

IEC 60384-20-1
(Second edition – 2008)

**Fixed capacitors for use in electronic equipment –
Part 20-1: Blank detail specification – Fixed metallized polyphenylene sulfide
film dielectric surface mount d.c. capacitors – Assessment level EZ**

CORRIGENDUM 1

Replace, on the cover page, the title page, and on pages 4 and 6 the term polyethylene by polyphenylene. The amended title reads as follows:

**Fixed capacitors for use in electronic equipment –
Part 20-1: Blank detail specification – Fixed metallized polyphenylene sulfide
film dielectric surface mount d.c. capacitors – Assessment level EZ**

February 2008
