Subject: Little C props

Greetings Sir, Ive researched props for Little C, We run 3 blade 17 pitch props right now on her. It has been suggested that we go to 4 bladed 15 pitch. this should create some stern lift and more push. We can get a pair of stainless steel Michigan Steel props for 425\$ each. These props are in Ft Lauderdale would it be ok for Ianusz to pick them up if you want them. Please advice thankyou respectfully.
