Carlos has parts. Think he was speaking about how they get mounted in dash board. They have to work on fiberglass to make new gauges fit properly.

<div>They should be starting that today.

* Bosco had list never ordered. Will get order placed. Mostly hoses and fittings that they have locally. Will update you on Thurs as to the day we can start to take the plant down. Cement pour for pad tomorrow.

* Just spoke to Carlos. He said he has all the parts he needs for the midnight express. The 3rd engine is as always on back order. Scheduled to be delivered today. If they push, may be ready mid next week.

* White garbage truck run=ing, white dump truck ran last week. Starter/batteries failed on Friday. W=ll be repaired late today. Tom does not need it today. Bosco working on fr=nt end loaders. Both went down this morning. We need for pour . #1 priorit= right now.
