Subject: Polo Shirts

They didn't have the turquoise in long sleeves at the polo store.

They said it is only available on line.

I shipped it to my address as it was faster than for them to order it for me or for it to be shipped straight to island.

I got you a turquoise with the same sleeves as the orange in the interim.

I will check if anyone is coming to you and can bring it (will wrap in case it shouldn't be seen by someone)
