May those who love us, love us ...
and may those who don't love us, may they one day turn their hearts ...
... and if they don't turn their hearts.
may they turn their ankles so we'll know them by their limping.

A guy's getting married on Saturday. Friday night, his friends take him out, get him waylaid, bylaid, Rolaid, mislaid, up, down, up, bing, bang, *boom!*, forget it, his pecker is a mangled mess, he doesn't know what to do. He takes two popsicle sticks, puts them down there, and wraps it with adhesive tape. The next day he gets married. Here they are in their honeymoon suite, and she walks out stark naked.

She says, "Look, honey. Untouched by human hands."

He's gotta think quick.

He pulls down his pants and says, "Look! *Hah!* Not even out of the *crate*."

A guy walks into the doctor's office. He's got a carrot in one ear, a banana in the other ear, and a French fry in each nostril.

He says, "Doc, I feel terrible."

The doctor says, "You're just not eating right."

What do a puppy and a near-sighted gynecologist have in common?
They've both got a wet nose.

Al and Fred ride a camel to a football game and leave it in the parking lot. After the game, they agree that it'll be hard to find the camel with the parking lot so crowded, so they have a few beers and wait a while. Finally, they go to the parking lot, and it's empty except for the camel.

Just before they go to get on, Fred says, "Hold it, I'm gonna make sure this is ours."

He walks around behind it, lifts up the camel's tail, and says, "This ain't it. It ain't ours."

Al says, "How do you know?"

Fred says, "When we rode in, I heard the guy at the gate say, 'Look at the two assholes on that camel'."

What would you call a female psychoanalyst's vagina?
A Freudian slit.

What are the three main parts of a computer printer?
The case, the jammed paper tray and the blinking red light.

Bernie's on his death bed.

The doctor pulls his wife to the side and says, "It doesn't look good. I don't expect him to make it to morning. Try to comfort him as best you can."

She goes to him and says, "You realize I've been her over ten hours, Bernie? And it's bleak, Bernie. Really bleak. The doctor says you'll be dead very soon and cold by morning. What can I do to make it better, Bernie? What can I do to comfort you?"

Bernie says, "Sylvia, after I die, would you please marry Sol?"

She says, "Sol? But I thought you *hated* Sol."

He says, "I do."

How do you say "Rosie O'Donnell" in Chinese?
Yu Fat Cow.

A woman says to her doctor, "I have diarrhea. Can I take a bath?"
He says, "If you have enough."

"Heeeellppp!"

There's a scream from the bedroom, the husband runs in, and there's a guy jumping out of the window.

His wife says, "Whaa! That guy just fucked me twice!"

Her husband says, "Twice? Why didn't you call me in after he fucked you *once*?"

She says, "Because I thought it was *you* ... until he started for the second one."

Hudson walks into a doctor's office and says, "Doc, you gotta help me. I've got a permanent hard-on. It was fun at first, but now it throbs. It's painful. You gotta help me."

Hudson pulls down his pants and he's got a huge erection ... a midget could do chin-ups on this cock. The doctor takes two fingers, *smacks!* Hudson 's dick, a bug jumps off, and his dick goes limp.

Hudson says, "Gee, Doc, that's great. What do I owe you?"

The doctor says, "If you help me find that bug, you don't owe me nothing."

A Muslim's at The Pearly Gates and he says to St. Peter, "I want to see Allah."

St. Peter says, "Allah's busy."

The Muslim says, "I want to see Allah *now*."

St. Peter turns and yells, "Hey, Allah, when you're done with the dishes, you have company."

A lady in a bar says to the guy next to her, "I see you drink beer."

He says, "Yep."

She says, "How many a day?"

He says, "Usually about three."

She says, "And how much do you pay for a beer?"

He says, "About six bucks, including the tip."

She says, "And how long have you been drinking?"

He says, "About twenty years, I suppose."

She says, "So a beer costs six dollars and you have three beers a day, which puts your spending each month well over five hundred dollars."

He says, "I guess."

She says, "If in one year you spend six thousand dollars, in the past twenty years you've spent a hundred and twenty thousand dollars on beer."

He says, "Sounds like your math's about right."

She says, "Do you realize that if you didn't drink beer, that money could have been put in a savings account and after twenty years of compound interest you could have bought a Ferrari?"

He says, "Do you drink beer?"

She says, "No."

He says, "Where's your fucking Ferrari?"

A woman's up in the stirrups, in the throes of labor, and she's cursing and screaming at her husband.

He says, "Hey, don't blame me. I wanted to stick it in your ass but you said, 'No, that'll hurt.' "

Schneider's rich and one day he decides he wants to cross the Sahara Desert by caravan. He goes to Cairo, buys a small herd of camels, hires Arabs to ride the camels and lead him, gets the supplies they'll need, gives the camels as long a drink of water as they'll take, and they set off, headed west. Sixty miles into the journey, the camels start to drop dead one-by-one of dehydration. When he's down to his last four camels. Schneider can't believe his eyes when a caravan of the oldest and most flea-bitten camels he's ever seen come up on them and are about to pass them.

He runs over to the guy at the front of the other caravan and says, "My camels are dropping from dehydration and these old nags of yours look healthy as they can be. What's the story?"

The other guy says, "Well, before you set out to cross the Sahara, you have to give the camels a really long drink of water."

Schneider says, "I *did*, I *did*."

The other guy says, "And did you brick 'em?"

Schneider says, "*Brick 'em?* I have no idea what that means."

The other guy says, "Oh, man, to cross the Sahara, you gotta brick 'em. When you're ready to set out, you line the camels up so they'll drink one after the other. You get a brick in each hand and stand behind each camel as he's taking his drink. When you hear the *sluurrrppp!* of his drink slowing down and about to come to an end, you *smack!* the bricks together on his balls. He'll go *SLLUURRRPPP!* and suck in enough water to cross the Sahara and probably cross back."

Schneider says, "But ... but doesn't that *hurt?*"

The other guy says, "Well, hell yeah. You gotta be careful not to catch your fingers between the bricks."
