

IEC/PAS 62722-2-1
(First edition – 2011)

Luminaire performance –
Part 2-1: Particular requirements for LED luminaires

CORRIGENDUM 1

3 Terms and definitions

3.3
temperature

Add the symbol t_q after the term defined as follows:

3.3
temperature
 t_q

Annex A – Method of measuring LED luminaire characteristics

A.1 General

In the third paragraph, third line, replace:

"...temperature t_p is not exceeded with the declared maximum ambient temperature ($t_{q\ max}$)."

by

"...temperature t_p is not exceeded when the luminaire is operating under the declared maximum ambient temperature ($t_{q\ max}$)."
