Jeffrey,
Boeing Gray 707 is on your color chart next to Vestal White, It appears Gray 707 is a good match next to the Starlight Silver you selected.,
Do you want wings painted Boeing Gray 707?
Paint shop is ready to spray wings on Saturday, plus Boeing Gray is in stock.,

Silver metal flake is longer lead time once you confirm stripe location.

Please confirm if you approve Boeing Gray 707 for wings?
