You won't believe it - but the waiter came and asked if we wanted him to take a photo of us. And it was josh who said yes (not even me).

Very sweet, he has a lot of crazy stories to tell. He walked me home and I behaved! (No kissing etc). I told him I had had only 4 boyfriends and that I am very old-fashioned.

Will tell the rest tmw. I like him. But Andrew is the first choice.

Ps he will let you know when the tall girl turns 18. He loved the "we are together for each other" story :))
