Jeffrey,

I received directions from Scott to buy Sonos equipment directly from the side. Scott told me he needed this equipment by Sunday. The company could not deliver before Monday to NY, They won't ship directly to USVI. I went to the web site to get a quote. The total was \$2250 plus tax and shipping totaling approximately \$2500. I decided to call AV Salon, the company you met yesterday. I negotiated the price from the original quote of \$ 3,004.95 to \$2250 included tax and shipping. In addition equipment will be delivered to us today by 3PM.

Thank you,

Bella
