Below from Gino. What room should Gino set up in? Who shall I pass the party info on to?

Hi Leslie,
I plan to get the house a VIVE (<https://www.vive.com/us/>) and will need a room and at least 1/2 day to set it up.

For the Robot Heart party, the website is:

<http://jupiterprobe.Eventbrite.com>
password: junobot

Use the following codes for registration:

Gino.7fmq
Gino.89ic
Gino.lhsd

I won't be there on Friday night, but will be there on Saturday night. I've asked James Tagg to help chaperone.
