Jeffery – here is a new version of the email f=r your review/feedback as we discussed on yesterday's call. Ve=y open to further input on this to make it right.

As outlined, the plan now is for Bill to send this e=ail in response to Boris' note.

(response to BorisR=7; mail)

As Boris says, he and = have been discussing opportunities for him to identify, work with and mak= investments in early stage-companies doing breakthrough work in life scie=ces and technology. Boris has demonstrated a strong talent and passion for this but our business structure doesn=;t allow for Boris to direct 100% of his time in this type of role. As suc=, we have been discussing and planning for an eventual transition that wil= allow Boris to fulfill this ambition.

Over the past 6 years =ith the foundation and the last 3 of those working directly with me, Boris=has made a major contribution to our success. Now, with our programs=established and working so well Boris has decided to start the process of taking this next career step. Althou=h I am sad to see him go, he does so with my full support and confidence.<=:p>

Boris has agreed to co=tinue working with us through the end of the year to ensure a successful t=ansition on the projects he is involved in.
