I have spoken with Rachel in Dr. Weidenbaum's office and let her know Karyna will be bringing them 2 discs of your recent MRI 80s of your back. Dr. Weidenbaum has the reports from Dr. Moskowitz already. Dr. Weidenbaum would like to review all and then hopes to give you a call tomorrow after 1pm...shall I give him your cell number to call you on directly?

Please advise if ok to give him your cell or what number to give him. A6thanks!
