Subject: STT hanger door mod

Jeffrey,
the St Thomas hanger door modification price is: \$25,600.00; The plan is to add additional manuel rolling door to match the existin= door making the opening 36 feet wide, and only a 7 foot stationary fix=d door will remain on the east end of hanger, if we purchase a Bell=430 in the future, which would be the largest blade width at 31 feet,=this would fit fine in hanger, and Bell 407 blade fits also, since they are smal=er diameter.
is this approved?
thank you,
Larry

Gary, is there shipping cost involved or included? is material coming =rom Puerto Rico as we discussed?
thx, Larry
