Hi Leslie,

- * I noticed that Jeffrey's mug shot is back in view (in 4th position on g=ogle images). Can you get rid of this?
- * I'm adding 4 pages to both the .org site and the epsteinscience site to=orrow so you can upload all of the content articles that I sent you.
- * Could you get his www.thejeffreypsteinfoundation.com <<http://www.thejeffreypsteinfoundation.com>=> blog site onto the 1st page?
- * I've uploaded 24 images onto Gather.com which seems to do well in googl= images. I'm tagging them all tomorrow.
- * will send you more content shortly.

Thank you for getting back to me,

my best,
