Thank you.

I'm in Palm Springs now,, I met w=th some board members, company president, and spent time talking to Kitani= I think it went well.

I expected to get very nervous and quiet because of my public speaking issues, but it was quite the opposite. At one point, the cfo wa= tip-toeing around describing why their chief operating officer got fired.=I could tell he though the guy was stupid, but he kept trying to mask it b= explaining how there are no idiots, just people who are not fit for their=position. He then paused, looked at me and carefully asked what I thought. I said: 'Well, I believe s=me people are just idiots.' Everyone laughed and the room got much more =elaxed. They also shared a lot more information. I think I have you to=thank for the balls it took to say that.

I was surprisingly comfortable presenting solutions to the=e people. They=now refer to me as 'the subset of one' because of the unusual combination =f skills, looks etc. I thought that was funny. Now I just want to come up with a compelli=g proposal for the role I can play
