Dear Karyna,

You should participate in those 4 courses as before, including the small group sessions in BHDII. This will assist you in preparing for the Board examinations. Your participation in the examinations is optional. I suggest that you try to take them, if you feel comfortable in doing so. What has changed is that you will not get an official grade for those courses, as that was never the intent of your study plan. Please see me to discuss if you have any additional questions.

Best wishes,

LMS

Quoting Karyna Shuliak <[REDACTED]>:

Dear Dr. Salentijn,

Thank you for spending time with my coursework. I am sorry to bother you again, may I please ask you to clarify for me, if possible, my participation in the courses, that are now removed (oral histology, radiology, pathology, BHDII small groups and tomorrow's BHD lab session) and my responsibility for the exams.

Thanks again,

I remain Karyna Shuliak.
