Jeffrey

Seating option for boat,.

Do you like this layout, it will be removable for cargo runs as well, This was provided by New fiberglass shop in FLL,.
<div id="AppleMailSignature">Let me know if you like, I will get pricing.</div>

Subject: 41 Nautica Architectural Drawings Of Additional Deck Seating For Owners Approval

Dear Larry,<=o:p>

Please view and advise if this is what the boss has in mind.

Remember we can include cup holders, bible holders or any other type of holder you can think of</=pan>

Pending is additional work in the design method of firmly securing bench seating with option of removal for accommodating cargo on the aft deck.

Please note the addition of safety stainless steel hand rails on aft areas of seats and safety / mooring fender rails as per your request on port and starboard sides.

May I suggest life jacket storage compartments below seats.

Warmest regards.

Richard.
