Subject: GIV update

Jeffrey,

The GIV is currently in Tulsa OK having both engines installed after 20 overhaul, should be completed end of next week. Brokers name is Garre= Burke, price is Make offer,. Enrique Iglasias wants to upgrade to a GV and is motivated to sell the GIV. The aircraft has been on the 20 market for a long time with too high asking price, previous owner before Igl=sias was Sam Zell.

Broker will contact me when aircraft returns to South Florida.

thx,
Larry
