Let's just forget that. Even thinking of it - makes me upset!
So much of wasted time. And so many times let down but few people.
Now loan is structured and it is going forward (hopefully).
I just move forward with my life.

Re FMI - I know of few cases in which it saved life - or at least gained significant life extension.
It is most useful in rare cancers (for which therapy is totally questionable), very aggressive
cancers, poorly differentiated cancers, cancers in young people.
These cancers are most likely to have funky and rare mutations.
I would NEVER accept chemotherapy for my cancer without this test,

Boris
