Subject: Ion and 5th floor

Ion is here, I have given him the fish, he would like to speak to you regarding the drawing for the nursery floor. He would like to discuss replicating the exact sketch you did. He would also like to speak to you about the size of the fish.

I would like you to look at 5th floor. Maybe with Ion. We may have to get Michael back. I think it may be because while it is the same color as the walls. It is a different kind of paint that you put on doors, more glossy.

I am going to the school now.
