Subject: Re:

The wall by the bench needed to have a sprinkler head moved and plants moved to accommodate the wall. That will be done today. We did not want to disrupt the border on the tile so we are building the wall from the dirt level up. Is that ok?

Mosaic light are not done as there is air ducts where the lights are supposed to go and Gary needs to do measurements to see if there is enough room. He has been focusing on getting the relax room bathroom and cabana 4 electrical completed.

Main engineering road not done yet, let me follow up with Tom on timing.

Let me check on the boulders
