Thank you for articles about divorce and self-esteem.

I asked many questions, but i understand that not the ones you would like to hear. Is my impression correct of what you said that braking moral beliefs is a must to achieve sth in life?

I do appreciate all advices and your time, even if maybe you feel opposite. I learned from you what is necessary to be successful. Its very interesting what you say.

Btw Is success means happiness? Could success bring any harm sometimes or not? Is there any value above sex and money? What is value now to you? What is love? How far may sb go to achieve material success? Im sorry if my questions are not accurate again...

Describing whole business environment is a great class to me...even if i don't understand the rules and don't fit it at all... I'm sorry but I doubt i will make it after reading your last emails though. I know you would like to help but sex education is not what i want right now. If you feel disappointed i can send you money back.

Thank you for all suggestions and time,
Wish you well
X

Can you tell me why you ask questions , but only agree with the answers you already have decided. We both know the advantages of toefl. You ask for advice and then choose to ignore the answers. I loved your response to the " I give up" demonstration. But now we both know how silly we both sound .
