TED ends Thursday afternoon. Thus, I just confirmed with Philip Rosedale to meet us on Friday.

I am awaiting more details. I would like that we visit Second Life and Love Machine offices followed by demo and discussion with Philip.

Please plan other stuff as well (NA etc).

Let me know if there is anything else you would like to do there.

I used to know many people there but it might take me some digging.

Where are you planning to stay in SF?

If you are staying at the hotel, can your assistant book my room at the same hotel as well.

B
