Subject: Flat rate for the Stone Masons - September 3, 2013

Greetings Mr. Epstein,

The flat rate given to Jimmy by the stone masons to provide the labor to complete the Entry=Project is \$25 per square foot.

LSJE would supply all of the materials, stone, etc. If the masons had to supply the materials, the price could be as much as \$11 or \$12 more per square foot.

Once Jimmy knows exactly how far and where the boundaries are for the stonework, he can calculate the square footage of the area, and present the quote for your review.

Respectfully,

Daphne
