=div>We have heard back from the AV company that came to look at the sony pr=jector.

Repair Estimates are ranging from \$1000 - 1700 b=sed on common points of failure being the power supply and mother board of t=e unit. They strongly recommend upgrading to a new projector at this time.<=div>

They are prepared to provide Quotes on 2D and a 3D p=ojector Systems from Digital Projection that were in the 25K RANG=.

My ?s are

-Do yo= want the sony repaired even if it costs up too \$1700?

=div>-Do you want to get quotes on Upgrading to a new projector system?

-2D vs 3D?

-and what price ran=e of projector are you looking at ? The 25k was based on the value of the s=ny at time of purchase.

If you want to meet or spe=k with the rep directly?
