BlackJet: Private Jet Seat Booking and Charter Flights

BlackJet offers private jet seat booking and the most affordable private jet charter solution. BlackJet technology provides confirmed seats on private jets in seconds. BlackJet private jet seat service is the perfect complement to fractional jet ownership programs and private jet charter. BlackJet is not an owner or operator of aircraft. Flights are provided by professional aircraft operators who are authorized by the FAA and DOT to provide on demand air charter service for hire. BlackJet handles the booking, concierge, logistics and membership services related to the private jet seat service and private jet charter offerings.
