What's this about a trip? Get your passports ready: We're l=aving town for a four-stop European tour, and kicking things off with the ethereal City of=20 Lights. Why Paris? Why not? From the Avenue des Champs-Elyees to the cream=20 filling of an éclair, Paris is synonymous with chic sophistication. An= though it's known for setting trends, it boasts an old-fashioned charm tha=s unrivaled. So what's on the agenda? Settle into a rustic loft or ar=ists' atelier and uncover a comfortable take on industrial toughness that =99s undeniably French. See the distinctly Parisian combination of hardy wood an= iron pieces with tufted pastel design confections. And then? Soak up what y=u can, because the tour continues next week with somewhere completely differe=t.

Pack up what you can fit and we'll see you at the station.
