Hi Jeffrey. I've been speaking with Gary weekly, and I understand you are back in the US now.

Is there any feedback on the Living Room plans we sent early last month?

Also, I would appreciate an update on our invoices. I sent them to Rich a few times, with no reply. (Gary told me he signed off on them.) Some of them are quite old – including the reimbursable expenses from the trip you requested Tom take to the Island to meet with you in January. They also include work completed on the flagpole pool building.

Thanks,
Warwick

Just checking in. I've been speaking with Gary. I understand you are out of the country. Please let me know when you want to dig back into the living room and terraces.

Thanks,
Warwick

Jeffrey.

I am just checking in again to see if you had any comments on the living room location, so we can move that area forward. You had asked for sketches with some minor adjustments to play around with. Attached are the images I sent you last week.

- * Raise the floor level 3'.
- * Shift the living room east.
- * Center the living room on the pool/move the stair.

I also attached a quick study for a stair down to the living room, north of the office. A "circular" stair does not work there, but this version might.

Thanks,
Warwick

Ok – we will hold off on the paving. What about comments on the living room location? I attached the three options I sent early last week, with the living room in different locations relative to the main residence and pool. Do you still want to consider moving the stair to just north of the office? With the living room floor height raised 3', we need to adjust the terraces. We also need to add the boulder wall, and of course address the connection to the library, but I was hoping to hear back on the living room location.,, Thanks, Warwick

No drains no cuts . Unfortunately not anything but a two click sketch . Please stop

Sorry for all the typos .Sent from my iPhone

Jeffrey,

Did you have any comments on the paving images (attached again), so we can put them together as a sketch for review?
