GELATIN DYNAMITE

Below are five different ways to make Dynamite.

#1	nitro
#2	nitro
#3	nitro24% guncotton1% ammonium nitrate75%
#4	nitro
#5	nitro80% ethylene glycol dinitrate20%

After making this stuff, pack it in a cardboard tube and epoxy each end. But be careful for it might be a little unstable because of the nitroglycerine (nitro). Before it is totally dry stick a good fuse in one of the ends. Light, Throw, and Run.
