The 15 or 25 gal. Bougainvillea would be a good bit less, and you would still get a nice, large plant.

"The large Bougainvillea were to come from Florida and finished out at our nursery (unloaded, sprayed, fertilized to push new growth and blooms since they defoliate in shipping). The 45-gallon Bougainvillea stumps I quoted of \$ 682.50 (\$975 - 30%) should meet or be close to that spec."
