I will send you an article in Nature communications on thoughts affecting DNA in an optogenic trans gene mouse implant .

In reality 99.9 % of the universe is invisible and sub empirical

The remaining is also the product of the invisible

Now going to my seminar on Corporate Well Being and Soul of Leadership

I have posed the question whether thoughts move faster than the speed of light.
therefore being invisible to conventional detectors. it is a nice symmetry if
physical things are limited to the speed of light and living things - not
