Good Morning:

Landscape Sumary for last Week
(May 2nd - May 5th)

- removed seagrape from northeastern coast.
- finished prepping Master bedroom for walls, dirt, and ultimately plants.
- cleaned up Entrybasked, replanted bouganvilla.
- continued clearing out nursery, staging areas to be planted.
- Filled Planters in Main Compound
- Began Filling rock terrace on the western side of library
- Began prepping Library planters to be filled.

As for the question of the wild grass seed mixed with the hydroseed.

=Yes! We do mix the wild seed for certain areas. We could use some new seed, since the germination rates hasn't been great, on the several bags of seed that Was here when I came.

Today Manday May 9th,

I will finish making different color stakes to mark the proposed location of coconuts and Bottel Palms. Gary Kearny and I will place them where you told us you wanted trees, and then we will send photos for your approval.

Thank You,
Igala
