To JEE,

As discussed, attached breakdown of =xpenditure & photos of areas for possible development.
Purpose of :

Wash Pad - is to eliminate the problem of mud & oil =esidue getting into the septic system at Ranch Central, hence this area would =e used to pre wash all Ranch vehicles & equipment. As of date we are =sing the mechanical workshops as our wash bay.

Pole Barn - will give us the ability to service our larger =achinery & equipoment, in an enclosed environment year round.

For you review
