something is not right about this...
his attached quote for work was on august 28th

2 weeks ago he proposed this as preventative maintenance then all of a sudden transmission fails..

i will be speaking with brice tomorrow at 11am to review this and all other open work

Jeffrey
the transmission and clutch on the 1984 Peter-built Dump Truck, failed while
hauling fill dirt to Larry's.
I instructed Steve via email to arrange for the truck to be towed to West Truck
Services, Moriarty to confirm estimated repair costs and overall condition of truck.
Unfortunately that message was not relayed and they went ahead and ordered a
rebuilt Transmission, cost \$4136.98, less taxes
Total cost of Transmission and Clutch repair is \$7712.72, see attached estimate
The overall condition of the truck is good, apart from the transmission and clutch.
We contacted Peter-built Trucks in ABQ, they where not interested in doing
repair, due to age of truck.
Steve sends his sincere apologizes.

How do you wish to proceed, repair?
