Dear Mr. Epstein,

From my home on the water's edge of Cabrita, just outside of Red Hook, I am frequently confronted with the loud throbbing sound of the engines on our car barge. It is by far the loudest boat to enter and leave Red Hook and frankly quite irritating. I am writing to ask that you find a way to muffle or reduce the noise from your barge. In contrast, I cannot even hear the engine noise from the car barges running to St. John. Thank you for your attention to this matter.

Yours truly,

Richard Woerner
