I found all these tables at Indonesia Teak Furniture which is the same as Bali Furnish. They all had dimensions of 300cm/9.84 feet but now he has sent me a crappy catalogue of 100cm. Have emailed that we need larger and can they custom make, how long etc. The price they give for a 300cm table is equivalent to \$870.00

A few that are on the website: (i asked for the exact catalogue/photos as each one is so unique (god knows what we are going to
