We should buy \$1MM of a note linked t= Morgan Stanley. The note pays the greater of 12% or the upside of the stock capped at 30% so long that the stock does not trade down 25% from here. We=will trade this tomorrow. 1 yr maturity. Taxed at long term capital gains.<=:p>

I can walk you through this trade=when you have time. I recommend \$1MM.

Paul
