I have spoken to Frederic of BDV deco regarding the desk for LSJ.

<=div>

He says he has sourced an ostrich skin in the exact color of the =ittle piece of wood I sent him from the frame, from his dealer at Hermes. =owever, he will only be able to receive the ostrich skin on the 27th Augus= when they reopen after vacation.

He will work on the seats from then and should be ready to ship the de=k first week of September.
