Gary,
Lights on ten palm trees on West side of master=bedroom are already complete. We won't be adding any lights to the beach a=ea until the west end pool electrical feed is complete. After tha= we will move the transformers off the grass area to just below the road t= feed the palm tree lighting on the beach. I am waiting on a pri=e for the belts for the Date Palms in the courtyard, and then I can comple=e the lighting there.
