Hello again Terje,

I have now received an answer from the owner. He says, that the 7th (which is a Sunday) is okay for a visit. However, since the castle is open to the public also on a Sunday - and also that Sunday in particular - he would suggest two days later as preferable for a visit, as Tuesday is the only day when the castle is closed to the (general) public. That would mean Tuesday, 9th of August.

If however the interested Client can only come on the Sunday, 7th August, that is of course fine with the owner. Here arriving early, say between 9 a.m. and 10.00 a.m., would be advisable if one wants to avoid other visitors. Or later in the afternoon say at 5 p.m.

In any case, i.e. either of those dates, there would be a representative of the owner present. This would be the Manager of the Castle. I myself am obviously also available on either of those dates and would be present as the broker involved who is offering the castle.

Hope to see you on that occasion!

All the best,

Patrick Kyd-Rebenburg

Hi, tried to call you. The Client is interested in seeing the property outside Trieste. tentatively on 7 August. Is this a convenient time for you and the owner, or his representative?

Warmest regards to you all!
