Subject: String theory in music? A deeply, truly awesome cover of "Bohemian Rhapsody" by a physics grad student

Hi,

Please check out this:
<http://io9.com/so-this-physics-grad-student-made-a-mindblowing-bohemia-1333515132>

Please let me know what you think of this, and if/when you'd like to catch up.
I hope you are well and DLTBGTD (don't let the b*st*rds get you down).

Best,
d.

PS Great things are happening with open science, open-access publishing, citizen science, data sharing for better science, and even a more open FDA. I saw all the talks last week at this conference: bigdata.stanford.edu .
