Hi [REDACTED]

Hope you are well!

I just wanted to forward you the link to a new fly-by animation we did for SJ. Jeffrey requested that we show 2 additional options for module placement on the island. We sent this video along with revised proposals to Jeanne Brennan a few weeks ago, but I wanted to make sure that Jeffrey is aware that they are available in the shared Dropbox folder we created for him.

Here is the youtube link:

Please let us know if he requires additional information.

Thanks,
