

**IEC 60384-13-1
(Second edition – 2006)**

Fixed capacitors for use in electronic equipment –

**Part 13-1: Blank detail specification –
Fixed polypropylene film dielectric metal foil d.c. capacitors –
Assessment level E**

C O R R I G E N D U M 1

Main title

Amend the title of this standard on the cover page, the title page and above the FOREWORD and the SCOPE as follows:

Fixed capacitors for use in electronic equipment – Part 13-1: Blank detail specification – Fixed polypropylene film dielectric metal foil d.c. capacitors – Assessment level E and EZ

1.3 Ratings and characteristics

Replace in Table 2, first column, “Rated capacitance” by “Nominal capacitance”.

1.6 Ordering information

Replace in item a) “rated capacitance” by “nominal capacitance”.
