Yikes! When the Guardian goes all in like this, that is serious -- ie, its not just tabloid fodder anymore. I think its really a Prince Andrew story now. He must take his road on this and you must take yours. It won't be easy for you I know, but some how you need to change the narrative. Think of it like going to jail: a moment of pain/embarrassment that afterwards is followed by a cleansing measure of relief (ideally).
