Just spoke to this guy who was recommended to me by a member in real estate Joe Sitt ... Seems like we have nothing to lose. He organizes short sale and only gets paid if it closes and he takes his money out of the proceeds of the sale. He negotiates with bank and actually buys apt himself and I told him I am trying to sell as well as a few friends and he said no worries if I succeed ... He won't expect anything ... So why not right ? Do u want to call him to check out or should I just go for it and parallel develop all options including his one and not waste ur time with him... Xo
