Eric,
The all gaspers were delivered to Hawthorne this morning,.

Eric can you fedex one of the air gaspers to Palm bch for Tuesday early morning delivery, fedex to my house please,. Jeffrey wants to view one, since the new gaspers match the chrome ledges JE may want to leave un-plated,.

All the shades are wrinkled and some do not extend properly and stick,.

Note :

I noticed the "fasten seat belt" and "no smoking" signs are not legible when illuminated, Appears the paint that was used to match the fabric is to thick,.
