Spoke to Jimmy Cayne..., he started out saying he was very busy...I quickly asked if he would be available for a phone conversation with you this week and he said of course, after 5pm on Thursday...I will put in your itinerary.

(fyi-I had also emailed Suzette (his assistant) this morning early and left her a voicemail mid-day, but have not heard anything...I'm not positive if she still works for him)

Jimmy's cell: [REDACTED]
