless I've a nice snug nest, in some quiet place, with a baker's dozen of eggs under me. That's thirteen, you know, and it's a lucky number for hens. So you may as well eat this egg."

This has been used often to get 13 splits when torturing. Many Illuminati Systems were set up on 13 grids.

Pg. 30 Book 3 Ozma of Oz:

"Next to the water [programming cue to build Atlantis] was a broad beach of white sand and gravel [programming cue to build Troy], and farther back were several rocky hills, while beyond these appeared a strip of green trees [programming cue to build a green forest] that marked the edge of a forest. But there were no houses to be seen, nor any sign of people [programming cue for alters to be invisible] who might inhabit this unknown land."

This page along with others near it, have been used to build the structures in the internal world of Illuminati slaves. In brackets are a sample of how it could be used when building an internal world.

Pg. 34 Book 3 Ozma of Oz":

"Why eating live things...You ought to be ashamed of yourself!" "Goodness me!" returned the hen, in a puzzled tone; how queer you are, Dorothy! Live things are much fresher and more wholesome than dead ones, and you humans eat all sorts of dead creatures."

This is used to encourage cannibalism.

Pg. 35 Book 3 Ozma of Oz:

"...a large sized golden key."

To encourage the imagery of golden keys, which are used frequently in the internal system.

The next chapter "Letter in the Sand" has singing trees in it, which have been popular items for the Illuminati due to their druid beliefs.

Pg. 39 Book 3 Ozma of Oz:

"Bye, bye, and bye, when she was almost in despair, the little girl came upon two trees that promised to furnish her with plenty of food. One was quite full of square paper boxes, which grew in clusters on all the limbs, and upon the biggest and ripest boxes the word 'Lunch' could be read, in neat letters. The tree seemed to bear all the year around, for there were lunch-box blossoms on some of the branches, and on others tiny little lunch-boxes that were as yet quite green, and evidently not fit to eat."

Boxes are built internally in the slave's mind and a box will contain a program. The food is the programming that the slave is to eat and digest. The programming in the box might be songs, nursery rhymes, or a poem or anything. (On page 41, there is a full page picture of a girl picking a lunch-pail from a tree limb to eat it).

Pg. 40 Book 3 Ozma of Oz:

"The little girl stood on tip-toe and picked one of the nicest and biggest lunch-boxes, and then she sat down upon the ground and eagerly opened it. Inside she found, nicely wrapped in white papers, a ham sandwich, a piece of sponge-cake, a pickle, a slice of new cheese and an apple. Each thing had a separate stem,..."

The lunch-boxes on the tree are the programs which the programmers put in. The stems are what link the programming stories together in the child's mind.

Pg. 42 Book 3 Ozma of Oz:

"I had a pair of silver shoes, that carried me through the air. ...said Dorothy."

In the programming silver shoes are used as cues to go into altered states (i.e. through the air).

Pg. 44 Book 3 Ozma of Oz:

"embroidered garments of many colors"

Color programming for the ribbons.

Pg. 47 Book 3 Ozma of Oz:

"We'll get you in time, never fear! And when we do get you, we'll tear you into little bits." "Why are you so cruel to me? asked Dorothy. "I'm a stranger in your country, and have done you no harm." "No harm!" cried one who seemed to be their leader. "Did you not pick our lunch-boxes and dinner pails? Have you not a stolen dinner-pail still in your hand? ...it is the law here that whoever picks a dinner-pail without our permission must die immediately."

The programming message to all of this is that no one had better touch the dinner-pails which represent the programs or they are to die immediately. Armies like in the story guard the internal programming of the slave.

Pg. 51 Book 3 Ozma of Oz:

These pages describe a crack in rocks that is a door. This is used for Petra programming.

Pg. 52 Book 3 Ozma of Oz:

"golden key"..."within the narrow chamber of rock was the form of a man--or, at least, it seemed like a man...his head and limbs were copper. Also his head and limbs were copper, and these were jointed or hinged to his body in a peculiar way, with metal caps over the joints, like the armor worn by knights in days of old."

These are a System's robots which are said by the programmers to be friends, and which are invisible. You can see other people's robots but not one's own internal robots.

Pg. 53 Book 3 Ozma of Oz:

"This copper man is not alive at all."

The clone robots are made to think they are not alive, but just robots. In reality they are little child alters suited up to think they are robots.

Pg. 55 Book 3 Ozma of Oz:

"...back view of the copper man, and in this way discovered a printed card that hung between his shoulders, it being suspended from a small copper peg at the back of his neck."

The robots are put in by a combination of several stories. The deep sea divers of 20,000 Leagues Under the Sea, and the Wizard of Oz's Copper Man reinforce each other.

"Extra Responsive Mechanical man fitted with our special clock-work attachment. Thinks, Speaks, Acts, and Does Everything but Live. Manufactured only at our Works at Evna, Land of Ev. All infringements will be promptly Prosecuted according to Law."

This huge sign is part of the robotic programming the clone robots receive. Notice that they are drilled into total obedience--all infringements will be promptly Prosecuted. Obey the law that your Master gives you.

Pg. 56 Book 3 Ozma of Oz:

"DIRECTIONS FOR USING For THINKING: --Wind the Clock-work Man under his left arm, (marked No. 1) For SPEAKING: --Wind the Clock-work Man under his right arm, (marked No. 2) For WALKING: --Wind Clock-work in the -middle of his back, (marked No. 3) N.B.--This Mechanism is guaranteed to work perfectly for a thousand years."

These instructions were used to build Dr. Green's (Mengele's) boxes and the robots.

Pg. 58 Book 3 Ozma of Oz:

"The words sounded a little hoarse and creaky, and they were uttered all in the same tone, without any change of expression whatever; but both Dorothy and Billina understood them perfectly."

This was used to program the internal robots to speak in unison and to repeat themselves.

Pg. 60 Book 3 Ozma of Oz:

"After that I re-mem-ber noth-ing until you wound me up a-gain."

The internal robots forget and then are prepared again for war.

Pg. 62 Book 3 Ozma of Oz:

"From this time forth I am your o-be-di-ent servant. What-ev-er you com-mand, that I will do will-ing-ly--if you keep me wound up."

This is used to teach the internal robots obedience to their programming.

Pg. 67 Book 3 Ozma of Oz:

"Within the pail were three slice of turkey, two slices of cold tongue, some lobster salad, four slices of bread and butter, a small custard pie, an orange and nine large strawberries and some nuts and raisins. Singularly enough, the nuts in this dinner-pail grew already cracked, so that Dorothy had no trouble in picking out their meats to eat."

This is given to front alters as the front programming so that they see the programs as only "fruit".

Pg. 68 Book 3 Ozma of Oz:

"Do the lunch-box trees and the dinner-pail trees belong to the Wheelers? the child asked Tiktok, while engaged in eating her meal. 'Of course not,' he answered. 'They belong to the roy-al fam-il-y of Ev, on-ly of course there is no roy-al fam-il-y just now be-cause King Ev-ol-do jumped in-to the sea and his wife and ten children have been trans-formed by the Nome King...you will find the roy-al 'E' stamped up-on the bottom of ev-er-y din-ner pail."

The Nome King in the programming became the ruler of the demons/system within the Monarch system. Several story lines from a number of sources are overlapped to reinforce the programming scripts. The programmers will use other stories to introduce themselves into the system too. In case readers don't know, a Monarch system will have hidden powerful alters that are made in the image of their programmers, that serve as personal representatives of the programmers.

Pg. 79 Book 3 Ozma of Oz:

"I am only a ma-chine, and can-not feel sor-row or joy, no mat-ter what hap-pens."

This is teaching mechanical dissociation, and coincides with Tin Man programming.

Pg. 83 Book 3 Ozma of Oz:

"For the Princess Langwidere is a different person every time I see her, and the only way her subjects can recognize her at all is by means of a beautiful ruby key which she always wears on a chain attached to her left wrist. When we see the key we know we are beholding the Princess." "That is strange," said Dorothy, in astonishment. "Do you mean to say that so many different princesses are one and the same person?" "Not exactly," answered the Wheeler. "There is, of course, but one princess; but she appears to us in many forms, which are all more or less beautiful."

Doesn't this sound like MPD! Did Frank Baum know about MPD?

Pg. 90 Book 3 Ozma of Oz:

"Princess Langwidere's sitting-room was panelled with great mirrors, which reached from the ceiling to the floor; also the ceiling was composed of mirrors, and the floor was of polished silver that reflected every object upon it. So when Langwidere sat in her easy chair and played soft melodies upon her mandolin, her form was mirrored hundreds of times, in walls, and ceilings and floor, and whichever way..."

This is the mirror programming that has been done to so many victims!

Pg. 91 Book 3 Ozma of Oz:

"Now I must explain to you that the Princess Langwidere had thirty heads."

Isn't this story line convenient for programming?

Pg. 94 Book 3 Ozma of Oz:

"...Langwidere to a position in front of cupboard No. 17, the Princess unlocked the door with her ruby key and after handing head No.9, which she had been wearing, to the maid, she took No. 17 from its shelf and fitted it to her neck....There was one trouble with No. 17; the temper that went with it (and which was hidden...)was fiery, harsh and haughty in the extreme, and it often led the Princess to do unpleasant things which she regretted when she came to wear her other heads."

Does the reader see how this is programming to switch personalities. And personality No. 17 is locked up--which is a common programming methodology. The fiery, harsh anger--those are the demonic imps that the victim is coached to accept as normal which are layered in. (See chapter 10).

Pg. 98 Book 3 Ozma of Oz:

"'To hear is to obey,' answered the big red colonel, and caught the child by the arm." pg. 99 Book 3 Ozma of Oz, "...the colonel had by this time managed to get upon his feet again, so he grabbed fast hold of the girl and she was helpless to escape."

Pg. 102 Book 3 Ozma of Oz:

"Once a cyclone had carried her across it, and a magical pair of silver shoes had carried her back again."

Pg. 103 Book 3 Ozma of Oz:

"Fist came a magnificent golden chariot, drawn by a great Lion and an immense Tiger, who stood shoulder to shoulder and trotted along as gracefully as a well-matched team of thoroughbred horses. And standing upright within the chariot was a beautiful girl clothed in flowing robes of silver gauze and wearing a jeweled diadem upon her dainty head. She held in one hand the satin ribbons that guided her astonishing team, and in the other an ivory wand that separated at the top into two prongs, the prongs being tipped by the letters 'O' and 'Z', made of glistening diamonds set closely together."

The way this was used for programming is that guard alters are made out of kittens, who believe they are fierce tigers and lions and other wild cats. Ozma, represents the Illuminati Queen Mother with her crown and scepter.

Pg. 104 Book 3 Ozma of Oz:

On this page we see Ozma of Oz, the Scarecrow, the Saw-Horse, the Tin Woodman, and soldiers. These characters were used in the programming. Toward the bottom of the page is something that was built into the Systems so that alters would stay in place in their internal world.

"...the green carpet rolled itself up again...In order that their feet might not come in contact with the deadly, life-destroying sands of the desert."

Pg. 117 Book 3 Ozma of Oz:

"Dorothy took the key to Tiktok from her pocket and wound up the machine man's action, so that he could bow properly when introduced to the rest of the company."

Pg. 119-120 Book 3 Ozma of Oz:

" 'Let me introduce to you a new friend of mine, the Hungry Tiger.' ...he displayed two rows of terrible teeth and a mouth big enough to startle anyone.' 'Dreadfully hungry,' answered the Tiger, snapping his jaws together with a fierce click.'" This is programming for deeper cats in an alter system. The next page tells how this is used to teach the child alter cannibalism. "...the tiger. 'For my part, I'm a savage beast, and have an appetite for all sorts of poor living creatures, from a chipmonk to fat babies.' 'How dreadful!' said Dorothy. 'Isn't it, though?' returned the Hungry Tiger licking his lips with his long red tongue. 'Fat babies! Don't they sound delicious? ...If I had no conscience I would probably eat the babies and then get hungry again, which would mean that I had sacrificed the poor babies for nothing....For it is the nature of tigers to be cruel and ferocious, and in refusing to eat harmless living creatures I am acting as no good tiger has ever before acted."

This part of the book is used to help teach the child alters which think they are tigers to be cannibalistic and actually participate in eating babies. This is all filmed to be used against the mind-controlled slave.

Pg. 130-3 1 Book 3 Ozma of Oz:

" 'No one knows, exactly,' replied the Princess. 'For the King, whose name is Roquat of the Rocks, owns a splendid palace underneath the great mountain which is at the north end of this kingdom, and he has transformed the queen and her children into ornaments

and bric-a-brac with which to decorate his rooms." 'T'd like to know," said Dorothy, 'Who this Nome King is?'" 'I will tell you, replied Ozma. 'He is said to be the Ruler of the Underground World, and commands the rocks and all that the rocks contain. Under his rule are many thousands of the Nomes, who are queerly shaped but powerful sprites that labor at the furnaces and forges of their king, making gold and silver and other metals which they conceal in the crevices of the rocks, so that those living upon the earth's surface can only find them with great difficulty. Also they make diamonds and rubies and emeralds, which they hide in the ground; so that the kingdom of Nomes is wonderfully rich, and all we have of precious stones and silver and gold is what we take from the earth and rocks where the Nome King has hidden them....the Ruler of the Underground World is not fond of those who live upon the earth's surface, and never appears among us. If we wish to see King Roquat of the Rocks, we must visit his won country, where he is all powerful, and therefore it will be a dangerous undertaking....the furnaces of the Nome King....a single spark of fire might destroy me entirely.' 'The furnaces may also melt my tin,' said the Tin Woodman; but I am going.'" 'I can't bear heat,' remarked the Princess... "

This is used to program in the dwarfs who mine the jewels (programs). The dwarfs are often demonic imps or gnomes, rather than being real alters. Notice that the story line fits in beautifully with the Hell Pit that the Programmers so often put at the basement of people's minds. The Hell Pit would have programming to make someone burn. If someone approaches where the Dwarfs live (which is deep underground--deep in the mind) they will burn. Notice again the words diamonds, rubies, emeralds, silver and gold which are all parts of programming codes.

Pg. 139 Book 3 Ozma of Oz:

" 'But I know enough to obey my masters, and to gid-dup, or whoa, when I'm told to.' "

This is teaching obedience. "Lower down the table were the twenty-seven warriors of Oz." This was used to create alters within the internal world.

Pg. 147-148 Book 3 Ozma of Oz:

The form was that of a gigantic man built out of plates of cast iron, and it stood with one foot on either side of the narrow road and swung over its right shoulder an immense iron mallet, with which it constantly pounded the earth. These resounding blows explained the thumping sounds they had heard, for the mallet was much bigger than a barrel, and where it struck the path between the rocky sides of the mountain it filled all the space through which our travelers would be obliged to pass. Of course they at once halted, a safe distance away from the terrible iron mallet. The magic carpet would do them no good in this case, for it was only meant to protect them from any dangers upon the ground beneath their feet, and not from dangers that appeared in the air above them.

"Wow!" said the Cowardly Lion, with a shudder. "It makes me dreadfully nervous to see that big hammer pounding so near my head. One blow would crush me into a door-mat." "The ir-on gi-ant is a fine fellow," said Tiktok, "and works as stead-i-ly as a clock. He was made for the Nome King by Smith & Tin-ker, who made me, and his du-ty is to keep folks from find-ing the un-der-ground pal-ace. Is he not a great work of art?"... "No," replied the machine; "he is only made to pound the road, and has no think-ing or speak-ing at-tach-ment. But he pounds ve-ry well, I think."... "Is there no way to stop his machinery?" "On-ly the Nome King, who has the key, can do that," answered Tiktok....Meanwhile the giant continued to raise his iron mallet high in the air and to strike the path terrific blows that echoed through the mountains like the roar of cannon."

This was used as the script to place in Thor, a giant who protects the programming. Very severe split brain headaches are programmed to occur to the victim, whenever the internal Thor pounds his hammer. If the programming is threatened, Thor and the imps (demons) appear, to protect it. There are an entire series of events using programming and obedient alters that takes place to protect the programming, if it is ever threatened.

Pg. 159 Book 3 Ozma of Oz:

"There was no reply, except that the shifting Nomes upon the mountain laughed in derision. 'You must not command the Nome King.' said Tiktok, 'for you do not rule him, as you do your own people.'"

The purpose of this part is to prepare the child's alters to accept that internal Queens and other leading alters do not rule the demons that are placed into their system, and are not to order them around.

Pg. 163 Book 3 Ozma of Oz:

"In the center of this room was a throne carved out of a solid boulder of rock, rude and rugged in shape but glittering with great rubies and diamonds and emeralds on every part of its surface. And upon the throne sat the Nome King. pg. 167 Book 3 Ozma of Oz, on this page is a picture of the Nome King telling Dorothy and Ozma that, "They belong to me and I shall keep them."

In other words, the imps and their jewels belong to the king of the demons. Around his throne are steps with gems, and this imagery was used to build the internal gems in a system, with Satan/the AntiChrist's throne at the top of the stairs.

Pg. 170 Book 3 Ozma of Oz:

"Although this army consisted of rock-colored Nomes, all squat and fat, they were clothed in glittering armor of polished steel, inlaid with beautiful gems. Upon his brow each wore a brilliant electric light, and they bore sharp spears and swords and battle-axes of solid bronze. It was evident they were perfectly trained, for they stood in straight rows, rank after rank, with their weapons held erect and true, as if awaiting but the word of command to level them upon their foes." "This," said the Nome King, "is but a small part of my army. No ruler upon Earth has ever dared to fight me, and no ruler ever will, for I am too powerful to oppose."

This was to help build acceptance within the child of the layering of armies of demons.

Pg. 180, Book 3 Ozma of Oz:

"For upon the edge of the table rested a pretty grasshopper, that seemed to have been formed from a single emerald."

The next page has a picture of a grasshopper wearing a hat and many shoes. This was used to help the victim take the hypnotic suggestion that their programmer was a grasshopper, a cricket. Mengele used a clicker which helped with this hypnotic suggestion too.

Pg. 182-183 Book 3 Ozma of Oz:

"...the King returned to his throne.... they were greatly Page 115 .... disheartened by...the knowledge that she was now an ornament in the Nome King's palace--a dreadful, creepy place in spite of all its magnificence. Without their little leader they did not know what to do next, and each one, down to the trembling private of the army, began to fear he would soon be more ornamental than useful....' Never mind,' said the jolly monarch. 'If he doesn't care to enter the palace...I'll throw him into one of my fiery furnaces.'

Pg. 184 Book 3 Ozma of Oz:

"...twenty-six officers filed into the palace and made their guesses---and became ornaments." Story line used to program parts to become useful ornaments. "...he wore a heavy gold chain around his neck to show that he was the Chief Steward of the Nome King..."

Many of the abusers signify their power to the slaves, by wearing a gold chain around their neck.

Pg. 186 Book 3 Ozma of Oz:

On this page it states that some magical power gave the King the ability to know all that took place in his palace. By crediting their abilities to an occult magical dimension, the programmers enhanced their appearance of power to the child victim.

Pg. 192 Book 3 Ozma of Oz:

On this page and the surrounding pages, the people who have become ornaments are also assigned colors. The Queen of Ev "are all ornaments of a royal purple color." and "all those people from Oz into green ornaments."

Pg. 194 Book 3 Ozma of Oz:

'If I wore the magic belt which enables you to work all your transformations, and gives you so much other power....What color will you make the Kansas girl? asked the Steward. 'Gray, I think,' said his Majesty. 'And the Scarecrow and the machine man?' 'Oh, they shall be of solid gold, because they are so ugly in real life.'

This was the script to bring in the color programming. Color programming is discussed in the Structuring chapter (7) and the Internal Controls chapter (11) dealing with the internal computers, and in chapter 4 where the codes are given.

Pg. 192 Book 3 Ozma of Oz:

'What more do you want?' demanded the King. 'A fat baby. I want a fat baby,' said the Hungry Tiger. 'A nice, plump, juicy, tender, fat baby.' When the alters are forced to accept that they are tigers and other cats, then they are encouraged (forced) into cannibalism.

Pg. 200 Book 3 Ozma of Oz:

"So Tiktok touched a yellow glass vase that had daisies painted on one side, and he spoke at the same time the word 'Ev.' .... In a flash the machine man had disappeared,..."

This was part of the programming to introduce daisies and switching.

Pg. 201 Book 3 Ozma of Oz:

"Next she touched the image of a purple kitten that stood on the corner of a mantel, and as she pronounced the word 'Ev' the kitten disappeared, and a pretty, fair-haired boy stood beside her."

This is teaching the switching of alters and their color programming.

We will stop our coverage of the Ozma of Oz book here. We have only partially covered only two of the 14 Oz books, all of which were used as programming scripts. There are many more sections in this series of 14 books that served as programming scripts, but the reader has got the basic idea. It is still important to go over how some of the other books were used in programming, so that the reader begins to see how the story lines assist in programming, and how the story lines are so frequently tied together from perhaps 12 different stories to reinforce one alter's programming.

## Chapter 6

### Science No. 6

#### The Use of Electronics and Electricity

**These photos printed in a magazine in the fall of 1981 show electric prod marks on the necks of these two slaves who were used for porn.**

Another basic component of the Monarch program is lots of electro shock. Stun guns, staffs with hidden electric cattle prods, and cattle prods are frequently used on the slaves. Electroshock is used to create the dissociation from trauma during the programming, and later it is used to remove memories after the slave has carried out a mission, or to instill fear and obedience in a reluctant slave. Slaves generally carry horrible body memories of excruciating electroshock tortures to their entire bodies. As the slaves begin a therapeutic deprogramming process they will recover these horrible memories, not to mention many other painful memories. A slave often shows electroshock marks on their feet, or back, or buttock or legs after they have been used. An owner of a slave will ordinarily carry a stun gun. This is perhaps a 120,000 DC volt stun gun to erase & compartmentalize memories, but some of the stun guns go up to 200,000 volts DC to erase the memory of his slave. They will apply their stun guns to the base of the skull.

After giving programming instructions they will usually give a high voltage shock to the base of the skull to imbed the instructions deep in the subconscious. They often use hypnotic cues along with the shock. For instance, they will tell the slave they are "now going over the rainbow", and that when the sun goes down they will forget everything, before they shock the body.

The shock destroys and scrambles the memory which is still stored in the short term memory section of the brain. They must shock the person within 24 hours, to insure that the short term memory doesn't get into long term memory as a coherent memory. This means that if a slave is being used daily, they get electroshocked daily.

Types of devices used by handlers: A cylindrical type cattle prod with 3/4" between the contact points is used externally and internally. This is manufactured by Hot Shot Products, Inc., Savage, MN 55378. Model B-12. They have a red or black rubber handle with an overall length of 12". The low voltage is between 10,000-15,000 volts. The medium voltage is 12,000 to 20,000 volts.

A bruise on the buttocks will be black and blue spots about 1 1/2" diameter each. A hand held wand type shock prod which has 2/4" between its contact points. It uses a rechargeable battery pack. The prod (wand) is 2 1/2" long, and unwieldy to handle. Various farm supply companies (livestock equipment) sell this. The medium voltage is 12,000 to 20,000.

A stun gun which has exactly 2" between the contacts with a 9 volt battery. This stun gun was created for law enforcement, and is generally regarded as the best device for dropping a victim or for inducing hypnosis, or setting in a hypnotic program. Its high voltage is 35,000 to 120,000 volts. It is a light weight (12 oz.), compact device, 7" x 2" x 1".

This device will leave deep red dot ("holes") scars and cancerous moles. The victim will develop moles from the repeated use of this device. The muscled areas of the victim are

preferred. For instance, the muscled area just below the shoulder blade. Farrall Instrument Co., of Grand Island, NE makes a cattle prod with an adjustable voltage control. Their long distance wireless shocker called Personal Shocker can shoot a shock about 75 indoors and 300 feet outdoors. The control box is hand held, and the receiver is a leather case. The shock can be adjusted from 9 to 800 volts, current is 5 milliamperes, and it lasts 1 to 2 milliseconds. This Personal Shocker was manufactured to be used on people.

An electronic firm in Tujunga, CA makes a shock box used in programming. An electronic bark collar is used to train Illuminati & other Monarch slaves in silence & obedience. On other occasions, fancy gem studded collars and leather collars are fitted around the necks of female slaves for sex with wolves and fierce dogs, who bite these neck collars when they mount. Many of the slaves have experienced these various collars for obedience, silence, & bestiality.

In trying to track down who makes the larger electroshock machines, especially the computer guided ones, we only got started investigating. Conmed (315-797-8375) makes medical electrodes for portable monitoring units. Sentry Medical Products, at 17171 Murphy, Irvine, CA 92714 (714-250-0233) makes Skin Mounted Conductive Medical Electrodes for Tense Unit Machines. In Vivo Metric, in Healdsburg, CA also makes silver Chloride electrodes for placement on human skin. Electro-Cap Inter, produces BEG placement systems. Uni-Patch Medical Products, 13 13-T Grant Blvd. W, Wabasha, MN makes all types of Electrodes and some of theirs go onto machines for shocking people. Classic Medical Products, 582-T W 19246 Apollo Dr., Muskego, WI make electrodes for diagnostic and shock purposes. Arndt Automation & Assoc., Inc., 17770 Liberty Lane, New Berlin, WI, make electrodes for ECG and EKG machines. And a Colorado company named Biomedical at Evergreen, CO makes medical electrodes.

When a slave is taken to an impromptu programming site--a hypnotic drug is injected into them for a quick induction while a metal band is put around their head and a current of 100,000 volts will be run through for say 5 seconds into their heads. This will cause the body to shake, the eyes to close, sweat to pour out of the body etc. The hands are tied down with restraints. Sometimes the mouth is gagged so that the tongue doesn't protrude. After imbedding the hypnotic commands deep into the mind, the programmers might adjust the automatic timer on the equipment and give the victim another blast of voltage for 10 seconds. The person's body will shake and quiver for a while after this. They may dribble spit. Finally, the person will be brought out of their hypnotic trance, instructed not to remember anything, to feel happy and sent on their way.

This entire programming session can last 15 minutes. Programming sites like this can be the back of a van, a back room in a restaurant, or any other place that the equipment can be set up at. This is why a slave, who has been used recently, may hobble a little, or when they get memories feel a tight headband around their head along with awful headaches & flashes of light. The memory will feel like a robotic state to the slave.

**Here is a drawing that one slave made of the electric headband used to program an alter.**

The slave handler will also carry a black or grey spiral book with all their own slave's access codes, triggers, cryptic keys and programs. All this will fit into a brief case.

A working knowledge of hypnosis is helpful to understand how to deal with the slave in certain instances. Because the slave is under the most powerful combinations of mind control and is so divided against his or her own self, it is almost impossible to have many problems with the slave if the handler does what he is supposed to do. However, some

handlers get drunk or loan the slave to inexperienced people, etc. and problems do develop.

Of course the slaves always end up taking the blame for everything that goes wrong. If the slave gets out of hand, because the handler doesn't know what he is doing, a stun gun comes in handy to control the mismanaged slave. In other words, a brief case with the programming book and stun gun are basically all that is needed to control a Monarch slave for the rest of his or her life. Some of these stun guns are only a few inches long and look like boxes. Other stun guns are imbedded in staffs. The canes and the staffs that Satanists carry around, like Michael Aquino (in public in fact) are actually stun guns to control their slaves. The Queen Mother's staff of the Illuminati has an electric stun gun hidden in it.

Children in day care centers are reporting small boxes with wires that electroshock them during programming. An example is given in Vol. 1, of how the Illuminati bloodlines connect to research about electric shocks to control people. For example, David V. Reynold's research, who wrote, "Neuroelectric Research: Electroneuroprosthesis, Electroanesthesia, and Nonconvulsive Electrotherapy."

Another way of using electricity for torture is to use directed energy (a new technology) on men's genitals. With skillful use of directed energy they can simulate a rape of a man or woman. Artificial sodomy via directed energy was first tested in male prisons. ELF waves will place thoughts into the men's mind as the directed energy make them feel sodomized.

On Aug. 22, 1989, Phillip L. Stoklin, P.O. Box 2111, Satellite Beach, FL took out a patent --which is Patent Number 4,858,612 which is a device that can be placed in the auditory cortex of the brain. This device allows the following process: someone speaks into a microphone, the microphone then has its sounds coded into microwave, which are sent to the receiver in the brain and the receiver device will transform the microwaves back so that the person's mind hears the original sounds. In other words, a person with this device in their head will hear whatever the programmers send via microwave signals.

Various types of "non-lethal" weapons have been created and are now being used. Directed energy can be used to sculpt clouds. ELF waves can be used to place thoughts in people's minds without using implants. In 1991, a paper trail began to appear when the CIA connected U.S. government Global Strategy Council came out with a paper entitled, "Nonlethality: Development of a National Policy and Employing Nonlethal Means in a New Strategic Era." Their paper was prepared by Janet Morris. The USAF School of Aerospace Medicine, Brooks Air Force Base, TX put out a report USAFAM-TR-87-30 entitled "Behavioral response of rats exposed to high-power microwave radiation." High-power, ultra-short pulse-width emitters of microwaves were used to alter the thinking in rats. The report refers to two other reports: one by T. Wheeler, et. al. "Retrograde Amnesia in Rats Produced by Electron Beam Exposure," entitled USAFAM-TR-83-3, Feb. 83. The other report is by R. Bermant, "Classical conditioning of Microwave-Induced Hyperthermia in Rats." Radio Sci. 14 (6S): 201-207, 1979.

This is a clear paper trail, that military research has gone on to control the brain via microwaves.

Another institution in Texas, the Texas Dept. of Criminal Justice TDCJ-ID, has been putting high tech listening implants into the ear canal behind the ear drum which lets them monitor what the ear is hearing--a great way to spy. This is according to an implant victim who with medical help discovered his implant. The Walter Reed Army Institute of Research (WRAIR) discovered that pulsed microwave audiograms also called analogs of the sounds of spoken words, could be transmitted to a target, and the effect on victim would be to hear voices in their head. The next 11 pages are patent no. 4,858,612. After this, we'll reveal the numerous mind control capabilities of ELF microwave tech).

*The next pages, from page 169 to 174 may present the reader with some minor difficulties in reading, because with some words it was not possible to process them, because of poor printing. So some words are lost, and this can make certain sentences appear strange ...*

## Chapter 7

### The Science of Structuring

#### A. Structuring of MPD Worlds

The purpose of the mind-control is to build a System within the mind that is a human robot. It would do no good to torture the slave and get thousands of pieces (fragments of the mind, alter personalities) if these were not structured.

Very few Multiples have ever really gotten to see the deeper parts of their Systems. Many of the early successes of therapists were actually only the integration of the fronts of Systems, while the deeper cult parts were left fully functioning.

The integration of the front alters was only a ruse to allow the therapist to think the patient was healed. The Illuminati's organization, whose identity still remains secret to the therapist, can continue to use the "healed" patient. Everyone was happy, therapist, client, and the abusers.

Also I might add the book publishers such as those who published Sybil are also happy. Sybil is an occult first name, but the book, movie and therapist give no hint that ritual abuse might be involved in her system's MPD (DID). The victim of *When Rabbit Howls* (a book & a movie) shows clear signs of having a full-blown highly structured and programmed MPD (DID) system, but the movie doesn't even hint of programming or Satanic involvement. The whole movie was a big slide.

The Illuminati know the details and minutiae of every new direction the therapeutic community decides to take. Indeed, a number of their people are leading the pack, providing leads and misleads. Their first goal is to keep therapists on sideroads, away from the real issues. The second goal is, if they do get onto something, to bring the slaves in, *and* structure in defenses so that the therapists don't go anywhere. And then when one has success like we have seen, they eliminate front structures and front alters, and turn to massive reprogramming, and skillfully linking primal traumas with the new programs.

Bear in mind, the internal programming alters are also always alert and will restructure the system constantly if alters work against their programming. Restructuring is a process that can continually go on, not something completed when the victim was a child. For instance, new levels of alters can and are created when the victim is in their 30s, either by the internal or external programmers. From observations, it is clear that the most drastic changes are from the external programmers, who can work much faster than the internal programmers.

In the beginning, the programmer must bring order out of the chaos he has created. He must use some type of structure to place worlds. In recent years, these have been solar systems, galaxies, and planets, because they have gone to Star Trek, Star Wars, Alien types of programming. Each planet may have a type of alter, a family, if you will, of alters who are similar. They will not be able to travel to other solar systems, or stars, or galaxies without transportation. Spaceships, and teleporters have now replaced the elevator that the older systems used to go up and down the worlds.

When the programming begins, it must be simple enough that a child can understand it. One game that was excellent to teach internal structures to child victims was Chinese checkers. An innocent game, but a great vehicle to communicate placement of alters and

structures. Alter patterns would be placed upon the hexagram board with marbles. A marble would represent an alter. Notice that alter colors (and/or jobs) can be coded by what marble is chosen. A ruby alter can be a red marble. A blue coded alter is a blue marble. Structures which are to be superimposed upon each other in the child's mind, are easy to superimpose. Take one pattern - of marbles off, and place the superimposed pattern of marbles over the same place. This is how several different structures can be tied together in one locality in the mind. This is one way structures can be layered in. The Hexagram checker board was called "The House of David" in one victim.

## **B. The Creation of Roles Internal, External, Dependence, etc.**

Many splits in the mind are not developed into full blown personalities. Some are simply fragments which are given a single job assignment. Generally, a System will have about half a dozen alters which frequently take the body and hundreds of alters which only occasionally take the body. Internally, the System must carry out the following functions: Protect all information and history that relates to the creation and use of the slave. All the structuring and codes of the System are also secrets and need to be guarded. The programming and the very things that the slave can think about need to be guarded. The slave is meant to be entirely self-governing.

The best boss is the boss who gives a directive and can go do something else while the person receiving the order carries it out without input and supervision. The Monarch slave is the prime example of how to delegate authority. The delegation of authority allows both the master and the victim himself to blame the victim for the orders they carry out.

The satanic cults will hide their alters which make money for the cult behind the blood and gore alters. This protects their illegal money making operations. Alters must learn to function as designed by the Programmer. If they can't work together, the Illuminati will try to get them to work together somewhat akin to a mechanic fixing a car. If the alters can't be fixed, they and their System will have to be thrown away. The dramatic disparities of all the alters goes hand in hand with what at first seems apparent, then not apparent, and then apparent again, there is a unity beneath the multiplicity. Alter functions and abilities overlap with other alters. No alter is entirely separate from several common pools of intellect and dispositions that are attributable to the entire alter system.

Alters are real and separate persons. But the common traits that run through an alter system are also real. One alter system may have a streak of kindness and gentleness that runs through the entire system. There may be a few alters which have been battered enough not to display the trait, but the trait is so pervasive that it characterizes the System. The programmers are also skilled at building in alters who can serve as balancing points. Unless the system of alters has balancing point alters who are calm, cheerful, and emotionally stable, a system could easily self-destruct with all the shatteredness, pain and craziness that has been intentionally built into the system.

Each level or world will have a balancing point. When the System is being charted during the early programming process, a Mother of Darkness and the Programmer and the Grande Dame will make a decision on how to label the chart. By the time the child is four, the weaknesses and strengths that characterize the alter System have been recorded on charts and the child's destiny in life determined. The chart will read what occupation the child will be made into, and what its function for the overall Illuminati plan will be. This determines what types of programs and alters must be created.

Most people are still unfamiliar with multiplicity and their rigid thinking is challenged by the concept that one mind can have several personalities. On the other hand, they can understand perfectly that a computer can wall off sections of memory, and they can understand perfectly that a single human mind is superior to all the computers in the world assembled together, and yet they can't let go of their basic simplistic foundational understanding of life that one mind has only one personality. They will allow a computer this ability but not the human mind.

The creation of multiple personalities also divides responsibility within a person. A person who lives with a multiple, say for instance their handler, will form widely divergent relationships with the different alters. In terms of programming, each dissociated fragment of the mind may be molded into something. Some fragments lend themselves to be molded into full personalities, and some lend themselves into being molded into single-purpose fragments, and some must be discarded. A part of the mind can be developed into a full-blown independent personality with all the idiosyncracies that any other person has.

Bear in mind, that generally the Programmers consider color identification and the coded numbers to be more critical for identifying an alter than a name. A name humanizes the alter. Names are sometimes attached later if needed by a handler. Some handlers simply refer to their sexual alters by their generic name "kitten".

Others may have a specific cat name such as "Tabby", "Bast", "Hecat", "Adandara" or "the Lion of Judah" for an alter. Keep in mind, if full blown personalities are created, it happens for both the benefit of the victim AND the programmers.

During the Monarch Programming an average System will have at least 1,000 alters, but not all of these will be personalities designed to hold the body. For those who need to get a handle theologically on how to approach this, it is suggested that they approach it as a city of persons. A city has both a unity and a multiplicity about it. It also must carry out certain basic functions if it is to survive. All cities have administrations and city planners, and justice, and police, and garbage collectors, and entertainment, etc. The early Illuminati researchers soon accepted that their victim of multiple personalities is in essence a city of people, and so they used that understanding to construct in the victim's head, using the victim's creativity under torture and drugs to create all the structures and features that accompany a geological land. The map of the Land of Oz in the *Wizard of Oz* books was frequently used for the front parts of a System, with some additions and subtractions.

The engineering of the structures within an Illuminati Monarch slave, looks like the original designs were done by engineering specialists--perhaps even Boolean algebra was used to develop the original designs. However, once working models of systems were proven to function without fail, lesser skilled programmers & technocrats could help assemble a Monarch System of alters without fully understanding the engineering and all of<sup>2</sup> the demonology/magic behind it. Just like in a city, some people have friends and know others, and other people are strangers and enemies, so it is with an Illuminati system of multiples. Some alters may be aware of each other, and some may even hate each other.

When building a system, the Programmers take advantage of their knowledge of how multiplicity works. Two alters can have several possible relationships which are:

a. two-way amnesia, where neither alter knows about the other's existence. This is what the Programmers want for most alters. They don't want multiples to even know they are multiples.

b. one-way amnesia, where A alter knows B alter, but B doesn't know A. This can be accomplished by setting in one-way mirrors.

c. co-presence, two alters can come on top of each other at the front of the mind and hold the body together. This produces some strange behavior for the multiple as different alters synthesize their thoughts. When a tough alter comes up behind a Christian alter, the Christian alter may find himself letting loose of a cuss word without knowing where exactly it came from. When a child alter comes up behind an adult, the adult may find itself talking like a child.

d. co-conscious, this is when two alters are aware of what each other is thinking.

As the Programmers structure a System of alters, they build in No-talk walls every so often where all communication and visibility between alters is walled off. These No-talk walls are specifically built structures and not the result of normal amnesia. A 13 x 13 grid may have, for instance, 2 No-talk walls. Other methods will be used to divide all the levels from each other. One method of dividing the levels is the level of trance for level 3 will be different than the level of trance for level 10. This will not hold true across the board, because some deeper alters are not in deep trance. One Monarch slave, programmed beginning in the 1950's, described her System.

### **Scattered Parts**

Broken hearts, divided parts, they all live inside of me.

How many times can they divide my mind?

Broken hearts with divided parts scattered throughout my mind.

How many times can they wipe me out before I come back no more?

Can they instill a will in me that is not mine?

They broke my heart too many times and divided all the parts, then scattered them through time. Some are good and some are evil.

How many times can they split my mind?

The lights, needles and pain went on much longer than we can explain.

Did these things happen, or is it what they wanted me to believe?

Does God exist or is it what I want to believe?

Does the store house exist where the computer is?

Are there computers in me that help split me?

Scattered parts, broken hearts, where do I exist?

Is there a castle built inside? If so, what person am I?

Lights, needles, and pain goes on today, or is it lies that are made up in a mind split far too many times.

Broken hearts, divided minds, scattered throughout time.

I don't want to mislead you.

Did the experiments work?

And they split me too many times?

Lights, needles, and pain.

They can wipe me out if I try to explain. Butterflies, butterflies, lots and lots of them. I lay down at nights with them.

I wrap up in a blanket made of them. I hear their hum as they lead me to the lights, needles and pain. The needles and pain make it so I can not think.

I get so sleepy, but I can not sleep.

The pain races through my mind and splits it one more time.

I have forgotten more than most will ever know.

The computer will show how many times they can split the mind, break the heart; divided minds scattered throughout time.

How many times before I can come back no more?"

**--received from therapist Denny Hilgers.**

Our previous book *They Know Not What They Do, An Illustrated Guide to Monarch Programming-Mind Control*, Oregon City, OR, 1995, p. 91, has a good description of how extensive the internal structuring is:

"Many Systems never get to the point of seeing their internal world(s). Further, most alters have only a small spot in which they are to reside, and they don't get to see but a tiny fraction of the entire System. After these structures are built into the mind they continue to work and carry out their function on a subconscious level. Sometimes it takes years of work for a System to begin seeing their internal world. They can begin doing this by turning lights on inside of their worlds.

To make a comparison, when a person looks at a clock they see the finished result, the time it shows, but they don't see all the mechanisms. The structures in the mind are part of the mechanism to keep the System of Alters structured in a way that is useful to the abusers, but often all that observers will see is the finished result, the mechanisms stay hidden. But we are exposing those mechanisms in this picture and on this page.

A therapist's client may be responding in a way that makes no sense until one realizes the internal structures that they are responding to. An alter generally must maintain the spot in the mind which it is assigned. To leave that location in the mind, means travelling through a System which is filled with dangers and traps of all kinds. Only a few of our alters ever ventured where they were not to go, and they always encountered many obstacles. However, if an alter gets trapped behind mirrors, the alter should not break the mirrors. If the alter is a Christian they can use the blood of Jesus Christ of Nazareth to bind and cast out the demons which are in the mirrors. The danger of the mirrors is the demonology involved. Some things work and some things don't. We are speaking from our years of experience. The mirrors are deadly and they were everywhere in our System, but they are deadly only if one can't deal with the demonology.

The therapist should at least be aware that these images can be worked with just as if they were real to manipulate situations involving them. But if the structures are going to be worked or toyed with, the therapist and survivor need to have an understanding about the structures. If you don't understand the mirrors, or the River Nile, or whatever then be careful what you have the survivor do to them.

The structures (the images) that are built into the mind of the Monarch slave are not trivial. An overview of the structures that are in our System alone will show that they went to a great deal of effort to build all kinds of internal worlds to house our thousands of alters.

A list of the internal structures that were contained in our System follows:

Ant pits, Bee Traps w/ swarms, Black Glass Wall, Black Holes (vortexes), Boxes (Dr. Green's under J.J., boxes have buttons which access certain parts), Candyland, Carpet (Magic), Castles, Castle dungeon (torture chambers), Caves, Clocks (there are several incl. computer clocks), Concentration camp, Cords, Desert, Doll House, numbered Doors by the thousands w/ red hot nobs, Elevators, Emerald City (connected to the castle), Eucalyptus Trees, Fields of "forget me" & island of "forget me not" (JJ's Prgrmg), Firewall, 2 Forests (singing forest with Cedars of Lebanon and Oaks, and a dwarfs forest which has 3 kinds of trees), Fruit Tree (programming tree), Glass, Glass coffin, Golden Keys, Graveyards, Hallways with red doors, Hell Pit or Hell Fire (7 levels--pepperbox. There is a glassy wall before the hell pit.), Hour Glass (matrix), House of David, Icetown, Invisible Countries, Keys (clock key), Libraries, Light side City, Marshlands, Mazes, Mirrors (constructed via access permissions) (One-way), Moat, Mountains, Nursery (glass), Ocean, Paper Trees, Petra Secret City, Playground, Poppy field, Portals (for altars and demons, like the third eye), Rubicon (outer space beyond the stars), Rivers (Nile, Rio Grande, Shenandoah, etc.), Room behind a closet (existence not confirmed), Seeds, Serpent tree, Shafts, Shells, Shifting sands, Shoes (gold, silver, and ruby slippers), Snake pits (traps), Spider chambers, Stairway, Torpedo Town, Tin Woodsman's Castle, Tree with square paper boxes containing Dad's music programming, Trojan Horse w/ armies, Tunnels, Valley of the Dry Bones, Volcano (to destroy & remake the system), Vortices (see Black Holes), Wasteland, Water (Moats), Waterfalls, Wind, Wires, Worms, and a Yellow Brick Road."

In order to use the multiple in different life styles--they divide up a system of alters into worlds of alters which rarely see each other. These worlds are also called cities. The words "city" or "world" are interchangeable when it comes to a Monarch System. Typically, they received names such as Atlantis, City of Refuge, Shangri-la, and Troy.

Later, after Candy Jones exposed the programming, there was a major shift about this time, and many of the Systems were programmed with Solar Systems. Each planet had a different group or race of alter or demon. The concept of Star Trek was helpful for this.

Some of the Systems programmed in the 1970s, used Star Trek as their basis. The distribution of alters was similar to watching the various episodes of Star Trek.

Alters that were created at the same time and left in an area of the System together are families. The programmers in their efforts to dehumanize these alters will stick to animal names such as referring to them as "litters". The front level of a System would often be given a cover. The front level might see their world as a basketball court, or several houses, or a dollhouse, or a street. The front world is set up to deceive anyone from discovering the true structure of the system. The programmers can link and unlink, and move alters around. Eventually they get something neat and tidy on a sheet a paper.

A standard Illuminati System is built like a **13 x 13 x 13 cube** with an elevator shaft running up and down from the bottom to the top. The **elevator is constructed as a piece of DNA** and alters can ride up and down the elevator (go up or down in trance) to move when allowed. Most of the alters have no sense of time, and most of the alters do not hold the body very frequently. For various reasons most of the alters never grow up. Obviously, if they don't hold the body very much, and are dissociated from everyone else's memories, they have nothing to stimulate them to grow up. However, the Programmers must have some of the alters who can function as adults. For instance, alters who go into bars must think of themselves as adults. The alters which will hold the body in public will be hypnotically made into adults.

The Network likes to leave many child alters, because most of them are pedophiles and they like the pseudo-pedophile experience of making it with an alter that thinks it is four years old. Or just the opposite, sometimes an adult alter will appear within a child victim, and this is a clue that this is an access/reporting alter.

Many of the Illuminati systems, especially Mengele's were set up on a 13x13 grid of alters. The grids are numbered top to bottom and side to side but not in the fashion one might expect. The typical Mengele grid will begin with 6 and proceed 6, 7, 8, 9, 10, 11, 12, 13, 1, 2, 3, 4, 5. However, the structure doesn't have to be a grid, any geometric shape works and has been used, such as a sphere, cube, or pyramid.

Dr. Star and his wife, who is an OTO programmer working out of Corpus Christi, TX likes to structure an alter system in the shape of the **Seal of Solomon**. The Yin-yang symbol is then equated with the entire Seal of Solomon. The all-seeing eye is placed in the center of Star's systems, just like Mengele would put in an All-Seeing Eye. The hidden **Sun of Tiphareth** is placed into Dr. Star's victim's systems, as well as the four elements, and sulfuric acid. Alters are then placed in the various positions around the **hexagram**.

Because therapists, (and Christian ministers) are generally unaware of the deeper occult things, they usually miss seeing the occult philosophies behind the structures. For instance, the elements of earth, wind, fire and water are not just part of magic--they are in Druidism considered the four zones (or directions) also called rings which are held together by the fifth ring--balance. This is the basis of Celtic geometric art, metaphysical maps, and ancient Ireland was symbolically divided into four regions with a unifying fifth. This was the bardic view of the universe which is presented in the *Vita Merlini* (written by Geoffrey of Monmouth in 1150). Supposedly England, Wales and Scotland were also divided into 4 regions with a unifying fifth too. And all these four regions Ireland, Wales, Scotland and England are joined again in the U.K.

In Druidism, the four magical elements the Sword, Rod, Cup and Shield are unified by the Cord while the four elements are unified by the spirit. Ancient Druid stone statues of triple faced gods and goddesses still remain today. Heads were considered sacred by the early Celts which is why the heads of the top Grand Dames are preserved after they are

ritually murdered. If an outsider really wants to understand why Illuminati systems are constructed in the fashion that they are--first understand that there is a great depth of meaning behind what structures are used to build an internal world. An ex-programmer talks about how the programmers would call upon Satan in high level rituals to "Tell me what to do, and I'll do what you want" to gain wisdom in how to design these alter systems. Within a System, a few alters will be given maps to the System. There will be a structure "map" which takes the system down through its progressive levels down to its fundamental or primal level. There will also be internal world maps, maze maps, or what some call programming maps.

## Chapter 8

### The Science of Body Manipulation and Programming

#### A. The Scarring of the Brain Stem

Early on it was discovered that the brain would overcompensate for scarring on the brain stem. This is a principle similar to weight lifting. By tearing down the muscle fiber by overexertion, the body rebuilds the muscle stronger. By scarring the brain stem, it -was discovered that geniuses who had photographic memories could be created.

Brain stem scarring was used to create the whiz kids that the NWO needed to run their big computers. For instance, the computers that just NSA alone uses require people who can work in ALGOL, BASIC, COBOL, COBOL 74, MULTICS COBOL ver. 4.4, COBOL Cb.4, COBOL CP-6, BOL, EULOR, FLIP, FORAST, FORTRAN, HAL/S, Illiac 4, JASP, JOSS, JOVIAL, /LYAPAS, LISP, LISP 2, /MAP/, NuSpeak, PASCAL, PEARL, /PLACE/, PL/1, PL/1-APAREL, PLANIT, Praxis, SA Machine Language, SEMANOL, SNOBEL, UNIX, WANG, ZBIE. It takes a good memory to remember computer languages and programming. These whiz kids, who were both programmed with Monarch programming and had their brain stems scarred can be seen in some of the University computer departments and the intelligence/military agencies' computers rooms.

For instance, at Ft. Meade, the NSA has 2 buildings which contain a completely self-sufficient intelligence operation. (The complex has its own stores, bank, dry cleaning, dentistry, barber shop, PX, hospital, as well as the normal snackbars and cafeteria that Federal buildings often have.) This complex which is internally guarded by cameras watching all the corridors, has several major computer rooms where whiz kids are employed. Movement by these whiz kids, requires that they have the proper I.D. attached to them. The CIA which has had an ongoing project to create them, has called them "Compu-kids." Some of the elevators are private and operate only with the proper key. The NSA's computers participate in electronically watching the world. Another example of where compu-kids (slaves with scarred brain stems) work on big computers (incl. a Beast computer) is at Area 51 (Dreamland), NV.

The method of scarring the reticular formation of the brain stem is accomplished electronically. The RNA piles up and breaks the continuity of the signals coming through. Different people's bodies are able to tolerate different levels of abuse. Many of the brain stem scarring victims die, or end up with a pseudo-Multiple Sclerosis. Many children are coming into hospitals and being misdiagnosed as having Multiple Sclerosis when in fact they are damaged from programming and brain stem scarring.

If the victim is successfully given a photographic memory through their entire alter system due to brain stem scarring, then they are often programmed to see what are called "hieroglyphics" (that is the cover name) which is really just the "Intergalactic Language" that NASA developed in the 1960s and then turned around and used to program slaves with photographic memories. Under the cover of research projects like N67-3042 (17 p. 3022) "Language structure and message decoding for interplanetary decoding." in 1967 and N65-32284 20-3414 in 1965 entitled "Symbol science for communication language of humans, animals, and inanimate objects --application to mathematics, cybernetics, and automation." The actual study no. or no.s for the Intergalactic Language is not known, but they should appear somewhere in the voluminous *Scientific and Technical Aerospace Reports* that NASA puts out each year. The script of this language was shown in the beginning credits of the strange movie Lawnmower Man. Some of the symbols are

similar to Ascii Computer language (which is a language that interfaces with many other computer languages, so that one language can be translated into another language). The Monarch slaves are told that this is an alien language.

This is the Way the Script of the Intergalactic Language Looks:

Another method that has also been used to enhance memory is hypnosis. Estabrooks was able in the 1930s to create Multiple personalities via hypnosis and get incredible mental feats accomplished by those parts which were asked under hypnosis to have photographic memories. Still another method is to place small transceivers into the head or body of the person. These implants have been attached in the neck or other places, and have been connected to various parts of the brain. They have literally created what the movies called "terminal man."

This has allowed special intelligence agents to be linked to large computers. The intelligence asset can get continuous information on anything the intelligence agencies have managed to get into their large computers.

Brain implants can download incredible amounts of information to the brain, however, the ability to use this information wisely is still a skill. Having a library of information available doesn't necessarily mean a person is wiser. For more on slave-computer interfacing see the index for information on ALEX, Amalgamated Logarithmic Encrypted Transmissions, and UNIX systems which are used to tie the Monarch Mind to computers.

Drugs and torture are also used to enhance memory. Brain stem scarring is not the only method to enhance memory, but it has been a "highly successful" (if one doesn't count all the ruined lives when it's failed) good method. MPD also naturally increases the brain's functioning several fold, and can help give photographic memories. In review, drugs, torture, hypnosis and MPD all work to enhance memory. Most slaves have some photographic memory capability. The most serious form of memory enhancement is brain stem scarring, which produces a strong system-wide photographic memory.

## **B. Split Brain Work**

The brain is "bicameral" or two-sided. The two-sides (called hemispheres) communicate via a superpowerful connector called the corpus callosum. The left hemisphere is specialized in verbal-linguistic transduction of speech and analytical thinking (logic, math, cause & effect, language, & sequential thinking). The right side plays more of a role in holistic-metaphorical information transduction such as imagery (art, dance, intuition, subjective, spontaneous, holistic, & dream imagery). The primary role of creating imagery is carried out by the right side.

Roger Sperry, a neuroscientist won a Nobel Prize for feeding information to only one side of the brain, and also for feeding simultaneously both sides of the brain different information. His results showed that the two hemispheres could operate separately at the same time. We hate to rewrite history, but the work that won Sperry a Nobel Prize was being done to unwilling human victims before his publicly known experiments. Sperry's research left people wondering if it wasn't possible to have one personality located in one hemisphere, and another person in the other.

Psychologist Julian Jaynes wrote a book arguing that mankind used to have two personalities before the two hemispheres evolved an ability to integrate. (His book is *The Origin of Consciousness in the Breakdown of the Bicameral Mind.*) Before the public had

heard about the ability of the two hemispheres to work independently, the Illuminati and MK-Ultra programmers were carrying out split brain programming, by two methods:

1. shutting down one side and communicating only with one side of the brain, and
2. by simultaneously feeding different information to each hemisphere.

This is often done by the victim being locked in place with their eyes forced open, and different movies shown simultaneously to both eyes. This creates a form of split brain programming. High speed films will be shown with one hemisphere receiving horror scenes and the other getting family settings. This makes the two hemispheres work separately and the victim feel crazy. The mind feels ripped apart. One hemisphere is trying to dissociate and is having a miserable experience, while the other side is experiencing something just the opposite. When high speed films are shown for split brain programming, the films are shown in 5 minute increments.

Front alters may be shown good films to make them believe they live in a perfect world with a good family life. Right side satanic alters may receive horror films shown via the left eye. The right side of the brain doesn't verbalize well, so this is one reason slaves have emotions without the ability to verbalize.

A possible third method is to use drugs that block the two hemispheres from communicating. A fourth method in split brain work is to speak into the left ear while giving the right ear confusing noise. This last method is sometimes done to force alters to concentrate when learning scripts. The split brain programming done by the Illuminati is grotesque. A drug is injected at the base of the skull into one hemisphere of the brain to shut it down, while the other hemisphere is kept awake. Torture is then carried out to split the mind. What this does is create programs and alters which are associated with only half of the brain. The brain is being further divided from itself.

Work is done by the Programmers to develop the thinking of alters from one side of the brain to think differently from those of the other side. Split brain programming is not just hypnosis, as some have been led to believe. Split brain programming provides the Programmers one way to keep the left hand from knowing what the right hand is doing. It also gives them the ability to put in body programs or memories which effect only half of the victim's body.

When one hemisphere is dominating in what the brain is doing, the opposite nostril will open and take in air. When the right hemisphere is doing most of the thinking, the left nostril will be doing most of the breathing. Voluntary changes in nostril breathing can help shift the center of brain activity from one side of the brain to the other. When a person lays on his side, the downward side hemisphere will be activated, because the top nostril will breath best. The control of nasal breathing has been part of the Yogi's art to achieve samadhi. The distinctions between the two hemispheres or two brains are used by the occult world. Moriah values the intuitiveness of the right hemisphere. As one Illuminati mind-control programmer said, "It's the right brain that has an inbuilt propensity for accessing timelessness.

There is bound to be some unconscious prompting therefore that alerts us to the imminence of forthcoming disaster, that is, if we are sufficiently sensitive to its message....unless we have the wisdom, the soul age, to affect the use of those additional facilities (to access right brain knowledge) we will find our intelligence sadly limited to the left brain logic of the material world." While this book is not about occult philosophy, occult philosophy is part of the motivation behind some of the split brain work.

In order for the Illuminati to create alters which are highly intuitive and which are able to access the higher demonic spheres, they need to shut down the logic hemisphere. When the left hemisphere is shut down, then the right brain (which controls the left hand and left side of the body, i.e. the left hand path) is able to function without competition. The victim must be able to get in touch fully with his or her intuitive side to go into the "spiritual dimensions" where demons exist. This is very nasty work, because this split brain work involves high level demonology. Most of the deeper Illuminati alters are right brain alters so that they will be very spiritually intuitive. *The Lesser Key of Solomon* is an important teaching book of the Illuminati [THE MELCHIZEDEK STANDARD MIND CONTROL TOOL]. It states, "An adept enters an abnormal plane and equips himself to 'charge' with magical energy the pentacle and talismans." The training that this takes is called "training of the higher will" and split brain programming is part of how it is accomplished.

### **C. Medical Technologies**

Medical science has been probing the gray matter that makes up the human brain for several hundred years and they continue to probe it. With the use of various new techniques they can look inside the human brain in ways that were not available before. An enzyme called horseradish peroxidase (HRP) which serves as a marker or highlighter allows brain researchers to visually look at brain cells on functioning brains.

Researchers such as Frank Putnam, at the National Institute of Mental Health, have taken PET scans of the brains of people with multiple personalities, whose brain scans from one alter personality to another are very different. This doesn't occur in non-multiple people who pretend to have different personalities. The brain scans have shown that brains with multiple personalities are physically different than other people's brains. The different personalities are often in different neurophysiological states. Medical science has helped the programmers put people into different neurophysiological states for programming. Some of these states are dangerous unless trained medical personnel are available to insure the victim doesn't die. Which, according to ex-Programmers, does happen anyway. Medical science has identified glutamate which is an amino acid as an important neurotransmitter involved with memory storage. However, after countless tests and all types of research, we still do not know completely how the brain stores memory. However, the NWO's Network understands far more than they have let the public learn.

### **Having Skilled Medical Lab Technicians**

Having the medical know how doesn't get the job done in itself. Obviously, the Network has needed to have both hospitals and trained medical personnel. Having skilled workers is part of the success of the Monarch Programming. For instance, the simple interpretation of Alpha BFT instruments, requires that the operator be able to understand what is background interference. Everywhere the instrument is located there is going to be some amount of background interference. Only the good operators can realize when a pseudo-alpha wave has been produced, perhaps from the child sweating in the location of the electrode, or hair movements, or eye blinks or twitching.

The Illuminati has their own midwifery training program, which will take teenage Monarch slaves and train them. They also begin training their people in programming and observation from infancy up. By the time they are an adult, the programming alters know programming as second nature. They have no shortages of doctors, nurses, psychiatrists, and other well educated people. If they have to save an important Monarch slave, they may fly in a specialist from wherever the right specialist is.

When it comes to research, some of it done by professionals who don't realize how their research is going to be used. Many researchers are great on seeing detail, but not the bigger picture. They usually don't realize how their research is going to be misused, and are very gullible people. The CIA finds that the researcher is quick to justify in his or her mind the moral value of the research they are doing. Many members of the Illuminati are involved in secret genetic research. Having control over numerous big hospitals, is an important link in the ability of the Network to program so many people successfully. Medical personnel are participating in acts that help mind-control. One Christian nurse quit the University Hospital here, because newborns are secretly being given implants. A few years ago, it was discovered that The Upjohn, an American multinational company was involved in placing radiotransmitting material in with their liquid cortisone preparation Depomedrone, which created an implant when medical personnel put Depomedrone into their patients.

#### **D. Histamines**

Histamine is a chemical (a particular molecule) which the body uses to defend against alien cells. It also has the ability to lower blood pressure and to flare up the skin. The auditory sense can effect histamine production via programming.

Histamine is a molecule which is part of the immune system. Changes in histamine levels effect moles. It effects skin changes in scars. This is how the abusers can magically make scars appear and disappear, which makes the programming seem even more real to alters. The abusers like to create invisible scars that form patterns and pictures. The most popular is the Baphomet head (which stands for Satan). Upon command they can trigger the skin to make these scars visible. If one pricks someone's skin with a needle having histamine on the tip, it will cause the skin to flare up red. Biofeedback has allowed people to mentally talk to their skin. Hypnosis has controlled people's immune system. States of mind effect the immune system. Somehow a combination of these is used to allow the handler upon command to trigger the correct state of mind within the victim to increase histamine production within the skin area.

The bone marrow of the body produces stem cells. The stem cells are capable of growing into many different types of cells. First the stem cells grow into some basic different cells and those in turn grow some more and further differentiate. For instance, a stem cell can become a myeloid, which can become a polymorpho nuclear granulocyte which in turn can become a basophil or mast cell. Both basophils and mast cells are leukocytes and they are part of the body's immune system. Both basophils and mast cells are carriers of histamine.

Histamine does several things in the body. Histamine causes dilation of blood vessels, and it allows blood vessels to become permeable (leaky so to speak) which allows other chemicals and fluid to go through the blood vessels into the area between cells and tissues. All CNS (Central Nervous System) cells of the body have receptors that the histamine can attach itself to like a ship docking. When cells are damaged, or alien cells enter the body, the basophils and mast cells release their histamine.

For the body to have more histamine, it must increase the number of basophils and mast cells. This can be accomplished by changing the ratio of stem cells that develop into other types of cells. The core of the histamine molecule is an ethylamine. Antihistamines are molecules that resemble histamines enough that they can attach themselves to the histamine receptors on regular cells and prevent the histamine molecules from attaching. If the histamine molecules don't attach, the body disposes of them. The point being that histamine remains in the skin only so long before the body disposes of it. Histamine levels in the body can raise IF the cells which carry the histamine are increased.

This is the Structure of a Histamine Molecule:

It is believed that breast implants have some kind of effect on raising histamine production levels in the body. Whether these breast implants are identical to what all breast implants are, or whether they have something special to agitate the body into higher immune cells' production of the mast cell & basophils type is not known. However, there seems to be some relationship between the Network's need to raise histamine production in their slaves, and the breast implants that they are putting in them. Putting the pieces together leads one to believe that the implants agitate the body's immune system into raising the level of its histamine carrying cells.

A number of women who have gotten implants speak about an increase in allergies. The allergic reaction is caused by high levels of histamine. Whether this happens to some or many is not known at the time this is written.

The three big Illuminati chemical companies are I.G. Farben, DuPont, and Dow Chemical. Dow Chemical began research with implanting silicon in 1956. After 35 years of studies in which they implanted thousands of various animals with silicon, the company knew exactly what silicon would do in the human body. The FDA had public hearings in 1992 where internal documents of the Dow Chemical Co. were released which showed that the company knew all along that their breast implants were very dangerous, years before they put them on the market. There is an incredible search going on for an anti-silicon antibody so that they can clean up the mess they have created in millions of people who have silicon implants. The immediate chest wall and area around the breast implant gets highly agitated. The silicon leaks through the membrane, and then causes great difficulties in the body. Many of the female Monarch slaves have received breast implants.

## **E. Body Programs**

Researchers have come a long way toward understanding the mind. They have discovered, for instance, that under stress the brain will convert nerve signals into "messenger molecules" who then in turn direct the endocrine system to produce steroid hormones, that can reach the nucleus of various cells and cause them to change how the body's genes are written out. These genes will then direct the cells as to how to make a variety of molecules which are used in growth, metabolism, sexuality, and the immune systems. In other words, the mind can rewrite genetics. This was the secret that helped get the Monarch program off to its scientific foundation. Now the actual mechanics of this have been observed by researchers.

One of the leaders in understanding the mind-body relationship was Franz Alexander. Black was one of the researchers into how hypnosis can be used to regulate the body and the body's functions such as the immune system. Ken Bowers also worked in this area. Dr. S.M. Lambert of the Rockefeller Foundation studied how voodoo could cause death by creating certain thoughts in the mind. Most of the research in this area was monitored, if not sponsored by the Intelligence agencies under the auspices of the Illuminati.

The Hypothalamus bridges the mind and the body. It works as part of the Limbic-hypothalamic system. This system is a determining center for what state of mind the brain is placed in. The immune system communicates directly with the hypothalamus part of the brain with its own "messenger molecules" known as "immunotransmitters". This then is mind-brain link that the Monarch programmers have taken so much advantage of.

Barbara Brown, a physiologist at Veteran's Administration Hospital (in Sepulveda) wrote a book *New Mind, New Body*. Barbara Brown's research was government funded. Her book got the public interested in biofeedback. Because of repeated success at getting patients to control such things as their heartbeat, Dr. Brown is convinced that a person's heart rate, breathing, muscle tension, glandular responses are all subject to a person's will. Those who have worked with victims of U.S. government MK Ultra mind control know that what Dr. Brown writes is correct and was known years before she published her book. Biofeedback is now required training in some prisons for some inmates.

It is clear from the final results that Monarch slaves have programming which can carry out the following functions:

- \* control the pulse rate and heart beat

- \* control the body's temperature

- \* control the temperature of individual body parts or sides of the body, such as the right side of the body might get hot, and the left side of the body get ice cold. Fritz has observed this by touching the left and right sides of a victim who was burning hot on the right and ice cold on the left.

- \* The secretions of various enzymes and histamine production has been trained into the victims and attached to various body programs to keep the slave in line. Histamine production appears to be regulated via surgery carried out on women's breast. It appears, but hasn't been confirmed that the surgery where breast implants are placed into female Monarch slaves plays some role in histamine production & programmed control.

- \* allow the body to pretend that it is dead, when actually it is in an altered state similar to being comatose.

The internal defenses consists in part of body programs that are triggered if the Mind-controlled slave steps out of line. Here is a good list of some of these body programs: Auditory problems, a Bone disorder, Blood flow/circulation, Coma (zombie death sleep which makes victim appear dead), Digestive failure, Headaches-split brain, Heart failure, Histamine production, Optic problems such as blindness, Respiratory failure, Sleep deprivation, Sleeping program, and Temperature change.

Body programs will be put in across the board for all alters. The same code will work for all alters when the internal programming alters want to trigger a body program. If a body program is placed into the slave it may be anchored to something, and that might be something as drastic as the heartbeat. One of the programs causes the victim to hear a heartbeat which is refrained in their minds as the "heartbeat of Satan."

Some of the body programs are carried out by creating an alter which has one mental state--such as an alter fragment which is burning or one that was created by ice torture. This alter or this feeling of being hot or cold is then attached to something in the mind. For instance, if the victim moves toward the world, a cold alter or a cold feeling of a memory is hypnotically programmed to come up behind the alter holding the body. Sometimes the sensation of burning can be eliminated by getting a firechild to back up from the front of the mind where another alter is holding the body.

Many feelings, body sensations, and drugged states are attached to programs. When the alter hits a stringer, he will go through a series of memories, false memories, hypnotic commands, and body sensations that have been attached together in stringers. The

stringer type of programming is often put in to set in a front program which is to deceive an alter.

The abilities of the human brain to control the body have been seriously underrated by people. Bio-feedback researchers in the 1960s were surprised to find out that if a single nerve cell's activity is placed upon a screen so that the subject can see its activity graphed, the subject will be able to mentally identify that cell apart from any other nerve fiber cell, and will be able to have voluntary control over that single cell apart from any other. Just to show how complex the body is, a single nerve fiber cell will have 600 connections. This mental feat is simply mind-boggling for researchers. The Mar. 5, 1972 *L.A. Times* reported that patients were being taught how to alter their heart rate without drugs. This had already been happening within the Monarch Programming.

The heart is controlled by the mind and works with the emotions of a person. There have been people who have literally died from a "broken heart." This is a historical fact. The Monarch programmers have long been taking advantage of the mind's ability to control the heart's beating. A tiny little bit of tissue not really visible to the visible eye called the sinus node, sends out electrical signals that regulate and initiate heart beats in an unbroken rhythm. The genetic code concerning the body's metabolism and the genetic code for the sinus node somehow get the entire heart beat generator mechanism started. Two areas of the brain control the changes in heart beats that the sinus node would make. The sinus node sends out the signals but it doesn't change the rate.

A very primitive part of the brain stem is one of the control areas, and the other control area along the spine. Both of these areas connect to the higher thinking areas of the brain. The three most frequent events that change heart beat are emotions, sicknesses, and muscle activity. Since the will influences emotions, the higher brain can control the heart beat and its pulse. Alters are programmed so that they will trance out if anyone tries to prove to them that they have a heart--which they have been programmed to believe was taken away from them by the programmer.

The occult world learned this ability from the Indian yogis who have been controlling their hearts for centuries. Some have even shown in the scientific laboratory that they can stop their hearts for up to 30 seconds. (See Green of Menninger Foundation's work). The yogi's also developed the skill of changing their body temperatures. For instance, Swami Rama in the lab of Dr. Elmer Green could make one side of his palm hot and the other side of his palm cold simply by mental efforts.

This type of body control was learned by the Illuminati years ago, and has been applied to the Monarch programming to make the programming lies seem more real to the victim than the outside world. A Monarch slave can get cold on the left side and burn on the right side of his body. It has been well-documented that the mind can control the blood flow to various tissues and in this way change temperature in various different parts of the body. This was first reported to the public in 1978 (Barabasz & McGeorge). It appears that a combination of yogi type bio-feed back techniques along with classical behavior conditioning is able to account for some of the body programs in slaves.

Other body programs appear to be connected to the memories of alters. For instance, if the Programmer wants the body to burn--he has the System pull up an alter which was tortured with fire who comes up behind the alter holding the body, and the body then abreacts and feels like it is burning.

As mentioned, one technique is the split-brain programming where the functioning of the two hemispheres of the brain are separated, which allows the patient to feel the "right

hand path" and the "left hand path" separately. This type of programming is very powerful in making the programming script seem more real than outside reality.

High blood pressure or hypertension has been found to be largely a function of the mind. However, conventional medicine has ignored this for years, and has a large volume of confusing and misleading research to the opposite. Rather, than admit the cause, the medical establishment has labeled the largest percentage of hypertension cases as "essential" or "idiopathic" which are labels to cover up that they don't know (or refuse to recognize) the cause of the high blood pressure. At any rate the cardiovascular systems (heart and blood vessels, etc.) is so complex that it has been very difficult for researchers to get a grasp on many issues involved in blood pressure such as the release of hormones into the blood, and the result of long term stress on the cardiovascular system. When tests show that the stress of unemployment increases high blood pressure problems among men, it would seem that the medical establishment would begin to see the link that the mind has with controlling blood pressure. Again bio-feedback and classic conditioning have been successfully used to radically change a subject's blood pressure. This along with the ability to go into deep trances, are abilities that the Monarch slave is programmed to have to control their blood pressure.

Again the question may be, why would they condition a slave this way? Because, if the Master can call out a hypnotic trigger and change the slave's heart beat and blood pressure, does the reader see how "puppet-like" the slave feels? The slave's mind and body are literally owned by the master. The slave *is* not even allowed to control his own body. This is what total mind control is all about.

## Chapter 9

### The Science of Mind Manipulation by Psychological Programming Methods:

#### Behavior Modification, Psychological Motivation and NLP

One way to explain how the slaves are conditioned is to relate an episode where the two authors observed a Satanic family carrying out conditioning to reinforce their children's mind control as their family "ate" at a restaurant. After relating this interesting incident, the chapter will cover the various psychological methods used to condition slaves.

#### Observations of a Satanic Family

##### Carrying Out Monarch Conditioning on Their Children

The husband of the family was about 28 and the wife was about 26. A young man (perhaps an uncle of the children) about 25 also sat at the table with them. The family had 5 children, ranging from about 1 1/2 years old to about 7 years old. During the entire time we watched them, which was over an hour, we never saw one act of love, not one act of nurturing on the part of the parents. Everything was programming, programming and more programming. The husband had an attitude of control over his children. He was a young somewhat wild cock-sure type. From piecing together things it was clear that he made a good salary and that he and his wife enjoyed profanity. His wife had the most dead looking eyes we have ever seen in a person. She looked every bit the part of a Satanic priestess of the worst type.

The young man of about 25 had a very large knife hidden on his back that we noticed only by close observation of his movements. Although it was 1 o'clock, the adults were calling their meal "breakfast."

The main male child was about 5 years old. He had an older sister and two younger sisters, and they all had a baby brother. During the entire time that the family was there, the children ate almost nothing. The 5 yr. boy munched on a watermelon rind, trying to draw some sustenance from it. Part of mind control is depriving the body of food. The poor children never once asked for anything; that is a clue that something wasn't normal. During most of the time that the family was in the restaurant, the mother and father took turns shooting one question after another at the five year boy. The questions were like:

What is the capital of Florida? What is the 70th element on the periodical chart? What are the names of the first five presidents? What is the square root of 121? The boy would robotically answer each question successfully. The questions were not questions but programming and commands. The mother sternly said, "What make of car was that? That's a question." (Actually what she was saying was a command.) Around this time they said, "Wake up, wake up, wake up." (hypnotic command.) A couple which was in the restaurant was watching how obedient the children were, and they were also overhearing how excellent this little boy could answer difficult rapid-fire questions. They were impressed and the lady came over to tell the parents how wonderful their family was. After oodling for 10 minutes over how great this family was the woman went on to other things. It was difficult for both of us watching to stomach the compliments this stranger was giving to these parents. The natural impulse was to get her to shut up her compliments. She naively made all these compliments little knowing, that these parents

were practicing one of the most hideous if not the most hideous type of mind control invented.

Asking questions rapid fire is another mind-control technique. In fact, all of the elements of what Fritz watched at the table that day were practiced on Fritz, the co-author, when he was in Beast Barracks at West Point, USMA. The little girl was repeating her programming, "I don't have anything inside me." She was actually singing it. One of the girls had different alters coming out and was having a conversation with herself between different alters (personalities). She placed her hand over her temple in scarecrow fashion (Wizard of Oz) programming. Her head movement was a dead giveaway to those of us familiar with Monarch programming.

The parents had chosen the spot to eat because of the large surreal picture above them on the wall with blue & red flowers, water and mountains. The picture was acting as a scrambling-scattering mechanism, when the boy studied the picture, which he did for the longest time in a trance. The middle girl was dropping crayons into a styrofoam cup and saying "get into the fire." Then she would say "I'm purple." "I'm pink." "I understand you're purple." "I understand you're pink." "Get out of here for a minute." What she was doing was giving the crayons personalities. In the Monarch programming, the person is totally dehumanized so that some alters think they are ribbons, some monkeys, some clowns, some dolls, some trees, some lions or tigers, etc. The sexual alters are often programmed to think of themselves as cats and butterflies.

While the girl was coloring, her father reached over the table without warning and took her colors, "You don't deserve these colors and I should have taken them away before now. The girl had done nothing wrong. This is part of mind control. The person learns that there isn't a right or wrong only that they must be obedient. The little girl did not even respond when her colors were yanked away. When the mom talked to them, she said "children"--she never once personalized things. The parents began another programming session and said something like, "I will spank you. If you don't count then you can be spanked, we will count 20 times." The constant double messages were obviously breaking down the children to think as programmed rather than respond like normal people to the outside world. The woman turned to her little baby and said, "Tell daddy good-bye". When the child waved good-bye, the woman snapped, "You're not going anywhere." This serves to create confusion. Then she kissed him and said, "Baby, do you want a picture?"

We decided to say something to them, and we did so in the form of a compliment about their children. Neither parent showed any pride in the children when the earlier lady had gushedly complimented the children, nor when we complimented them with a sentence. Instead, when we complimented the children, the father began shooting off a series of difficult questions to the boy. This was simply more programming, but apparently he must have thought that we'd be impressed with the boy's ability to answer difficult questions that seemed way beyond what many teenagers would know.

Two strange things happened during the course of our verbal interaction with this satanic family. First, the waitresses had given the family free ice cream coupons, but the parents gave them to us without the children even batting an eyelid. Second, I asked the father what the age of his children were and he didn't know, or acted like he didn't know. Then he blurted out, they are 1, 2, 3, 4, and 5 years old. His wife knew that that answer must have looked bogus to us, and she reprimanded him, "You don't even know the age of your children." To which he replied, "Yes, they are 2, 3, 4, 5, and 6." His second answer was equally implausible, but his wife didn't protest, and the poor mind controlled children were experiencing just one more element of Satanic mind control. They are not even allowed to realize how old they are. Dates, and times, and ages are kept very

confused in the children's minds for secrecy and control. Not only that, but by giving a hypnotic induction "1, 2, 3..." the father had lowered each of the alters which were holding the bodies of his children into a deeper trance. With these alters tranced, another word from the father could have easily pulled up other alters.

### **Other Items That Parents Do To Their Monarch Children**

Double bind communication is commonly given multiples by all of their abusers. Some of these double binds are well thought out and some just occur due to the craziness of the entire thing. For instance, in ritual or programming, the child may have the option to stab or be stabbed. In fighting the programming, if an alter goes toward health, the programmers have set in a booby-trap. Which evil does the slave live with--the lies of the programming or the lies of the external world? How does one tell the truth to a therapist, when the therapist is not capable of hearing the truth, and yet still demands to be told the truth? Yes, double-binds abound.

Another trick is to alternate leniency with harshness. This trick is done in the military also, and has been worked with success by the Chinese government upon the people of Red China. When leniency is alternated with kindness, the effect is devastating and disconcerting because the person loses the ability to predict what is going to happen. Everyone likes to control his or her life. Predicting what is going to happen is part of a person's mind gaining control over their environment. Even that control is stripped from a slave. They soon learn to quit trying to protect themselves, and they quit trying to think for themselves but docilely submit to whatever fate assigns them. The mind can't figure life out, so it quits trying to understand life, and just fatally submits. Dr. Green (Mengele) was very gentle when drawing blood, and he was very gentle when giving the children X-rays. He would sweet talk them and give candy. But he was very sadistic when he'd follow this up with abuse.

The programmers have preferred to be inconsistent with the children like this. Soon the child doesn't know what hate and love are anymore. The person, who claims he loves them, gives them torture or abandons them to be tortured by someone else. A third trick is to give the victim monotonous tasks, such as chanting or copying long amounts of written material. This helps prod the dissociation, and is a torture that doesn't leave marks.

#### **An Overview**

All of the elements of mind control are incorporated into the Monarch program. If a person surveys what the everyday cult mind control which is NOT part of total Monarch mind-control looks like, you will find the same elements of everyday cult control also are employed at various places within the Monarch programming of a person's alter system. (This didn't happen by accident either, the Illuminati have examined all these lesser cults to see what they could borrow for their own mind control.) Some of the elements which the Monarch program shares with other typical types of cult mind control are:

**1. The Needs Of Individuals Are Promised To Be Met, But Are Ignored For Group Goals.** The Illuminati handler (master) will promise to meet individual needs of alters, but these needs are ignored for group goals. For instance, certain Monarch alters of a person's system may be told they have no faces and no hearts. They are programmed not to see their faces and not to hear any heart beat. If a pulse monitoring machine is hooked up to the alter, the alter will go into a trance. For instance, the handler might promise faces and hearts but will never give them to the Monarch slave when he could. The promise is a control mechanism.

**2. Isolation From The World, So That the Only Reality Is The Leader's Reality.** The Illuminati isolates the slave so new ideas are available or allowed except their cult leader's ideas. "Whatever the Papa Bear [master] says is reality." Each alter will only communicate with a few other alters. What this does is divide the person from their own parts. The will and mind is broken so that there is no organized resistance, nor any access to other alters who might know something. The slave will often be denied mother, grandmother, grandfather, aunts, sisters, children, grandchildren, & friends. They will be deprived of all naturally occurring relationships via the mind control. This doesn't they mean exist in a vacuum, it means that the handlers will prevent natural relationships to develop. Isolation is very key and parts are made to feel like animals rather than people to isolate them from humanity. No ideas are allowed the slave to confront their programmer's lies. They are programmed to hate Christ and the God of the Bible, so that they are isolated from the true God and His abundant spiritual resources.

**3. The Person's Sense Of Identity Is Lost.** The Monarch slave lose his/her sense of self to the cult and to the person's master. No sense of where I begin & end, and where the Master begins and ends. The Monarch programming goes beyond what many cult have done, the alters are hypnotized to not see their faces, which is part of their identity.

**4. Altered States and Hypnosis Is Used.** The handlers/programmers use hypnotic techniques. They induce dissociation by songs, chanting, guilt inducing sessions, torture, isolation, as well as using songs, repeating triggers 3X, and lots of hypnosis.

**5. A Sense Of Peace Is Induced, Especially When One Merges With Whoever Is Leading. The Head Of The Cult Will Take Credit For What The Slave Is.** They induce a sense of peace leading to the fantasy of merging with leader, often suggested by leader. Then the victim has the abuser placed internally in them. For example, the master may say he was one with the slave and that he "created" the slave. The handler will claim to be God.

**6. Out Of Body Experiences.** Out of body experiences (O-B-E's) are induced by the torture & Illuminati training, as well as splits.

**7. Sensory Bombardment And Fatigue.** Sensory bombardment used, such as prolonged sleep deprivation, environmental control, and love bombing. Cages, love bombing of certain alters, and a sterile nursery/toddler room are employed.

**8. Critical Thinking And Disagreeing With The Leader Is Forbidden.** The slave must suspend ability to think critically or disagree with leader. The slave must never question the Master (also called the handler), never get angry at the handler, or else the slave wants to be punished. The slave must always obey or pay with pain. The alters are splintered from others so can't use their information for analysis.

9. The slave must reorganize reality through identification with aggressor (Illuminati master). Strong identification is created with the master. The slave is programmed to protect the master.

10. Individual sees locus (location) of control with the Master and the Illuminati rather than self. Programming overrules self.

11. Black and white thinking is created by the programming. Many of the Gnostic cults (see the Fritz's *Be Wise As Serpents* book for an examination of what a Gnostic cult is) have employed these tactics. People in the Jehovah's Witnesses and CUT, which are Gnostic cults, as well as members of many other groups, such as the CIA will recognize

that these methods were used on them. (The CIA is in reality just another cult, and an Illuminati-controlled cult at that).

### **Isolation**

For children who are being taken out of Day Care Centers and programmed without their parents knowledge, they will be isolated from their real parents. The abusers will tell the children that they are actually the "real parents" and that they intend to come and take the child away from its parents later. They will make the innocent child feel like it is cut off and rejected by everyone including the world at large. In a sense, this is true, because the child is expected to endure the most horrible abuse and yet has no one to talk to. Feelings of isolation and despair take control over the child's mind. These ways of thinking are also spiritually enhanced by rituals to bring in demonic spirits that will help insure the child is dominated by feelings of hopelessness.

During the entire life of the slave, the handlers and programmers are always trying to sow distrust in the victim. The programming is often designed to sow distrust in everyone on the outside except the godlike figure the Master. Even the Master is not trusted so much as feared and obeyed by the slave.

The slave is also subjected to isolation as a child being placed into freezers, closets, dark rooms, boxes and isolation tanks. Sensory deprivation is a serious thing, that has been discovered to cause people to hallucinate. The brain goes into an altered state just from sensory deprivation. Polar explorers who see only white for days on end must deal with this danger.

### **Handwriting Modification**

Psychology developed over the years a number of projective, objective and subjective tests of personality. Ludwig Klages (of Germany), H.J. Eysenck (of England), and M.N. Bunker (of the U.S.) are some of the notable researchers who took handwriting analysis out of the occult realm and into the scientific realm. (The co-author, Fritz, happens to be a certified Graphoanalyst through IGAS, who has done Graphoanalysis professionally. IGAS has strict standards not to allow members to do anything associated with the occult, but insists they keep their work on a scientific basis).

When a person writes, he will use about 200 separate muscles in the hand, arm, and body. The mind coordinates all these muscle movements. A good handwriting analyst has about 800 different things that he can look for in a sample of handwriting, such as how hard did the writer write with his instrument, how big, where did he start on the paper, how did he cross his "t" etc. In other words, the mind in order to write had to make hundreds of decisions within seconds. There are too many decisions to make them all the decisions consciously. This is why document examiners can authenticate signatures. Most of the many decisions as one writes are done subconsciously, and the decisions are influenced by state of mind, personality, the state of the physical body, and the environment.

The good handwriting analyst is able to work backwards. Why was the decision made to make the capital P look like an L? Why did the person start their writing half-way into the paper and waste half the piece of paper? Through scientific studies and observations, a vast wealth of understanding has developed by graphologists about why certain decisions are made. Some graphologists use a wholistic method, others like graphoanalysts, analyze each stroke. Both methods will give the same results if the handwriting analyst is skilled at applying the principles of graphology.

Handwriting analysis has not gotten the credibility it deserves, in part, because it is such a powerful diagnostic tool, the intelligence agencies have wanted to keep it to themselves. However, the nation of Israel, uses handwriting analysis to hire with, and a high percentage of the businesses use it in hiring also. The nation of Israel has had a high rate of success with handwriting analysis.

How does handwriting analysis play a part in the mind control? Several ways. A number of the programmers are skilled in handwriting analysis. They are well aware that the abuse of their slaves will show in the handwriting. Through behavior modification (usually torture) the front alters are trained to write in a fashion that hides the abuse. The abuse will show in the handwriting of most of the alters, so many of them are programmed not to read or write. This is why some of the child alters will have older alters write for them.

The programmers were also aware of how the mind heals/changes itself via handwriting therapy. If the mind will place enough energy into writing a particular way, it will go ahead and put enough energy into becoming what it writes. In other words, if I am lazy, but I get determined enough to focus the brain so that it doesn't make handwriting strokes that indicate laziness, then my brain will also change its lazy attitude in other ways. In other words, I can begin to change a personality trait by working on the handwriting decisions that stem from that trait. The programmers can and do help modify their slaves' personalities this way. They of course will employ a number of personality changing techniques as a group package. The goal is to bring as much pressure to bear as possible to get the original trait modified. This will be done in accordance with the programming goals for the various alters within a system. Remember, some alters need to be outgoing and other reticent, some melancholic, and others sanguine or choleric. The programmers know what they want and how to modify what they have to get the temperament and personality traits they want.

### **Behavior Mod (Modification)**

Behavior modification comes in various packages. One package has been called ELT (Electrolytic Trtmt) developed by H.C. Tien. One simple version of behavior mod is to find out what someone has done which is good, and praise and reinforce that behavior. Then state the goal. And then continue to reinforce promptly the good things the person is doing. The goal in mind must be measurable. An example of this, might be for a handler to praise his kitten and to purchase it nice things if a client is satisfied with the sexual service he got. The reinforcement needs to be soon, and appropriate. "Thinking behavior" is a term that behavior mod scientists use. "Adverse conditioning" is another.

Anectine, which paralyzes the body and makes one think they are suffocating, can be used for aversion conditioning. The victim is told not to do a particular behavior or else experience discomfort. When behavior modification is done in programming, you can be sure that there is paper work done to chart the progress. Rather than worry about what a person is thinking, the behaviorist charts a person's behavior and then gives reinforcements of correct behavior (or the opposite adverse rewards of punishment) to modify it.

Victims are conditioned to carry out certain behaviors. If an alter does something wrong, there is an immediate consequence set up for it. Soon it is conditioned not to do what the programmer doesn't want. The behavior mod scientists believe that creativity can be controllable. When a child creates a new form he is rewarded. Soon the child learns to create. Illuminati Delta-Beta alters will be trained in espionage. They will be trained to recognize a person's physical identity instantly. One method of training which has been used is to teach people to remember reflexively rather than analytically. Thousands of

faces or thousands of license plates, or whatever are flashed on a screen, and when a repeat is shown the person must press a button. If a mistake is made, the slave is treated to a nasty little shock. After a while a person develops the correct reflexes.

Slaves are being trained in recognition from the time they are small children, this is important so that they can build their internal worlds with mirror images and other confusing things. The following "deeper" programming is an example of classical conditioning. The child's hand is cut so that the child goes into a trance of shock, and then each time they use the word "deeper" they cut deeper to enhance the shock/trance state. By pairing the word with this trauma, when they are through, the word "deeper-asleep" will throw some alters instantly into a very deep trance.

### **Psychological Motivation**

When a person has been knocked down and degraded, traumatized by poor sleep and little food and water, he is more susceptible to suggestion. He can then be told that he himself is the cause for his own degradation. If he just behaves better, his treatment will improve. When the person accepts his guilt for the bad situation he is in, then the programmers give a target for the blame--God, country, or whatever the person had depended upon. The programmer then aggravates these hostile feelings, and keeps nurturing them until the person is livid with anger toward the object of blame. The victim is coached to project their blame onto this target of blame. When this is accepted, the conditions for the victim improve.

Once the person has targeted their blame, then the Programmer becomes the friend to help one fight the evil target. Anything and everything is rationalized in this "All becomes fair in war." Enemies are easy to create. People readily accept them. The intelligence community has long played on people's fears about communism.

People might be shocked to realize that this was one of Hitler's favorite methods to recruit loyalty from people. It is why the Nazi's secretly burned down the Reichstag, and then blamed the communists. The Illuminati are masters at making Christianity the fault for everything from homosexual suicide to the world wars.

### **Neuro-Linguistic Programming**

NLP means Neuro-Linguistic Programming, which are practical communication skills. Programmers were using NLP before it became known as NLP in 1976. Some NLP techniques are obvious truths, and some are more subtle truths in dealing with human nature. NLP can be more of an art, than a science. One of the truths in NLP is "Everyone lives in their unique reality built from their sense impressions and individual experiences of life, and we act on the basis of what we perceive our model of the world." (O'Connor, Joseph & John Seymour. *Introducing NLP*. San Francisco, CA: Aquarian Press, 1993, p.4). That is why alters have their worlds created by their programmers, and then the occult alters are indoctrinated with satanic beliefs. ( Chap. 11 Part A deals with this indoctrination).

Let's list some other "assumptions" that NLP practitioners believe in without explaining them:

- \* Almost all communication is non-verbal.
- \* Knowledge of content is not required to make behavioral changes.

\* Our internal representation of the world is not the world but only our own feeble map of it. The map is not the territory.

\* People will choose predicates which correspond to what representational system they are using, and which one they choose can be seen from eye accessing cues.

If one studies NLP, one will find that NLP books such as *Basic Techniques Book II* by Clifford Wright, teach people how to create dissociative states which are alternate personalities, and that they teach people how to develop different states of mind, and pseudo multiple personalities. It is difficult to express all the different cross-overs that NLP has with Monarch Programming, but at different times the concepts of NLP certainly would be helpful to the handlers. However, it must be stressed that NLP IS NOT Monarch Programming.

One of NLP's suggestions is that a person assess their "present state" and their "desired state." This simply common sense suggestion is often carried out during programming. The Programmer will tell the victim WHAT KIND of alters they want produced and HOW MANY when they begin the torture. The motivation to do this is also suggested by NLP and is accomplished by the programmers threats to the person's life, and by the person's desire to be free of pain and torture. Milton Erickson's work on altered states has been picked up by NLP. Likewise at least part of the programming hypnosis is based on Erickson's ideas.

### **Clues For Observing A Victim**

Lateral Eye Movement (LEM) can be a useful skill to the programmer. Monarch victims are sometimes programmed so that the real LEM is not done publicly by the victim, to prevent people from getting visual clues as to what is going on in their mind. A person who is thinking in visual images will generally speak more quickly and at a higher pitch than someone who is not. These types of clues help the Programmers be more skilled, but it isn't a necessity.

### **Anchors**

NLP researchers have noticed that people have emotional states in which the entire body will take up a posture in carrying it out. Memories can come into a person that causes the body to take up the negative states again. The NLP practitioners have developed language which includes such terms as Anchors, emotional states, and triggers. These words are used to describe ideas that have long been in use.

For instance, let's say that when you heard a particular song at some point in your life you were having a good time (emotional state). Now that every time you receive a trigger to that memory, such as the song, you regain that good feeling that is attached to the memory of the song. Every time you hear the song, you feel good, which then in turn, continues to act as reinforcement of the association of a good feeling to the song.

A stimulus that is linked to and triggers a physiological state or emotional state is called an anchor. Our lives are filled with naturally occurring anchors, such as our favorite childhood smells, or the alarm clock. One of the Illuminati kingpins in Germany, a Krupp, liked the smell of manure, and built his house so he could smell horse manure all day. NLP is the art of building associations with an anchor. A past emotion can be linked to something today. If a person is afraid of public speaking, then a good feeling can be linked to giving talks. The skilled programmer will anchor an emotion with several sense cues--including auditory, visual, and touch. The person visualizes an emotional state from

the past. When the state is reaching its peak, the anchor is placed in. The anchor needs to be unique, distinctive, & easy to repeat in the exact form that it was done.

Much of the trauma-based programming is actually setting anchors using extreme trauma. When the anchors are tested (fired), if the emotional state is pulled up, then the anchors have worked. Firing two separate anchors at once is called collapsing anchors. Two separate states can be fired at once. There is a methodology for collapsing anchors together.

### **Future Pacing**

Future pacing can be used to help program a person toward his occupational objective which was charted for the victim when they were small. Future pacing is a mental rehearsal that is practiced in the imagination so that the person can deal with some future challenge. Expectations can often become self-fulfilling prophecies. NLP also is used to teach people how to learn. It teaches people to learn a variety of methods for a single skill. However, this type of self-help info is not freely given to the slave. It might be used if the programmers needed to develop the person hypnotically in a certain direction.

### **Pacing For Hypnosis**

Because Milton Erickson stands out as a genius among those who have used hypnosis, and people are still trying to figure out fully what he did, it is appropriate to mention his work. We don't know how these ideas of Milton Erickson's are used by the Programmers. We do know that the CIA has paid close attention to his ideas, and that some of the Programmers have some of the smoothest tongues. If there is some way to utilize Erickson's work to help control Mind-controlled slaves, then the Intelligence agencies have no doubt found it.

On the flip side, several deprogrammers used Ericksonian methods to unlock the programming of the people they want to help. What we describe in this section is just a small sampling of Erickson's methods.

Another type of NLP pacing besides the one just previously mentioned was developed by Milton Erickson. He would gain rapport with anyone by describing to them what they were feeling, hearing and seeing. He would induce a peaceful state by speaking slowly, using a soft tonality, and pacing his speech to the person's breath. Gradually hypnotic suggestions are introduced to lead them into what is called "downtime." He would gently encourage people with gentle suggestions such as, "It's easy to close your eyes whenever you wish to feel more comfortable..."

But you may wonder how can anyone know what someone else is thinking? Erickson developed language that was vague enough for people to match their own thinking to what he described. He would use smooth transitional words such as "while", "and", and "as". The type of vague sentences he would say are "It is well known that people can read books and make changes." Milton Erickson learned to distract the dominant brain hemisphere, and also speak in a complex way that all seven (plus or minus two parts of the conscious mind) would get engaged in trying to figure out what his ambiguous statements meant. Milton found that he could say anything if he set it up in the context of someone else saying it. He also found that the unconscious mind does not process the linguistic negative. Rather than tell a child "Don't fall" tell it "Be careful."

### **Reframing With Metaphors**

Metaphors, some from Druidism or from some other occult teachings, are used by the Programmers. For instance, the seasonal changes that leaves on trees make is an example of a programming metaphor.

For those readers who don't know what refraining is, the following in the book *Refraining, Neuro-Linguistic Programming and the Transformation of Meaning* by Bandler and Grinder (Moab, UT: Real People Press, 1982) is an excellent story to explain it.

"A very old Chinese Taoist story describes a farmer in a poor country village. He was considered very well-to-do, because he owned a horse which he used for plowing and for transportation. One day his horse ran away. All his neighbors exclaimed how terrible this was, but the farmer simply said 'Maybe'. "A few days later the horse returned and brought two wild horses with it. The neighbors all rejoiced at his good fortune, but the farmer just said 'Maybe'. "The next day the farmer's son tried to ride one of the wild horses; the horse threw him and broke the leg. The neighbors all offered their sympathy for his misfortune, but the farmer again said 'Maybe'. "The next week the conscription officers came to the village to take young men for the army. They rejected the farmer's son because of his broken leg. When the neighbors told him how lucky he was, the farmer replied, 'Maybe'."

The meaning of an event depends upon the FRAME we place upon it. Those frames are perceptions. Occult fairy tales are great for refraining events. A frog turns into a prince. Rudolf's embarrassing red nose becomes a guiding light to bring happiness to people. Many of the common things in our everyday life are refrained by the Programmers to have hidden mind-control meanings. The Teddy Bear the child is given by her Daddy is to remind her how helpless she is to prevent him from raping her. The carousel toy is to remind the child of dissociation and the internal carousel built into the mind. Many of the things that parents, who are intentionally raising a programmed child, do, look nice on the outside unless one can reframe what they are doing in the context of total-mind-control based on trauma and fear. Refraining can be done by collapsing anchors. For instance, the sober part of an alcoholic and the drunk state of the alcoholic are given the same anchor and then these are collapsed together to get the drunk to stay sober. The two states are taken in a process of integration for the refraining to occur. Refraining someone with MPD is almost impossible without integration, but refraining a particular alter with metaphors is not out of reach. The programmers have much more chance to reframe while they program than the therapist, because the programmers set in defensive programs to prevent other's from reframing.

### **Power Words, Reversals And Puns**

In NLP, 7 senses are taken into consideration. First we see, then we hear, and finally we have the senses of internal kinetics and our emotions. The Programmer also takes into consideration what are called "power words". Those are words which have specific meaning for the person. The programmers also love to use reversals and puns, for instance in Disney's Ducktales the character says, "I stole 'em fair and square." Other typical reversals are "Life is death, and death is life", "Pain is love, and love is pain." Another example is one used on Cathy O'Brien, where the words "Service Entrance" were used to mean "Serve us. En-Trance." Naming an alter "Allison Wonderland" - a pun on Alice in Wonderland - is another example of a programming pun. The programmers love to use these types of things.

### **The Mind's Natural Alarm Clock**

The programmer's have made use of the mind's natural ability to wake itself up like an 'alarm clock' if it wants. Slaves may be given the coded message that the draconian enforcer will come by to pick them up at 1 a.m. The slave will automatically wake up in the middle of the night, and in a trance like a sleep walking, a deep LGP alter will take the slave out to the street to be picked up. Many slaves are being used at night without their families suspecting anything. Sleeping patterns are also related to personality. REM sleep is believed to help restore the effectiveness of certain brain pathways in which norepinephrine is a transmitter substance. By programming different alters to have certain sleep patterns, their personalities can be adjusted. Of course this is done in conjunction with many other aspects of mind control.

### **The Right Brain And The Unconscious**

The Programmers are also aware that right-handed people use their left brain hemisphere for highly conscious processes which require good attention, focus and intentional decisions; while their right brain will tend to work on the unconscious and automatic chores. Split brain programming takes this contrast into account.

## Chapter 10

### The 10th Science - Using Spiritual Things To Control A Person

THE SPIRITUAL FOUNDATION FOR PROGRAMMING LAID BY THE PROGRAMMERS ARE THE GENERATIONAL SPIRITS WHICH ARE LAID IN THE WOMB & INTRODUCED TO THE CHILD WHEN VERBAL AS THE CHILD'S "FRIEND" & "SPIRIT GUIDE".<sup>2</sup> A CLAN'S GUIDING SPIRIT IS ALSO CALLED A TOTEM.

THE KEEPERS OR GUARDIANS PROTECT THE SPIRITS WITHIN AN ILLUMINATI SYSTEM. THERE WILL BE ONE ALTER WHICH KNOWS ALL THE DEMONS WHICH HAVE BEEN LAYERED IN. FROM THE AGE OF FIVE, THE CHILD'S CULT PARTS WILL BE TAUGHT THE<sup>2</sup> GENEALOGICAL HISTORIES OF THEIR SPIRIT GUIDES. AT THE AGE OF 12, SOME CANDIDATES FOR AMER. TRIBAL CHIEFS HAD TO WAIT IN THE WILD FOR THEIR TOTEM TO GUIDE THEM. THEY MUST REMAIN IN THE FOREST UNTIL THEIR GUIDING SPIRIT APPEARS. THIS IS WHY THE ILLUMINATI STUDY THE XIBALIAN MYSTERIES WRITTEN IN THE POPOL VUH [**THE MAYAN BOOK OF THE DEAD, WHOSE INITIATIONS USED PSILOCYBAN MUSHROOMS**].

2

Saving this chapter for last (of the mind, body, spirit chapters) is like saving the best wine for last. The authors know first hand that the Illuminati fears more than any other information getting out, that the spiritual aspects of programming would be revealed. This chapter has been organized into the following parts:

- A. Using spiritual principles against a person
- B. How the Monarch program miniaturizes what is done on a larger scale
- C. Dehumanization
- D. Fear
- E. The use of guilt, shame & ridicule & anger
- F. Teaching that the master is God
- G. Portals, focal points
- H. Vows & Oaths
- I. The use of demon possession, layering, etc.
- J. The use of angel alters
- K. The use of Scriptures In Programming
- L. Theta programming

The 10th science includes some of the most secret elements of the Monarch programming, and certainly some of the most controversial. Psychologists and psychiatrists are an unlikely group to delve into demonology, although there have been a number of studies done in this area. Six examples of such studies:

\* Braude, S.E. (1988). "Mediumship and multiple personality." Journal of the Society for Psychical Research, 55, 177-195.

\* Krippner, S. (1987). "Cross-cultural approaches to multiple personality disorder: Practices in Brazilian spiritism." Ethos, 15, 273-295.

\* Rodgers, R.L. (1991). "Multiple personality and channeling." Jefferson Journal of Psychiatry, 9, 3-13.

\* Rogo, D.S. (1987). "The spiritual side of multiple personality." In D.S. Rogo, The infantile boundary: A psychic look at spirit Possession, madness, and multiple personality (pp. 243-246). New York: Dodd, Mead, and Co.

\* Ronquillo, E.B. (1991). "The influence of 'Espiritismo' on a case of multiple personality disorder." Dissociation, 4, 39-45.

\* Smith, R.D. (1981). "Hypnosis, multiple personality, and magic: A case study." Voices: the Art and Science of Psycho-therapy, 17, 20-23.

The Gamma programming is the secret layering in of demons. However one wants to describe these demons--the victim has to deal with their "reality". The ceremonies to demonize the victim occur even before they are born. Generational spirits are very important to determine how the Programmers program a person. But this 10th science goes way beyond just demonology, because it deals with the fundamental issues that effect our views of God, our fellowship with Almighty God, and our view of the occult sciences of astral projection, ESP, telepathy, etc.

## **Part A.**

### **The Use Of Spiritual Principles To Isolate The System From God**

In the course of deprogramming Monarchs, and rubbing shoulders with programmers, it became clear that the programmers of the Monarch program are fully aware of the spiritual principles which are in operation for everyone. In 1930, a leader of one of the groups which today carries out trauma-based mind-control, wrote that the occult masters are not interested in uplifting the souls of men, but that "*These Masters. .. have in reality no interest in soul or astral development, except as a means of forming passive illumined tools, completely controlled in mind and actions.*"

The Monarch victims of today are the tail end of centuries of efforts by the Kaballists, Freemasons, and the Illuminati adepts to completely control other human beings.

The following quote comes from a communist manual on how to brainwash a nation. It could just have well been written by Monarch Mind-Control Programmers.

*"The first thing to be degraded in any nation is the state of Man, himself. Nations which have high ethical tone are difficult to conquer. Their loyalties are hard to shake, their allegiance to their leaders is fanatical, and what they usually call their spiritual integrity cannot be violated by duress. It is not efficient to attack a nation in such a frame of mind. It is the basic purpose of [mind-control] to reduce that state of mind to a point where it can be ordered and enslaved. Thus, the first target is Man, himself. He must be degraded from a spiritual being to an animalistic reaction pattern. He must think of himself as an animal, capable only of animalistic reactions. He must no longer think of himself, or of his fellows, as capable of 'spiritual endurance' or nobility... "*

As it seems in foreign nations that the church is the most ennobling influence, each and every branch and activity of each and every church, must, one way, or another, be discredited. Religion must become unfashionable by demonstrating broadly, through psychopolitical indoctrination, that the soul is non-existent, and that Man is an animal. Later this chapter will describe how a person is dehumanized.

One spiritual principle is that if you can get a person angry at God, you can get that person to commit any sin. Great effort is taken, via staged events to make the victim being programmed certain that God has rejected them. For instance, some victims had someone play God and walk away from them when they needed help in a life & death situation. The 1980 Hollywood movie *Altered States*, which is about a university professor in the 1960s who experiments with mind-altering drugs and sensory deprivation tanks, shows some scenes where God turns into a goat. Some of the religious scenes in this movie, match some of the anti-God/religious programming of some Monarch slaves.

The Monarch slaves are repeatedly warned that God is cruel and judgmental, and that He wants to destroy them for the wicked things they have done. Bible verses that tell of the wrath of God & God's anger are read to the victim.

An example of how the slave is programmed to hate God will now be given.

A hypnotic drug will be given the victim when they are about 6 years of age. This will relax the person and allow the programmers to take the child into the deepest trance, so that the programming will be sure to enter into the very fiber of the child's being. After several hours of being in a deep trance, as the drug begins to wear off, the child will be strapped very secure into a tight fitting coffin. A man with long white hair, and a long robe, with sandals, staff and a white robe will present himself before the child, and announce that he is "God the great I AM". Then "God" will look in a big book and announce he cannot find the person's name so he will have to send the person to hell for being bad. The coffin will then be lowered into a deep pit, like a mine shaft, and the victim will be told that when they can no longer hear God's voice that they will be a cat and not human. God can't find them in the book because they have no soul, and are a cat. Deeper and deeper the child is lowered. They are told this is the penalty for having tried to pray to God.

The programmers make sure that the slave is implicated in many gross sins, such as the murder of innocent children, in order to insure that the person is sure that God hates them. Then the victim is told that God is a consuming wrath who hates them. The injustice of God creating a world of suffering is also taught to the slave. All this is to insure that the victim hates God. That hatred toward God will express itself in the victim's system's willingness to do any sin, without conscience.

## **Part B**

## **The Monarch Programming Is A Miniturization Of What Was Being Done To Entire Peoples Or Cities**

Demons are attracted by the "scent" of people. We are made in the image of God, and we are attractive prey to those who hate God Almighty. Cities are magnets for demons. When demons target a person or people, a common tactic is to make trouble for the person. When a person's problems reach a crescendo, they will be in a state of mind to grab any solution that is passing by. People then make pacts with demonic forces. They sell their souls hoping for relief from their problems.

All this is clear as a bell to the spiritually enlightened, but the demonic forces are able to dull the senses of their victims to the point they no longer have the slightest realization that they have sold their souls. People make a choice to accept the falsehood offered by the demons for their relief, rather than stick with the truth which seems to hurt. The demonic lies may be that colds and flues are caused by evil spirits--when in reality they are caused by viruses and bacteria. Or the opposite type of lie may be given, that demonic forces have no influence over disease, that only viruses and bacteria exist.

In Africa, modern medicine is often viewed as White Man's magic, because they fight disease with incantations which the demons have taught them to use to cure their problems. Authority to demons is transferred to them by festivals, ceremonies and pilgrimages.

Strong demonic manifestations usually occur around festivals, ceremonies, rituals and pilgrimages which are being done everyday around the world. These ceremonies and rituals are welcome mats for demonic forces giving them the right to rule. Every area of the world has them. And often demonic signs and wonders occur at these rituals and ceremonies. The power of a lie has to be preserved and fueled by tradition, which is manifested via rituals. Without tradition the power of the lie would die out. If the tradition is being rejected by a people, the demons often augment it with "new" deceptions. The first lie doesn't stand a chance.

The pre-existing bondage then is strengthened by new deceptions that seem more appropriate. If you were asked now, "HOW DOES SATAN ENSLAVE PEOPLE?" you should know the answer because it was just given it to you. The answer is Satan's control is trauma-based. A trauma is applied to the lives of people. They reach out for some type of answer to the trauma, and the demons offer some type of answer--so many Hail Marys, or so many sacrificed cats, or pray to some idol which is a disguised demon. The lies are turned into myths which the people believe. The myths are a blurring of reality which the people on one level may know are false, but their minds can't break loose of the power of the lie. The power of the myths are fueled by tradition and demonic manifestations and demonic attacks.

Anyone who steps outside of the demonic lie is attacked. The people feel they are being personally attacked when their traditions are ignored. Because a people has willingly sacrificed the truth for the falsehood in their need for relief from their trauma, they have chosen to be deceived. This choice to be deceived has a great deal of spiritual power to it. They are no longer truth-lovers. It is not enough to come to these people with the truth. They have rejected the truth. They must at some point will to seek the truth again. These people can have all the proof shown to them about the truth, and they will continue to reject it. Their demonic bondage needs to be broken somehow.

This bondage can be broken in a number of ways. Pointing out the inadequacies of the lies is sometimes sufficient to break the demonic spell over people. But after the lies are

broken, they need to be followed by the truth--and the love of truth. The Monarch Mind Control programming is simply the sophisticated application of what has been done to humanity on a large scale being scaled down and applied to a single human body.

Trauma and lies are used in the same way. The different alters sell their souls to the lies in return for their safety. A basic ingredient to the programming of a group of people (or a group of alters) is the same--trauma and fear. The Land of Oz was ruled by a shadow-leader, the Wizard of Oz.

Most countries are ruled by unseen people and unseen powers. The Wizard of Oz story is so representative of how life is for Satan's world. No wonder it is the programming base for so many Monarch mind-controlled slaves. The solution to Satan's control, was that the disciples of Christ would be so united in love that the world would see the solution. *"That they all may be one.. .that the world may believe."*

For the Monarch slaves, the therapists have wanted integration. For the world, Christ wanted integration. But there are formidable spiritual strongholds which divide us. These spiritual strongholds are far stronger than most Christians can imagine.

The heartbeat of the Body of Christ is to bring all humanity to their Creator God. This can be done by breaking down all the lies and programming that separate the parts of the Body of Christ so that those of Christ are so well integrated in love and spirit that the world believes on the power of Christ. Each of the programming acts has a spiritual, mental, and physical side to it.

The slave has his or her will stripped from them so it becomes unnecessary to think in terms of their guilt, they are slaves who no longer have the freedom of choice. If they kill, or steal, or tell an untruth (lie), they have not done it intentionally. Still the Programmers know that there are spirits involved to spiritually prepare the slave to do these acts. For instance, they implant Spirits of Greed and lust into the victim.

An Illuminati value system is drilled into the victim. Any person who is not taught to dedicate personal rights and possessions to God, will end up with all types of surface forces such as insecurity, worry, anger, envy, jealousy and tension. This goes for multiples or non-multiples. These surface forces will in turn cause all types of surface weaknesses such as lying, stealing, cheating, and arguing. If these surface weaknesses are displayed by anyone, they are evidence that a deeper spiritual problem exists. However, the slave is not being set up to display these vulnerabilities as they will, but ONLY as they are programmed. An Illuminati Beta model can have sex only with who her master allows her to have sex with. Nor is she granted the privilege of refusing to sexually service someone.

If the slave is allowed free will, they often will reject the life style programmed into them. The reason they can reject the Spirits of Seduction & Lust that have been layered in to insure that these moral weaknesses exist, is because the will of the alter being programmed was being coerced. There was duress involved. Satan has some claim, but not the stronghold that comes from those whose active will is involved in a sin. That doesn't mean that some slaves don't develop a taste for their perversion. The point is that the ability to have these personality weaknesses, should the programmers want them, can be spiritually set into the slave by teaching the slave to resist the grace and love of God. It may be shocking to realize that the slaves are specifically programmed to resist God's grace and love, and to hate Him. This is not left to chance, and is accomplished by a number of events in the slave's life.

Another spiritual area that is tampered with is the self-image of the person. They are not allowed to think of themselves as made in the image of God (unless they are front alters created or allowed to be Christian). Instead of allowing the victim to learn about Jesus, the victim is consistently belittled and compared to others. This is in violation of a spiritual principle found in 2 Corinthians 10:12, "*For we dare not make ourselves of the number, or compare ourselves with some that commend themselves; but they measuring themselves by themselves, and comparing themselves among themselves, are not wise.*"

John 5:44 and 2 Cor. 10:17,18 teach how it is to be done correctly. Fritz, co-author, knows of one programmer who is still programming who is fully aware of these scriptures and how they apply spiritually. When people are not allowed to accept themselves, they end up resisting the will of God. The wrong attitudes are built into the slave, so that they will always resist the will of God.

Again if the programmers want a Christian front, they may program the correct thinking into the front alter. To do this doesn't threaten their hold on the system in the least. To have Satanic alters and Christian alters which are diametrically opposed to each other's thinking only insures that if they would discover each other in the mind, that they would reject wanting to learn about the other part, and would go into denial of the part's existence. The programming and mind-control is being linked to a belief system.

Taking this one step further, we can also say that the programming is also a conflict between two faiths, the faith that the alters place when they visualize and create their occult-system, that is their faith in demonism and magic, versus the faith of those who follow the God of the Bible. The method of creating hard-core Satanic alters from traumatized Christian alters is an obvious example of this. Some secular therapists have been slow to admit this conflict.

If we look at the Illuminati's brand of Druidism, we will notice that the Book of Pheryllt which is a Druidic book for rituals gives four symbols which can be made to evoke the four elemental forces also called the four basic portals. Visualization is said to be the key to the occult, and to opening portals with these four signs. As the deeper parts of a slave are drawn into such activity, they are in reality placing their faith in that belief system. How can you take something away, without giving something in return? An alternative faith in a God and belief system that is not connected to mind-control is an important therapeutic aid.

You can not hate something passionately if you are unaware of it. When two groups are very similar, in order to high light their individual identity they will have a high level of animosity toward each other. In order to create strong Satanic alters who hate God, the Illuminati actually encourage the young two year old victim to understand and accept the love of God. Upon this faith in a loving God will be built the rejection and trauma to create wounded alters, who hate God because they feel rejected.

Rejection is a tool of Satan across the board in the world. Rejection creates a sine wave of hills and valleys. (The way of the Lord is made straight leveling these hills and valleys.) When a person (or nation) is rejected they will often shift to one of two extremes: either they try to perform to meet up to expectations or they will retaliate against rejection. Both are extremes (the hills and valleys of the shadow of death) of the what resembles a sine wave.

Both rejection and retaliation are tools of bondage. The enemy will work a person to get them to feel either rejected or angry. If either side of the sine wave is latched onto by a person (or nation) they will set in motion a dynamic where they will end up with the

other side of the curve. This is because the human mind has an inbred desire to balance things out. If we feel rejection, then we may retaliate or try extra hard to perform. This sets up a BONDAGE LOOP.

The Cabalistic Tree of Life is the knowledge of good and evil--performance. The programmer by repeatedly REJECTING the slave, build into the slave a high level of performance. The slave is not allowed to get angry at the programmer, which is the opposite peak of the sine wave. The human mind will naturally try to balance the performance peak with increasing the anger/retaliation peak to match it in opposite intensity.

Because the slave can not get angry at their programmer, they turn this anger inward and upward toward themselves and God. The performance of the slave for the master is a form of false love. Performance love is false love. "If you do this for me, then I'll love you."

Christ loved us when we were yet sinners and unlovable. This is the type of godly true love described by Paul in 1 COR 13 which seeks not its own. Self-preservation is a tool of death. That is one reason Christ did not preserve himself - even though he could have called angels - he wanted to show the world true love.

Fear gets its root in death. The threat of death of a spouse, of oneself, of one's dreams, of one's identity, or of one's fleshly body creates fear. Death comes from Satan. Life from Yahweh God. Fear is built on a threat of some kind of death. Self-preservation then is actually based upon fear which is in turn based on death.

This is why Christ said one must lose their life to gain it. To escape the satanic bondage loop of self-preservation built on fear, we must reach out for the love of God. Self-justification is not normally seen by people as a bondage loop, but it often is. Only the sureness that Almighty God loves us gives us the strength not to get caught in the self-preservation tactic of self-justification.

There is a place for defending the truth, but it must be done in love. Christ and his disciples taught that we are justified by faith in God, not by self-justification. Self-justification can easily be related to the self-preservation bondage loop.

We simply have to have an inner knowing that we are made in the image of God, and that He is working in each of our lives. Since we are His work, He will justify us. All of the Monarch slaves, are a work of God. The cult has simply refashioned what God created. The slave needs to recapture the loving view God has of what He created. God doesn't make mistakes. He has placed lots of beauty and value in each person. Each person is His handiwork, isn't the human body fearfully and wonderfully made?

After someone has been made to participate in crimes against humanity, the Programmers intuitively have created a situation where the person may fall into self-justification, for example, "They deserved to die." This is a subtle, but dangerous tool of bondage. Much of the trauma-based mind-control is based on simple fundamental spiritual life-spiritual death issues. The Spirit of the Lord does not give fear. It comes from the enemy.

Abductees, who claim to have met aliens, claim that the aliens feed off of human fear. Fear brings spiritual death. To show this dynamic in another way, let's describe a common thought for alters of Monarch slaves. This thought is "If I stay with the programming I'm safe." This is the same thought that society in general is taught via fear of self-preservation. "If I stay with the crowd, if I stay with the system, then I will be

safe." This is why peer pressure, which seems safe, can lead many young people into death.

All this fear of self-preservation by remaining in the programming (whether individual or societal) will be transferred to loyalty of the AntiChrist, that is the plan. The Truth shall set you free. Anytime we reject the truth for safety and peace because of our fear for self-preservation, we accept a lie. If the truth sets a person free, then by definition, slavery means to "not to have truth." All lies lead to bondage. They create strongholds.

Many religious groups are built upon a collection of truths and lies. The truths are used as the enticing attractive front, the lies are used as the enslaving bondage. This is why there is almost no end to all the lies used to program Monarch-type trauma-based total Mind-controlled slaves.

An important mind-control programming dynamic is the creation of images. This will take some explaining. One spiritual dimension of humans is that we like to behold our God. This was built into us. Archeologists have noticed that ancient man has always worshipped. It is built into man to worship, and we like to behold whatever we worship, whether that is God, ourselves, or some other image. In other words, worship is image oriented. This is the power of images. One of the most ignored commandments of God, of which Fritz wrote a book about in 1977, was the commandment God gave

*"thou shalt not...make any likeness of any thing that is heaven above, or that is in the earth beneath, or that is in the water under the earth." EX 20:4*

Students of God's Word are warned to *"examine everything carefully; hold fast to that which is good."* 1 THESS 5:2 1.

What is significant is that God's commandments in Ex. 20, which were a distillation of His laws, could have simply stated *"Thou shalt not make any graven image"*, but instead went on to make a big issue in that same passage about any image of God's creatures (the word translated "things" has historically been understood as "living things"). In DT 4:15 *"pasal"* images, that is images formed out of any material with a tool (ax, chisel, or engraving tool) and the *"likeness of male or female"* and *"similitude of any figure"* are forbidden.

Next, it again forbids the likenesses of living creatures. The word "image" occurs about 100 times in the Bible, and is usually accompanied by judgements such as *"I will cut down. ...destroy...break down...smote."* In a number of verses (EC 7:20, PS 106:29, 39), the scriptures speak about how man is always seeking inventions that provoke God to anger.

The creation of images of many varieties was a big part of Egyptian magic, and still is. Because the creation of images is so esteemed today, a balanced view/discussion of the spiritual ramifications of images (& their creation) is a rare subject.

*"For the invisible things of Him, from the creation of the world are clearly seen, being understood by the things that are made, even His eternal power and Godhead, so that they are without excuse." RM 1:20. (cf. ISA 6:3).*

One ex-Programmer has talked at length, that part of the motivation for the many programming images, is so that they can establish a world built by Satan, because they want to insure that there is no testimony about God's power. (By the way, some deliverance ministries are having success in helping heal victims by pointing out that

Satanic programmers only build from elements God has already created.) Mirrors, and lots of them, are important in occult programming because they make images. They create so many internal images one doesn't know which way to go. Images are lies. We often create false images of the people we want to love. Do we love them or their image?

Movie stars are loved for their image, and rarely for who they really are. Some of them have acknowledged that they don't feel loved by their fans, because their fans are only worshipping an image. Again, we must remember THE TRUTH SHALL SET US FREE. What is our real identity? Who are we really in God's eyes? Why did He allow us to be born? What was His real purpose for us? These real questions which are so hard for so many of us, are the reality that we need in our lives. The bondage of images has yet to be understood.

The word "duplicity" is based on the word duplicate. Machiavelli taught the elite how to rule through duplicity--that is to rule via imitation images. This is nothing more than one of the operational principles of mirror images placed within the Monarch Mind-controlled slaves. Whatever gives life is duplicated in a mirror image by Satan. Life swallows up death, as the Kingdom of God's genuine light gets progressively brighter. The copy of this is that performance must get progressively better, i.e. technology must change to get better if we are to have life.

The Amish show that society's penchant for technological progression, does not improve life. The Amish have a very successful life-style free from divorce and crime.

Missionaries to Africa have come back at times wondering if the primitive tribe they spent time with didn't have many things which our technologically advanced society had lost. This doesn't mean that an invention won't help mankind, it is that mankind will not get life from technology. Technology must be understood in the entire context of life.

If a person catches onto the lie of technology or performance, they may try the opposite lie--platforming. Many troubled people reach out to God, receive help, and then platform by saying, "Thanks for the help God, but I'm O.K. now." God's love is not performance-based, but we still need to continue to press toward the mark of the high calling of God, transforming and renewing our mind, ever growing spiritually.

Things which do not grow are labelled dead. How do we grow without being performance oriented? That is the message that Christ tried to bring people. The programmers get their slaves caught in a performance loop. The slaves are not going to get freedom, if a minister of some church traps them into some religious group that is performance-based, rather than unconditional godly-love based.

It is sad to see victims of mind-control free themselves at great cost, only to run from one controlling group to another. If we neglect to look at the spiritual dimensions of mind-control slavery, we then are neglecting to see some of the elements of total mind-control slavery.

### **In Summary, Some Of The First Things Attacked**

What is often the first thing which is attacked in individuals and nations in order to control them? It is their sense of identity as a spiritual moral being. Both individuals and nations are targeted to destroy their ethical self-respect. The individual and the nation must be brought to think of themselves as animals.

Another primary tactic or tool is to traumatize the victim who is to be controlled, and then provide relief when a demonic lie is accepted.

Rejection is an important trauma, because it creates a desire for performance and retaliation, and gets people trapped in a bondage loop.

Lies put people into bondage. Images are a type of lie, that lead to bondage. This is why so many images and lies are placed into the Mind-controlled slave. These images and lies are inherently bondage-makers.

Fear and self-preservation are grounded in death. To preserve ourselves, we will allow ourselves to be enslaved. (Eventually, Mind-controlled slaves and society in general in order for peace, safety and self-preservation will transfer their allegiance to the master programmer, the Illuminati's AntiChrist).

## **Part C**

### **The Dehumanization Process**

The dehumanizing of a multiple - that is of a fragmented personality - is done to most of the alters, but the front alters are allowed to be human. Because alters take on the characteristics of what they were created from, the front alters have to be some of the first splits so that they have a sense of family and that they are human. That does not mean that the first series of splits can't be dehumanized later--they are, they are turned into gems (crystals).

How do you make an alter into an animal alter? It may not be quite as difficult as some may imagine, because they can create alters with "clean slates"--that is they are the plain tablets that Dr. White (Dr. D. Ewin Cameron) prided himself that he was able to make out of adult minds. When a part of the mind has no reality to reference, and is tortured and told lies, then it will accept what the programmer says is real. When an alter is created via torture, if you want a cat alter, they will have the child tortured in a cage surrounded by cats of some type. The new alters will be told they are cats.

Their programmers will actually kill a little child in the worst way in front of these alters and tell them that that is what happens to little girls and boys. Do they want to be a little girl? No. After watching the horrible things that happen to little girls, they do not want to be little girls or little boys (as the case may be). They want to be a cat, because as a cat they will not be killed and tortured like the children. The alters are forced to eat like cats with cats. They are repeatedly shamed and degraded and repeatedly told they are cats. Lie detector Instruments are hooked up to the child to determine if the alters actually believe they are cats. When the alter can actually state, "I'm a kitten." or "I'm a tiger." and pass the lie detector test, then the programmers know they have succeeded.

But what if the mind resists being told it is a cat? As long as the child is a girl it is given faeces to eat. But the cats are fed wholesome meals in front of the victim. The little girls in the other cages are dirty and tortured and ill fed. Do you want to be a little girl? A great deal of simple torture is applied to make sure that the correct answers are given. If your life depended upon saying you were a cat, you'd be a cat too. Further, children have a vivid imagination. Normal children can easily role play, and they can easily imagine they are something they aren't, because their personalities and egos have not solidified.

Again nothing is left to chance. A fake blood transfusion of cat blood may be given the child. Very often high speed films of kittens playing and having fun are shown in one eye, while the other eye is forced to few little girls having to undergo the worst of tortures. This viewing is forced upon the child, as its eyes are held open and the child is strapped into a viewing chair.

The dehumanization process will make alters into various types of birds, cats, dogs, aliens, horses, earth elements, gemstones, rocks, and countless other items. They will then place in back up programming to insure that the alters continue to believe they are not human. The ingenuity of the back up programming to ensure that they continue to believe the lies are extensive and ingenious. A great deal of hypnosis, and drug induced states, and drug-hypnosis is used to carry out the dehumanization process. The programming will be reinforced by a cat alter's environment, because the alter's handlers will always refer to them as kittens or other types of cats.

The painful rape of a child with its legs held in a butterfly configuration is used to get butterfly alters. To get a puppet, the body is given a drug which paralyzes the child. Then electro-shock is applied to certain muscles upon the command of the programmer. The effect is that the child has no control over his body, and the programmer can make the child's body parts jerk and move by electro-shocking the muscles. The child actually becomes the puppet of the programmer. This is a very powerful program.

One of the names connected with Monarch programming is Marionette Programming. The child literally becomes a Marionette. This concept appears to have been cooked up by the Germans under Hitler. An alter System as a child is physically shown that they are a marionette puppet. Their muscles are electro-shocked in such a way as to take advantage of the natural reflexes. When electro-shocked that way, the victim's body parts jerk out of our control at the whim of the programmer to prove to the victim that they are a puppet. At this time, the rules are given and rule number 8 is that the alters are their puppet. Illuminati programmer Dr. Mengele, used puppets in a dollhouse as he programmed. He did skits with his puppets. "Dance Marionette dance," he'd say in his thick german accent. Pinocho's story was used to name the spirit guide Jimney Cricket. Along with rule no. 8, he taught the following rules at this point:

1. Listen to your instructions
2. There is no room for error
3. "The Game Timer", these were the specifics of how to move, the melted mirror, etc.
4. There is a chain of command, the King's men
5. Your Master would chart your course
6. You will receive orders, what to do, a memorized script to follow and fulfill
7. The Creator and Master would always own you into infinity
8. You are puppets on a string. "Dance Marionette dance. You are to speak only those words told to you, and to only speak those words when your string is pulled
9. There is no room for questions

10. The controller always plays the role of the White Rabbit. Dark side alters of a System are taught to know these rules as part of their being

Dr. Joseph Mengele (known as Dr. Green) carried a violin, which was used during programming. He programmed slaves to respond to the key word "Fiddler". During programming, the victim will be made to believe that all their insides have been removed and tape recorders placed into them and surgically hooked up. To the child being programmed this is real. This is part of the dehumanization process to protect them from spiritual growth and freedom. The programmers' dehumanization parallels what is done in the army when the drill sergeant yells at the new recruits names such as "maggot" and "worm".

### **Porcelain Face Programming**

The Porcelain Face Programming was already touched on earlier in chapters 2 & 7 when the fire tortures and Gatekeeper alters were written about. Fire torture and melted wax is used to make the child victim believe their face has been burned. Then the programmer generously gives the traumatized alters a porcelain mask. The alter getting the Porcelain face may be given a "gem" hypnotically like Jade and that becomes their secret name.

There are several different methods that are available to lay in the porcelain face programming. There has been a great deal of porcelain casts made of people's faces and then masks made of them. In fact, when a handler dies, at least in one case the replacement handler wore a mask to look like the previous handler. Human baby skin is used to construct a mask from the victim's facial cast. A mask is worn by the Illuminati victim when they are married to the AntiChrist.

The Porcelain Masks are often part of the Camelot & Shakespeare programming.

Another use of porcelain masks which was only experimented with was to place masks on Pawn alters which were used as alters who would guard things by scaring other alters with their fearful porcelain countenances. This programming has spiritual ramifications, because it is one of the programming methods to steal alters of their faces. The alters getting porcelain face programming will only see a porcelain face in the mirror until the programming is taken down. As long as the computer on their level is operating the programming to that alter will be intact.

### **Hearts Of Stone**

The programmers leave no stone unturned when they strip the alters of a system of any vestige of humanity they might have. The programmers make the alters believe that the programmers have surgically removed their hearts & replaced them with a stone. To reinforce this programming the victim is hypnotized to fall into a deep trance if at any time the victim's deeper alters are hooked up to anything monitoring the heart. If and when someone tried to prove that these alters have a heart by taking their pulse, they may be surprised when these alters trance deep enough that the machine doesn't even read. This is how the programming keeps the lies safe from exposure.

The Programmers will hypnotically take the hearts for a number of reasons. One is blackmail. They will promise to return the hearts, if the victim obeys, returns home to the cult when needed, and is present when the Anti-Christ needs the victim. It is doubtful these alters would get their hearts back by their cult considering all the false promises that are typically made.

The Programmers will give the hearts to a queen mother alter for safekeeping. They may be hidden somewhere like in the Temple of Molech [MLK, ZDK is the dual play of the illusionary game].

The Temple of Molech in some survivors is used as a depository for memories of child sacrifices. It is not a place any alter could or would want to go in the internal world. In return, the Programmers give the victim stones, yes, hearts of stone. Stone-like protectors will stand guard in the background. Their voodoo doll appearance reflects the voodoo images that are built into Monarch Internal Worlds. By removing the victim's hearts, it removes any chance that dark alters would have a soft warm spot in their heart for anyone. They will be told that they are incapable of having friends or of loving others.

This is quite effective in separating these alters from others. That isolation is a part of the mind control. Because the alters believe they have no life source within themselves, that is no heart, they have to look to their master. If the master places his hand upon the victim's chest they may feel alive. Because people need a heart to feel, alters are programmed to believe that they are incapable of feeling and have no feelings. They can not cry during their own suffering, and are encouraged to feel incapable of caring for the suffering of others.

In spite of all the brutality and isolation of the programming, the alter's humanity will lay in the background, but whether alters will ever acknowledge that humanity is a big question. If people ask these heartless alters to give their hearts to Jesus, they may be told that they don't have one.

In all covenants, something is given to the cult. In this case the victim's hearts are (hypnotically) given to the satanic Master. There is a Keeper of the Seals who keeps the items given when a vow or covenant is made. If a person is a traitor to a vow, then the cult has an object to carry out voodoo or magic upon to punish the person. Monarch Mind-controlled slaves know their orders, and are locked into obedience.

### **Hypnotic Surgery**

After the Programmers steal the deeper alters' hearts, their identities, their free will, their real families, and their faces and their humanity, they are kind enough to sew back into the victim's chest via hypnotic surgery black stones. They do all this surgery by hypnosis. Via hypnosis, the Programmers can heal the victim's wounds after they torture the victim. They can basically make or remake reality to be what they want.
