Hi Jeffrey,

I hope you are well.

I think you should immediately put your Edge.org <<http://Edge.org>> info on all the major public profile sites such as LinkedIn, Plaxo, Ziki, Net Frame etc. LinkedIn and Plaxo, like Wikiedia, come up very high on the search engines.

Let me know if I can go ahead and do this for you now-- while you are assessing whether to use Reputation or not.

I will be able to give you detailed information on Reputation's technical strategy once the NDA is signed. As well as detail on how they would tackle your Wikipedia site. Again they are the the best reviewed as to deassociation algorithm work-- not just optimization.

let me know if I can proceed with LinkedIn, Plaxo etc. I will simply use the info from The Edge.

all the best to you,
